

Town Report 2005

2005
Elected Officials

Board of Selectmen

Joseph Denneen, Chairman
William Ryan
Catherine Winston
Albert DeNapoli
Michael Carron

School Committee

Nancy B. Gallivan, Chairman
Jean L. Hogan
Edward Thomas
Ellen Hanley Nadeau
Michael J. Ryan
Bruce H. Norwell
John P. Desmond

Library Trustees

Paul Cesary, Chairman
George J. Rowan
Susan Weiler
Patricia L. Kelly
Maureen Martin Smith

Sewer and Water Commissioners

Steven M. Davis
Sharon Wason
Patrick J. Fasanello
Stephen H. Smith
Roger F. Turner, Jr.

Moderator

Jon W. Rockwood, Sr.

Planning Board

Edward C. Forsberg, Chairman
John Conroy
Nancy Mackenzie
James R. Lee
Elizabeth R. Nashawaty

Housing Authority

James F. Delaney, Chairman
Barbara H. Lorusso

Daryl E. Smith
Kevin P. Feeley, Jr.
Joseph F. Doyle, Jr.

State

Governor Mitt Romney
Senator James Timilty
Representatives: John Rogers, Scott
Brown, Robert Coughlin and Louis
Kafka

Board of Assessors

Clement Boragine, Chairman
John R. Fisher
Edward F. O'Neil

County

Peter Collins, County Commission,
Chair John Gillis, County Commissioner
Francis W. O'Brien, County
Commissioner
Joseph Connolly, County Treasurer

Special Thanks to:

Christine Cochrane for allowing some of the pictures she has taken to be used in this year's report.

Town of Walpole

www.walpole-ma.gov

- Settled in 1659
- Incorporated in 1724
- Population of 23,225
- Registered Voters numbering 15,488
- Area is approximately 20.09 square miles
- Elevation 200 feet above sea level
- Located 19 miles south of Boston, 26 miles north of Providence; on Routes 1, 1A, 27, 109 and I-95 in Norfolk County
- Number of Taxable Parcels is 8,858
- Total Real Estate and Personal Valuation is \$3,660,508,290 – Exempts \$298,712,700
- Tax Rate for FY 2006 was
 - Residential \$10.94
 - Commercial/Industrial/Personal Property \$14.15
- Sewer and Water: Municipally Owned
- Situated in Norfolk County
- Transportation: MBTA Bus and Train Service to Boston
- Parks include: Adams Farm, Memorial Park, Francis William Bird Park and the Town Forest
- The School District includes
 - Boyden Elementary
 - Elm Street Elementary
 - Fisher Elementary
 - Old Post Road Elementary
 - Bird Middle
 - Johnson Middle
 - Walpole High School
- Government is Representative Town Meeting with 150 Members and a 5 Person Board of Selectmen and Town Administrator
- Public Safety: Police, Permanent and Call Fire Dept with 3 stations, Ambulance Operated from Main Fire Station to Caritas Norwood Hospital, for Emergencies call 911
- US Senators:
 - Edward M. Kennedy
 - John Kerry
- US Representative in Congress: Stephen Lynch

WALPOLE BOARD OF SELECTMEN

(c/o Town Hall 660-7277, 660-7276)

Fax 668-2240

Joseph Denneen, Chairman (2007) William P. Ryan, Vice Chairman (2006) Catherine Winston, Clerk (2006), Michael F. Caron (2008), Al DeNapoli (2007), Cindy Berube, Administrative Secretary - Clare Abril, Licensing Secretary.

The Board welcomed back Michael Caron to fill his second third year term.

The Board of Selectmen is the licensing authority for Restaurants, Package Stores, Amusements, Class I, II and III licenses and others. Following is the list of current licenses issued by this Board.

	<u>Number Issued</u>		<u>Number Issued</u>
All Alcoholic Restaurant	19	Class I, New Cars	4
All Alcoholic Pkg Store	5	Class II, Used Cars	13
Wine & Malt Restaurant	4	Class III, Parts & Salvage	4
Wine & Malt Pkg Store	5	Junk Collector	4
Common Victuallers Restaurant	56	Junk Dealers	12
All Alcoholic-Club	4	Lodging House	3
		Parking Lot	5

Over the course of 2005, the Board met with the Fire Department, Police Department, Library, Friends of the Council on Aging and Recreation Committee to hear their needs for improved facilities and playing fields. An article on the Spring Town Meeting for the design and project management of a new police station was approved and the contract for the design was awarded and is ongoing.

In early December the Board was notified of \$400,000 in federal funds won by Congressman Stephen Lynch that will be used to improve the fields in Walpole. The Library Trustees informed the Board they are working on obtaining funding through a grant that would help with the costs of constructing a new library and the Friends of the Council on Aging continue with their fundraising efforts to construct a new Senior Facility at no cost to the Taxpayers.

In April 2005 the Board approved the naming of the preschool at the Elm Street School the "Daniel R. Feeney Preschool at Elm Street" in honor of his numerous contributions and dedication for quality education in Walpole. On October 2, 2005, a ceremony was held and the Pre-school was officially dedicated in his honor.

The Board of Selectmen wishes to thank the many citizens who volunteer their time to serve on the various Boards, Committees and Commissions that are vital to the function of our local government. The Board will continue to solicit citizens to become involved and to volunteer their time, and skills to the Town. We thank all employees for their dedication and professional service to the residents of Walpole.

The Board would like to thank all of you for the opportunity to serve the Town and will continue to focus on all issues brought before us and welcome your input.

TOWN ADMINISTRATOR

Dear Walpole Resident,

It is my pleasure to present the annual report of the Town Administrator. The past twelve months were very active and productive, and also had their share of memorable moments. As a resident, you can be proud of the performance of your Town government in 2005, as all departments have again demonstrated solid results and outstanding customer service. Our business is serving our residents and commercial partners, and we have made it our priority to deliver that service with the highest degree of quality possible. Yet once again, however, it is becoming more and more challenging to continue delivering the types of services demanded by our community in the face of tight

revenues and expanding costs. As we move into 2006, we will call on all to work with us as we work through these challenges once again.

Looking back into 2005, we continued the positive trend of addressing capital needs through the use of one-time revenues. Major enhancements to air quality at the Johnson Middle School were funded and commenced, as were repairs to the Library elevator, the Bird Middle School link, and drainage improvements at the Old Post Road School. We continued with our fleet management program, continued with Phase II of our fire alarm conversion project, made needed repairs to turf and driveways in our cemeteries, funded upgrades to the computer network at Fisher School and the Town-wide network, and made many repairs to our streets and roads, including Common Street, Allen Street, Old Post Road, and South Street - all through the capital budget process. Also in 2005, Town Meeting voted to take final action on a long-standing issue with the replacement of the bleachers at Walpole High. Finally, as design work progressed on the East Walpole PWED project, \$500,000 in state grant money was utilized to make many fire facility and equipment repairs and improvements in East Walpole. A new roof, HVAC system, boiler, and generator were installed at the East Walpole Fire Station to supplement the outstanding inside carpentry and exterior grounds work performed by Public Works personnel at the station. As a result of that effort, Station 2 opened to full-time staffing on September 1st.

A tip of the cap also goes out to Dave Conley and his Building Maintenance crews for their quick response to the aftermath of a fire at Town Hall in March of last year. An arsonist caused over \$30,000 in damage to the building, primarily within the Town Accountant's office. Dave and his staff completed the cleanup and repairs in an amazing fashion and helped return operations to normal sooner than expected. A thank you also is in order for the Accountant, her staff, and all the Town Hall employees who worked through the shock and disruption with the utmost in professionalism.

2005 marked the first full-year of Walpole's full-time Economic Development initiative. Under the direction of our Economic Development & Grants Officer, we made great strides in developing a partnership with not only prospective businesses, but with the business community in Walpole today. Some of the accomplishments included a relocation of the Tufts Veterinary Hospital to a new site on South Street, and as the year closed word was received that a yet-to-be-named German company settled on Walpole for its first United States manufacturing center. As 2006 commences, the primary focus will continue to be the future reuse and redevelopment of the former Bird Machine facility in South Walpole.

The new 200-space MBTA parking lot on Elm Street was completed and opened in June of 2005. The County of Norfolk contributed to a successful year with an engineering review of the Short, Polley and Washington Street intersection. Improvements to the intersection were made as a result of that review in early summer. The County also conducted a four-town analysis of traffic flow on Route 1 from Westwood to Sharon. Several miles of Route 1 in Walpole were included in the study, and by year's end, requests were filed with the state to adjust timing of signals at all intersections to improve traffic patterns. Finally, with the assistance of Norfolk County Sheriff Michael Bellotti, Walpole was able to participate in a community corrections program in the summer of '05 that resulted in significant improvements to roadway cleanliness throughout town.

Our financial picture in 2005 remained solid, yet fears continue to mount over virtually stagnant revenue increases from the Commonwealth. Fiscal Year 2005 budgets closed out in the black despite a nearly half-million dollar deficit in the snow and ice account. In an effort to close the funding gap caused by the snowy winter, we turned to both the overlay and stabilization accounts. After addressing the deficit there, the budgets closed out in July, and by fall we were certified with slightly more than \$2.6 million in free cash. This amount dropped from the previous year as our budgeting has become leaner to prepare for expenses that are outpacing revenues. This phenomenon is not unique to Walpole, and given several consecutive years of double digit increases in health insurance among others, it is not a surprise that annual increases allowed under Prop. 2 ½ are no longer covering cost increases each year. However, we also recognize the problems inherent with an over-reliance on strictly property tax revenue, and we as a community continue to work with our state legislators to recover lost state funding now over the past three years.

The budget issues are not the only priorities for our community as we begin the new year. Several facility needs remain, with the top priority being that of finding a new home for our Police Department. At this time, a feasibility study into a new facility is in its final stages, and some action on design and construction funding is expected in 2006. Further, roof repairs and HVAC needs at Town Hall will top an active Capital Budget process in '06. As stated in prior years, a solid preventative maintenance program in our facilities is essential to avoid much greater costs and disruptions in the future.

As always, I conclude by thanking several folks who help to make operations run so smoothly. I thank Cindy Berube, Clare Abril, Debbie McElhinney, Sue Abate and Val Donohue for all they do for me and our offices every day. The efforts of our Assistant Town Administrator Jim Johnson are top-notch and most worthy of a "well-done" for another great year. Again in 2005, the Board of Selectmen weathered many difficult issues and provided this office and all Town departments with solid and dedicated leadership. And once again, I especially thank you, our residents and businesses for your participation, partnership, and yes, at times patience. Together we will all accomplish great things in Walpole, and I continue to be proud to be a part of this fantastic Town.

Respectfully Submitted,
Michael E. Boynton,
Town Administrator

TOWN CLERK

(508-660-7296)

Ronald A. Fucile, Town Clerk

Patricia MacConnell, Assistant Town Clerk-Elizabeth Gaffey, Customer Service Rep.

The Town Clerk and its office are focal points for citizens seeking information and assistance on all aspects of town government. The Town Clerk, supported by staff, is the chief election officer, recording officer, registrar of vital records and statistics, public's records officer and licensing officer. The Massachusetts General Laws and our Charter and By-laws direct the office effort. Through the census we touch all residents. The Town Meeting is an important part of the Clerk's function. We record all aspects of Town Meeting including gaining approvals at the State level.

BOARD OF REGISTRARS

Sara Olson (R) - Chair, Thomas Bowen (R) , Linda Garr (D), Ronald Fucile (D)

The Board is composed of two members of each of the major parties. They support the certification on nomination papers and initiative petitions, run, if required recall and recount elections.

ARTICLE 3. On Motion by the Finance Committee; It was Moved and Seconded:

That \$55,000 is appropriated for the cost of engineering and/or architectural services in connection with the study, design and/or project management of a new police facility or police and fire facility, including a feasibility study to examine alternative building designs and costs; that to meet this appropriation the Treasurer, with the approval of the Board of Selectmen is authorized to borrow \$55,000 under G.L. c.44, sec.7(21) or any other enabling authority; and that the Board of Selectmen is authorized to take any other action necessary to carry out the project.

2/3 Vote Required

On Standing Vote:

Motion Was: So Voted: 110 – Yes, 3 - No

**SPECIAL TOWN MEETING, MAY 2, 2005
TOWN OF WALPOLE
COMMONWEALTH OF MASSACHUSETTS**

NOTICE OF DISSOLUTION

Date: May 2, 2005

There being no further business to come before this Special Town Meeting:

It was Moved by Ralph Knobel and Seconded by Joseph Denneen,

That this meeting be dissolved.

Motion Was: So Voted

Moderator Jon W. Rockwood so declared at 8:45 p.m. on May 2, 2005.

Ronald A. Fucile, Town Clerk, A True Copy Attest

SPRING ANNUAL TOWN MEETING OF MAY 2, 2005 TOWN OF WALPOLE THE COMMONWEALTH OF MASSACHUSETTS

Date: May 2, 2005

Pursuant to the foregoing adjournment of The Special Town Meeting, The Spring Annual Town Meeting reconvened and was called to order by Moderator Jon W. Rockwood at 8:46 p.m. All rules and regulations concerning the call of an adjourned Annual Town Meeting were fulfilled and a quorum was present.

ARTICLE 2. On Motion by the Finance Committee; It was Moved and Seconded:

That the Town approve the amendments to the Personnel By-laws as found on file in the Office of the Town Clerk.

The following are proposed changes to the Personnel By-laws. Changes are those words in bold print or strikethroughs

ARTICLE 9 - INCREASES:

*Progression through the rate ranges is NOT automatic and shall be on the basis of step increases of merit on recommendation of the Department Head and the Personnel Board. If employees ~~who~~ leave the service of the Town after ~~the~~ first day of the year and an increase in pay is **approved** at the Annual Town Meeting, these employees will be paid such increases **for** the time worked during the year.*

~~NEW HIRES: Employees who start work between January 1 and June 30 of any given year will be eligible for a merit or step increase on July 1st of the following calendar year.~~

NEW HIRES:

Employees hired on or after January 1, 2005 - At the end of the one-year probationary period, the department head will complete a performance evaluation to determine the status of probationary to permanent. If the employee is recommended for permanent status, then he/she will advance a step if a rating of 75 or better is received. Thereafter, eligibility for step increases will be on the anniversary date. (Revised 1/05)

ARTICLE 27 - LONGEVITY PAY:

*Effective **July 1, 2005**, the following longevity policy shall be in effect:*

after five (5) years service	-	\$250.00	\$350.00
after ten (10) years service	-	\$350.00	\$450.00
after fifteen (15) years service	-	\$450.00	\$550.00
after twenty (20) years service	-	\$550.00	\$650.00

ARTICLE 33 - MATERNITY/ADOPTION LEAVE:

FAMILY, MEDICAL AND SMALL NECESSITIES LEAVE:

*The Town is subject to the provisions of the Family and Medical Leave Act of 1993 (FMLA) and **Small Necessities Leave Act of 1998 (SNLA)**. The FMLA and the SNLA shall not increase or decrease the length of leave available to eligible employees under the leave provisions set forth under these by-laws. When an employee is eligible for leave under the Personnel By-Laws for a reason which would entitle the employee to leave under the FMLA or SNLA, such leave will also be considered FMLA and SNLA leave entitlement. FMLA and SNLA leave is not cumulative and is not in addition to leaves currently available to the extent such leaves are for reasons covered by the FMLA and SNLA. (Policy on file) (Revised 1/05)*

ARTICLE 35 - SEXUAL HARASSMENT:

The Town of Walpole is committed to the provision of a safe and non-discriminatory work place for all of its employees. Pursuant to this commitment the Board of Selectmen and the Personnel Board endorse and adopt the following policy and its adjunct procedures to educate employees, to comply with statutory mandates, to address real and potential incidents and to strive to secure a harassment-free work environment.

I. It is illegal and against the policies of the Town of Walpole for any employee or Town Official, male or female, to sexually harass another employee by:

- 1. Making unwelcome sexual advances or requests for sexual favors or other verbal or physical conduct of a sexual nature, a condition of the employee's continuing employment, or*
- 2. Making submission to or rejection of such conduct the basis for employment decisions affecting the employee, or*
- 3. Creating and intimidating, hostile or offensive working environment by such conduct.*

Examples of conduct which may constitute sexual harassment includes but not limited to:

- a. using one's position or authority, either implicitly or explicitly, to coerce an employee into complying with sexual favor;*
- b. unwanted touching, fondling, patting, hugging, pinching, kissing, cornering or brushing;*
- c. questions and compliments about a person's sexual behavior, sexually oriented jokes, or comments about a person's body or conversations filled with sexual innuendo and double meanings, and*
- d. displaying sexually suggestive pictures or objects in the work place, leering or ogling in a sexually explicit manner, or gesturing and making lewd motions with one's body.*
- e. Viewing sexually explicit websites, sending sexually explicit emails or voicemails to or from the work place.**

*II. Any employee who believes he or she has been the subject of sexual harassment should report the alleged act(s) and/or behavior to his or her department head and/or **Town Administrator, Assistant Town Administrator or Personnel and Benefits Coordinator** at Walpole Town Hall, 135 School Street, Walpole, MA 02081, (508) 660-7289. Complaints should be made within a **timely manner**. Complaints may also be made through contacting either of the two government agencies below:*

*Massachusetts Commission Against Discrimination
One Ashburton Place, Room 601
Boston, MA 02108 (617) 994-6000
Web site: www.mass.gov/mcad/hours.html*

Equal Employment Opportunity Commission
John F. Kennedy Federal Building
475 Government Center
Boston, MA 02203 (800) 669-4000 or (617) 565-3200
Web site: www.eeoc.gov/boston/index.html

An investigation of all complaints will be undertaken immediately and in compliance with the Sexual Harassment Complaint Procedure. Any supervisor, agent or other employee who has been found by the administration after appropriate investigation to have sexually harassed another employee will be subject to appropriate sanctions, which range, depending upon the circumstances, from remedial training up to and including termination.

Any retaliation for filing a complaint or cooperating in an investigation is unlawful and is prohibited by the Town. Retaliatory action shall be regarded as a separate and distinct cause for complaint under the Sexual Harassment Complaint Procedure, and as a basis for disciplinary action against the offending employee should investigation validate said complaint.

*III. The complaint procedure shall be implemented in instances of the alleged sexual harassment of employees by non-employees and on non-employees by employees occurring in the work place and within the jurisdiction of the complaint procedure of the Town of Walpole. Alleged occurrences which are not within the jurisdiction of the complaint procedure will be referred to an enforcement agency, if applicable. **If there is no available enforcement agency**, Administration will take reasonable steps to prevent such conduct.*

The Board of Selectmen and the Personnel Board affirm their responsibility to provide a work environment free of sexual harassment and recognize that such an environment is the result of continued responsible action and behavior by all employees. Any employee is encouraged to raise questions regarding sexual harassment or other barriers to equal employment opportunity with the Assistant Town Administrator.

Submitted for approval as part of the Town of Walpole Personnel By-Law and Adopted by Board of Selectmen and Personnel Board. (Revised 1/05)

Sexual Harassment Complaint Procedure is on file in the Town Clerk's Office, Personnel and Town Administration.

Majority Vote Required

Motion Was: So Voted

ARTICLE 3. On Motion by the Finance Committee; It was Moved and Seconded:

That the Town approve the new salary schedule as recommended by the Personnel Board as found on file in the Office of the Town Clerk.

Moderator Jon W. Rockwood so declared at 10:25 p.m.

Ronald A. Fucile, Town Clerk

**SPRING ANNUAL TOWN MEETING OF MAY 2, 2005
TOWN OF WALPOLE
THE COMMONWEALTH OF MASSACHUSETTS**

Date: May 11, 2005

Pursuant to the foregoing adjournment of May 9, 2005, The Spring Annual Town Meeting was called to order by **Moderator Jon W. Rockwood at 7:43 p.m.** All rules and regulations concerning the call of an adjourned Annual Town Meeting were fulfilled and a quorum was present.

The Assembly pledged allegiance to the Flag.

Town Counsel: Joyce Frank of Kopelman & Paige, P.C.

Tellers: John O'Leary, Patrick Grant and Mary Campbell

Miscellaneous Information:

Nancy Gallivan of the School Committee organized a group to attend a rally at the State House in Boston to lobby their State Senators to increase Chapter 70 funding for fiscal year 2006 as well as to lobby House leadership to do the same. Attending were: Nancy Gallivan, Cheryl Caron, Ellen Nadeau, Nancy O'Neil, Michelle Markatos, Mary Jane Brady and Madeline Doherty. The group also met with Representative Richard Ross, who was very supportive of the need to increase Chapter 70 funds.

ARTICLE 28: On Motion by the Finance Committee; It was Moved and Seconded:

That the Town amend Article II Legal Affairs, Section 4 of the Town of Walpole By-laws by adding the following language to the second sentence of said section and deleting the word "try" and substituting the word "prosecute" and deleting the word "Also" and deleting the word "required" and substituting "requested" as follows:

When requested by said boards or any committee of the Town, after such committee has received written authorization to submit an inquiry to Town Counsel from the Board of Selectmen or it's authorized agent unless the need to request such inquiry is deemed an emergency by such board of committee or there is a conflict preventing the Board of Selectmen from being impartial, counsel shall furnish to such board of committee and the Board of Selectmen a written opinion on any legal question that may be submitted in writing to counsel, and counsel shall at all times furnish legal advice to any officer of the Town who may require Counsel's opinion on any subject concerning the duties incumbent on such an officer by virtue of this office. Counsel shall, when required by Town officers, prosecute any suits ordered to be brought by the Town, and shall appear at any court in the Commonwealth in defense of any action or suits brought against the Town or its officers, in their official capacity. Counsel shall also, whenever counsel's services may be required, prosecute and argue any and all cases whether in law or equity, to which the Town shall be party before any tribunal in the Commonwealth or before any board or referees or commissioners, and appear at any and all hearings in behalf of the Town.

Motion Was: Defeated

ARTICLE 34: To see if the Town will vote to amend Article X Health By-laws, Section 3 by removing it in its entirety and reserving Article X Section 3 for future legislation as follows:

Deleted. Reserved for future legislation.

Section 3. ~~Nuisance By law~~

A. ~~Authority and Purpose~~

~~In accordance with the general powers derived by Article 89 of the Amendments to the Massachusetts Constitution, this By law is adopted for the removal and prevention of nuisances within the Town of Walpole.~~

B. ~~Definitions~~

~~Nuisance—Any substantial interference with the common interest of the general public in the maintenance of safe and sanitary property and neighborhoods having a reasonable relation to the public health. Specific conditions which characterize a nuisance shall include, but not be limited to, a gross accumulation of junk, debris or garbage over a prolonged or extended period of time; the creation and maintenance of unnatural areas conducive to the breeding of mosquitoes, inasmuch as such areas are not considered to be retention or detention basins designed to mitigate stormwater runoff or public ways; and the deliberate or unintentional creation and nuisance of areas conducive to the harborage and breeding of rodents and other feral animals.~~

~~Interested Parties—The owner, abutters, owners of land directly opposite on any public or private street or way, and abutters to the abutters within three hundred feet (300') of the owner's property line as they appear on the most recent Town tax list, notwithstanding that the land of any such abutter or owner is located in another city or Town.~~

~~Owner—The person with record title to the property upon which a nuisance is alleged or determined to be present, or an authorized agent or representative of such person.~~

~~Petition—A written document prepared by the Health Agent to the Board of Selectmen and Board of Health stating the address of the alleged nuisance, owner of the subject property, a brief description of the facts of the complaint, and a list of proposed remedial actions to alleviate said nuisance.~~

C. ~~Administration~~

~~1. Remedial Order—Upon written complaint or upon the Board of Health's own initiative, and within a reasonable amount of time, the Health Agent shall inspect and investigate any condition upon property within the Town of Walpole which may constitute a nuisance. If, in the opinion of the Health Agent, the condition does constitute a nuisance, the agent shall make a written report to the Board of Selectmen and the Board of Health of such condition, together with a petition for remedial action and shall file a copy of the petition for remedial action with the Town Clerk.~~

~~Upon receipt of such petition and report, the Board of Health shall set a date for a hearing before said Board, not more than 30 days after the date of filing of the petition with the Town Clerk. Notice of said hearing shall be posted, published and sent to interested parties not less than 14 days before the date of said hearing. Notice of the hearing shall state the subject matter sufficient for proper identification and the date, time and place of the hearing.~~

~~Within fifteen (15) days after the hearing, the Board of Health shall determine whether or not the condition constitutes a nuisance, and shall determine what action shall be taken by the owner to remedy the nuisance. The Board of Health shall issue a Remedial Order to the owner to abate such nuisance within 24 hours after service of such order, or within such other time as it considers reasonable.~~

~~2. Penalties—An owner shall forfeit twenty five dollars (\$25.00) for every day during which he/she willfully violates such a Remedial Order, unless state law requires a different amount.~~

- ~~3. Service of Remedial Order The Town Clerk shall deliver a copy of the Remedial Order to an officer qualified to serve civil process, who shall forthwith serve an attested copy thereof to the owner. Such a Remedial Order shall be in writing, and shall be served on the owner in the manner specified by M. G. L. Chapter 111, Section 124.~~
- ~~4. Appeal to Superior Court A person aggrieved by such an order may appeal to Superior Court in accordance with applicable provisions, if any, of the Massachusetts General Laws.~~

~~D Reservation of Rights by Board of Selectmen and other Municipal Boards and Officials:~~

~~The provisions contained within this By-law are intended to complement the powers, duties and responsibilities of the Board of Selectmen as they relate to common nuisances caused by burnt, dilapidated or dangerous buildings or structures as provided in M.G.L. Chapter 139, Sections 1-3B; the powers, duties and responsibilities of the Board of Health as they relate to any nuisance, source of filth or cause of sickness under M.G.L. c. 111, Sections 123-125 or to dwellings unfit for human habitation under M.G.L. Chapter 111, Sections 127A-127C; the power, duties and responsibilities of the local inspector as they relate to dangerous structures under M.G.L. Chapter 143, Sections 6-11; and other municipal powers, duties and responsibilities as set forth in the~~

~~Massachusetts General Laws, and said provisions shall not be construed to supersede or otherwise abrogate such powers, duties and responsibilities.~~

~~Or take any other action in relation thereto. (Petition of the By-Law Study Committee)~~

ARTICLE 56: On Motion by the Finance Committee; It was Moved and Seconded:

That the Town amend Article XV Fire Department Regulations, Town of Walpole By-Laws, by adding a new section 5 entitled “Class II and III Second Hand Motor Vehicle Licenses Holder Regulations” which reads as follows:

Section 5. Class II and III Second Hand Motor Vehicle Licenses Holder Regulations.

- a) Prior to license issuance or renewal the fire department will conduct a fire and safety inspection. Any violations that are noted must be corrected prior to the renewal or issuance of the license.
- b) No storage of flammable or combustible liquids in quantities greater than five (5) gallons will be allowed without a permit from the fire department. Applications are available at Fire Headquarters.
- c) No storage of flammable or combustible gases in quantities greater than forty (40) cubic feet will be allowed without a permit from the fire department. Applications are available at Fire Headquarters.
- d) All rubbish and debris will be kept in an approved steel rubbish container with a cover. The cover will remain closed at all times.
- e) Used batteries shall be stored in liquid tight containers.
- f) Storage of tires, new and used, shall be limited to an area of no more than 500 cubic feet. All tires shall be stacked or piled tightly to reduce flow of air through the pile. Bulk storage of tires, greater than 500 cubic feet, will not be allowed without a permit from the fire department. Storage of bulk tires shall comply with NFPA chapter 231D.

Twenty-five (25) feet shall separate bulk tire piles from exposures and combustibles. Maximum pile length will be one hundred (100) feet.
- g) Maintain at least two feet of clearance between all vehicles on display.
- h) A keyed lock box is required for all main gates. The lock box shall be mounted at the gate. Applications for a keyed lock box are available at Fire Headquarters.
- i) The use of guard dogs will be allowed, however, the fire department must first be notified and emergency contact phone numbers must be provided for the guard dog owner.
- j) The facility must keep an up-to-date list of emergency contacts at the fire station.
- k) An access road is required through the property-minimum width of this access road will be twelve (12) feet

and the road will start at the main entrance.

- l) Parking of vehicles, not related or incidental to the operation of the business, that store flammable or combustible liquids or gases will not be allowed on the site.
- m) All cutting and welding operations shall comply with the requirements of 527 CMR39.
- n) No open burning will be allowed on the site at any time.
- o) The licensee must maintain a supply of spill containment equipment on site as approved by the Fire Chief. Any spills of flammable or combustible liquids greater than one gallon must be immediately reported to the fire department.
- p) Portable fire extinguishers will be required at the facility, the number and location of same to be determined by the fire department.

 S 33° 51' 54" E 3.50 feet to a point, thence turning and running;
 S 53° 21' 06" W 47.60 feet to a point, said last eight courses being by land now or formerly of Belcher, thence turning and running;
 Northerly by a curve to the left have a radius of 1,500 feet and a length of 171.61 feet to a point of tangency, thence running;
 N 34° 55' 24" W 100.00 feet to a point of curvature, thence turning and running;
 Northerly by a curve to the right having a radius of 1,091.91 feet and a length of 70.00 feet to a point, thence turning and running;
 S 58° 44' 59" W 40.00 feet to the point of beginning, said last four courses being by the sideline of Neponset Street and by the division line of the existing Industrial Zoning District and the Existing Residence B Zoning District.

(Exhibit H)

METES AND BOUNDS DESCRIPTION, Parcel of land to be rezoned from Industrial to Limited Manufacturing, Walpole, Massachusetts, 1782.04 Walpole

A certain parcel of land in the Commonwealth of Massachusetts, County of Norfolk, Town of Walpole, situated on the southeasterly side of Cedar Swamp Brook, northerly of Summer Street. More particularly bounded and described as follows:

Beginning at a point on the most northerly corner of the parcel herein described at the division line of the existing Industrial Zoning District and the existing Park, School, Recreation & Conservation District at a point on the westerly boundary of land now or formerly of Old Colony River Company, thence running;

S 10° 13' 17" W 156.95 feet to a point of curvature, thence turning and running;
 Southerly by a curve to the left having a radius of 2,325.01 feet, a length of 1,169.48 feet to a point of tangency, thence running;

S 18° 35' 54" E 759 feet more or less to a point at the division line between the existing Industrial Zoning District and the existing Limited Manufacturing Zoning District, said last three courses being by land now or formerly of Old Colony River Company, thence turning and running;

Westerly 1,323 feet more or less to a point, said course being by division line between the existing Industrial Zoning District and the existing Limited Manufacturing Zoning District, thence turning and running;

N 46° 40' 07" W 68 feet more or less to a point, thence turning and running;

N 52° 05' 02" W 282.80 feet to a point, said last two courses being by land now or formerly of Balduf, thence turning and running;

N 32° 26' 56" E 583.10 feet to a point, thence turning and running;

N 21° 35' 59" E 175.18 feet to a point; said last two courses being by land now of formerly of the Town of Walpole and the division line between the existing Industrial Zoning District and the existing Park, School, Recreation & Conservation Zoning District, thence turning and running;

Northeasterly by the centerline of Cedar Swamp Brook and the division line between the existing Industrial Zoning District and the existing Park, School, Recreation & Conservation Zoning District, 1,710 feet more or less to the point of beginning said course being by land now or formerly of the Town of Walpole.

Or take any action in relation thereto. (Petition of Bird Machine Company, Inc by its attorney John J. Griffin etal.)

ARTICLE 67: WAS WITHDRAWN

ARTICLE 68: On Motion of the Finance Committee; It was Moved and Seconded:

That the Town amend the Zoning By-laws, Section 4-B, Chart of Dimensional Regulations by:

- A. Inserting the number “15,000” in the “Required Lot Area” column for the Business District, and the number “100” in the “Required Lot Frontage” column for the Business District and adding the phrase “but not more than 3 stories” to the “Maximum Building Height (feet)” column entry for the Business District
- B. Changing the entries in the “Maximum Lot Coverage by Structures” and the “Maximum Lot Coverage by Structures & Impervious Surfaces” columns from 75% to 90% for the Central Business District (CBD), and adding the phrase “but not more than 4 stories” to the “Maximum Building Height (feet)” column entry for the Central Business District (CBD).
- C. Adding a new footnote (r) in the Explanatory notes to the Chart to read as follows: “When at least 30 parking spaces are provided at or below grade, but under a building and screened from view, in the Highway Business or Industrial Districts, the building height may be increased by 12 feet or one additional story”; and by annotating the title of the “Maximum Building Height (feet)” column with the footnote (r) reference.

2/3 Vote Required

Motion Was: So Voted Unanimous

(Letter of Approval from Attorney General, September 9, 2005)

ARTICLE 69: On Motion of the Finance Committee; It was Moved and Seconded:

That the Town amend the Zoning By-laws as follows:

- A. Amend Section 3B Schedule of Use Regulations by deleting the term “Boarding or lodging house”, at the beginning of the use description in Subsection 3-B(3)(j) and substituting therefore the term “Bed and Breakfast”. Amend the Section 3-B Schedule of Use Regulations by inserting the phrase “Rooming House”, at the beginning of the use description in Subsection 3-B(3)(m).
- B. Add one new subsection to Section 3-F Temporary Uses as follows:
 - a. Temporary or seasonal uses such as Christmas tree sales shall be considered temporary uses and allowed in all commercial districts for a period not to exceed 35 days. A permit for temporary use from the building inspector shall be required. The building inspector may impose conditions to insure that public health and safety issues are served.

And to denote the existing paragraph in Section 3-F as subsection (b).

- C. Add the following new definition of “Multi-Family Housing” to Section 1-C Definitions, after the definition of the term “Lot”:

Multi-Family Housing – Four (4) or more dwelling units in one building, or in multiple buildings, located on one lot.

2/3 Vote Required

Motion Was: So Voted Unanimous

(Letter of Approval from Attorney General, September 9, 2005)

ARTICLE 70: On Motion of the Finance Committee; It was Moved and Seconded:

That the Town amend Section 6 Sign Regulations of the Zoning By-laws as follows:

- A. Amend the first sentence of Section 6-F Accessory Signs in Non-Residential Districts by replacing the initial clause “In an area in a non-residential district”, with “In the CBD or B districts,” by changing the period (.) at the end of the first sentence to a colon (:), and by enumerating this first sentence as subsection (1).
- B. Convert existing subsections (1) through (3) to subsections of the newly created (1) above as (a) through (c)
- C. In new Section 6-F(1)(c) in the fifth line delete the language “existing dwelling or residential property boundary line” and replace it with “existing residential district zoning boundary line”.
- D. Create a new subsection 6-F(2) as follows:

In the LM, HB and IND districts, signs permitted under Section 6-D and 6-E and the following accessory signs are permitted.

- (a) Accessory signs attached to walls in the HB and IND districts shall be permitted to be 10 percent of the wall area to which they are attached but not more than 100 square feet, except if the sign is located along US Route 1 where 150 square feet shall be allowed.
- (b) Directory signs shall be determined on the basis of two (2) square feet for each establishment.
- (c) Standing signs shall be permitted to 100 square feet, except if located along US Route 1 where 150 square feet shall be allowed.
- (d) The bottom of the frame of standing signs shall not be less than eight (8) feet from ground level.
- (e) If a sign is illuminated, it shall be internally illuminated by a steady light.
- (f) As part of site plan review, the Planning Board may determine that an alternative exterior lighting plan is consistent with the materials used for the sign and the associated lighting plan is not detrimental to abutting uses.
- (g) A ground sign, defined as a standing sign attached to the ground along the base of the sign, may be substituted for a standing sign in the LM, HB and IND Districts, if it meets the setback and lighting requirements of a standing sign, and further that at no point does the sign exceed five feet in height.

Moderator Jon W. Rockwood so declared at 11:35 p.m. on May 11, 2005.

Ronald A. Fucile, Town Clerk

A True Copy Attest

**FALL ANNUAL TOWN MEETING
TOWN OF WALPOLE
COMMONWEALTH OF MASSACHUSETTS**

Norfolk, ss.
To any constable in the Town of Walpole

Greetings:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify the inhabitants of the Town of Walpole, qualified to vote in elections in town affairs, to meet in the Auditorium of the Walpole High School in said Walpole on

**THE THIRD MONDAY IN OCTOBER, IT BEING THE
17th DAY OF SAID MONTH, 2005**

at 7:30 p.m. then and there to see if the Town will vote to amend the By-laws and Zoning By-laws to said Town and act on the following articles:

The Meeting was called to order at 7:40 p.m. in the Walpole High School by Moderator Jon Rockwood. All rules and regulations concerning the call of an Annual Town Meeting were fulfilled and a quorum was present.

The Assembly pledged allegiance to the flag.

Town Clerk Ronald A. Fucile attested to the proper return of the Warrant. In accordance with the By-Laws of the Town of Walpole, Article 1, the Selectmen gave notice of the Fall Annual Town Meeting by posting true attested copies of the Warrant calling for the same in two (2) public places in each of the eight (8) precincts on September 27, 2005.

It was Moved and Seconded:

To waive the reading of the Warrant.

Motion Was: So Voted

It was Moved and Seconded:

That all Motions of the Finance Committee be Main Motions.

Motion Was: So Voted

Town Counsel: Joyce Frank of Kopelman & Paige.

Tellers: Patrick Grant, Mary Campbell, William Abbott, Susanne Murphy, Philip Czachorowski and Elizabeth Nashawaty.

It Was Moved and Seconded:

(Petition of the Board of Selectmen)

ARTICLE 14: On Motion of the Finance Committee; It was Moved and Seconded:

That the Town take No Action.

Majority Vote Required

Motion Was: So Voted: No Action

ARTICLE 15: On Motion of the Finance Committee; It was Moved and Seconded:

That the Town amend its Charter, the specific amendments being shown on a form placed on file in the office of the Town Clerk, and to see if the Town will vote to authorize a petition to the General court for special legislation to accomplish the same.

The following are the changes to the Charter that are being recommended by the Committee. In each case, the motion to recommend carried by at least a two-thirds majority of those present:

1. Section 2-8(C)

~~Delete the words “Permanent Building Maintenance Advisory Committee”.~~

~~Explanatory Note: We were advised that the functions of this Committee are being handled on a day to day basis by the Superintendent and his staff. Moreover, projects involving the expenditure of more than \$5,000 must be vetted by the Capital Budget Committee. According to the Board of Selectmen, this Committee has been dormant for some time and should not be identified in the Charter.~~

Majority Vote Required: Item 1: So Voted

2. Section 2-8(D)

Delete the words “the office of” in the first sentence so it reads “if the Moderator is absent, the Town Clerk shall have the power to call the meeting to order ...”

~~Explanatory Note: We were unsure as to what was intended by the words “the office of” or what they added.~~

Majority Vote Required: Item 2: So Voted

3. Section 2-9(D)(5)

Delete the words “shall include, with each report” and substitute the following:

“shall report its recommendations in writing prior to each Annual or Special Town Meeting. A copy of each report of the Finance Committee shall be distributed to all Town Meeting Representatives and shall be posted on the Town of Walpole’s website not later than seven days prior to the Town Meeting. At the same time, copies of each report shall also be made available to the public at the office of the Town Clerk, the Walpole Public Library and the Walpole Senior Center. Each report”

~~Strike out the words “Delete “to each residence” and substitute the words “shall include” in their place.~~

Explanatory Note: There is a substantial cost involved in mailing the Finance Committee report to every residence in Town. Other towns in recent years have decided to put information of this nature on their websites to save expense. Recognizing that not all residents have access to the Internet, we have suggested that hard copies also be available to the public at the above locations. This change, if adopted, will also require a change to the town by-laws which continue to require distribution to each residence.

Majority Vote Required: Item 3. Section 2-9(D)(5) – Was Not Voted

4. Section 2-9(E)(4)

~~Strike out the word “mailed” and substitute the words “made available” and strike out the word “by” and substitute the words “in the office of”.~~

~~Explanatory Note: Despite the provision in the Charter requiring that the Rules as amended be mailed to all RTMs, it isn’t done and this change merely recognizes that reality.~~

Majority Vote Required: Item 4: So Voted

5. Section 2-9(G)(5)

~~Add a comma after the word “vehicle”~~

~~Strike out the word “like” and substitute the words “cemetery or pond”~~

~~Explanatory Note: We assumed “vehicle” and “equipment” were meant to describe different things. We added cemeteries and ponds as the capital budget committee often deals with requests for capital expenditures to enhance them as well.~~

Majority Vote Required: Item 5: So Voted

6. Section 2-9(H)

~~Strike out the expression “(C)(3)” and substitute therefor the expression “(D)(3)”~~

Explanatory Note: Typo.

Majority Vote Required: Item 6: So Voted

7. Section 2-12

~~Strike out the first paragraph thereof in its entirety and substitute the following:~~

“At least seven (7) days prior to the session of town meeting at which any collective bargaining agreement is presented for approval or funding, the Town Meeting Representatives and Board of Selectmen shall be furnished with a written summary explaining the revisions contained therein. In addition to the foregoing, at least seven (7) days before being presented for such approval or funding, a copy of the entire agreement shall be placed on file with the office of Town Clerk for inspection by any Representative Town Meeting Member or resident and shall be posted on the town of Walpole’s website. Such agreements shall remain posted on the website until at least five (5) days after the town meeting is dissolved.”

Explanatory Note: There are two issues here. The first is cost. Many collective bargaining agreements have changes on only a few pages. It is expensive to photocopy the entire agreement and circulate the same to the RTMs. Making it available in the Town Clerk’s office and on the website should give all who want to see the body of the agreement, and not just the summary, an opportunity to do so. More fundamentally, at present the Charter appears to require that copies of the agreements be provided to the RTMs at least seven days before the “town meeting” at which they are to be considered, not seven days before the actual night during town meeting on which they are to be brought forward for action. The proposed change makes it clear that the seven days refers to the night, not the beginning of the town meeting itself. This is in fact how Walpole has been interpreting the Charter in recent years.

Majority Vote Required: Item 7: So Voted

8. Section 3-2(B)(4)(a) Change “civil defense director” wherever it appears to “emergency management director”

Explanatory Note: ~~This is how this position is presently referred to~~ change brings the Charter into conformity with current usage.

Majority Vote Required: Item 8: So Voted

9. Section 3-2(B)(4)(c)

Delete the words “**Street Naming Committee**”.

Explanatory Note: The Selectmen advised the Committee that this Committee's function is better handled by Police and Fire and ultimately the Planning Board.

Majority Vote Required: Item 9: So Voted

10. Section 3-6

~~Delete “by the Commonwealth Commissioner of Community Affairs” and substitute in its place “as provided in the General Laws of the Commonwealth.”~~

~~Explanatory Note: We thought it was safer to refer to the General Laws.~~

Majority Vote Required: Item 10: So Voted

11. Section 3-8(B)(1)

~~Substitute for the words “Department of Public Health” the words “Department of Environmental Protection”.~~

Explanatory Note: Conforms to current title.

Majority Vote Required: Item 11: So Voted

12. Section 3-8(B)(2)

Substitute for the words “the general responsibility for” the words “exclusive charge and control of” and strike the expression “, and drains”. Add the words “or his/her designee” after “Town Administrator” in the last sentence of the second paragraph thereof.

Explanatory Note: The Sewer and Water Commissioners requested the first two changes. They noted that they are given “*exclusive charge and control*” over water matters but only “*general responsibility*” for sewers. We opted to go along with “*exclusive charge and control*” for both. As for drains, we were told that they do not, in fact, maintain storm drains and that this is a highway function. The final change in this Section reflects the fact that the Superintendent of the Sewer and Water Dept. sits in for the Town Administrator at all meetings of the Commissioners.

Majority Vote Required: Item 12: So Voted

13. Section 3-9(B)(1)

Add after “The Board of Library Trustees” the following: “shall appoint, and may remove consistent with the provisions of the General Laws, a Library Director for an indefinite term and shall”

Explanatory Note: The Charter says that the Trustees are responsible for “staffing.” We thought it should be clear that this includes the Library Director.

Majority Vote Required: Item 13: So Voted

14. Section 4-1

Delete the sentence: “The Town Administrator in office at the effective date of this Charter shall be entitled to retain any accrued leave earned before said effective date.”

Explanatory Note: This provision became moot with the resignation of former Town Administrator .

Majority Vote Required: Item 14: So Voted

15. Section 4-2

Add, in the second paragraph, after the expression “**following his/her appointment**” the following:

“, unless the Board of Selectmen shall vote to waive such residency requirement, provided, however, that such waiver shall be effective only as long as the town administrator resides in a city or town located not more than fifteen (15) miles from Walpole.”

Replace the word “**temporary**” with the word “**Acting**” in the fifth paragraph thereof.
and change “four (4) months” to “six (6) months” and “thirty (30) day” to “six (6) month” in that paragraph.

Explanatory Note: The Charter requires that the Town Administrator be “domiciled within the Town within twelve months following his/her appointment.” The Committee believes that this provision may limit the pool of qualified candidates and should be modified as recommended. The Committee also believes that if the premise underlying the requirement, i.e., the town ~~will~~ would be better governed if the town administrator had to live in the town, is valid, we have the wrong person in the job. We also think the 15 mile limitation ~~will~~ should ensure that the town administrator would be able to get to his office quickly enough in the event of an emergency. The changes in the 5th paragraph reflect the fact that a search for a new town administrator might conceivably take longer than a total of five months.

Majority Vote Required: Item 15: So Voted

16. Section 4-3(A)

~~By adding after “Finance Director” and before “Building Commissioner” (formerly Inspector of Buildings) the following: “Assistant Town Administrator”~~

Majority Vote Required: Item 16: So Voted

17. Section 4-3(B)

~~By adding after “Finance Director” and before “Building Commissioner” the following: “Assistant Town Administrator”, and by deleting the expression “; and the positions of Plumbing Inspector, Wire Inspector, and Gas Inspector, appointed by the Building Commissioner with the approval of the Town Administrator”~~

~~Explanatory Note: See 17 above. Also, takes away the need for the Selectmen to approve the appointment of the inspectors.~~

Majority Vote Required: Item 17: So Voted

18. Section 4-3(A), Section 4-3(B) and Section 4-1(A)

By substituting for the expression “**Inspector of Buildings**” each place it appears the expression “**Building Commissioner**”.

Explanatory Note: ~~See above.~~ This change is intended to bring the Charter into conformity with the current usage.

Majority Vote Required: Item 18: So Voted (See October 24, 2005 – Item 18 Reconsidered)

19. Section 4-3(A), Section 4-3(B) and Section 4-4(A)

By substituting for the expression “**Health Agent**” the expression each place it appears the expression “**Health Director**”.

Explanatory Note: The Board of Health requested this change. It will not expand the authority of the office nor make the individual acting in this capacity eligible for a higher salary step..

Majority Vote Required: Item 19: So Voted (See October 24, 2005 – Item 19 Reconsidered)

20 Section 4-4(A)

Delete “**and the Board of Selectmen**”

Explanatory Note: Conforms to 17 above.

Majority Vote Required: Item 20: So Voted

21. Section 4-4(B)

Delete in its entirety

Explanatory Note: Conforms to 17 and 21 above.

Majority Vote Required: Item 21: So Voted

22. Section 4-4(C), (D), (E)

Renumber as 4-4(B), 4-4(C) and 4-4(D)

Majority Vote Required: Item 22: So Voted

23. Section 6-6

Delete the word “**Finance**” from title

Explanatory Note: Typo.

Majority Vote Required: Item 23: So Voted

24. Section 7-6(A)(2) and (3)

By adding immediately before the word “**grounds**” in each Paragraph the word “**specific**”

Explanatory Note: Probably only cosmetic but Committee felt some strengthening of recall provisions were desirable.

Majority Vote Required: Item 24: So Voted

25. Section 7-6(A)(3)

By striking out the period at the end of this section and adding the following language: “**provided, however, such recall petition must be filed with the Town Clerk within sixty (60) days of the date the recall petition was initially issued by the Town Clerk.**”

Explanatory Note: This recommendation resulted from a meeting with Marilyn Contreas of the Department of Community Affairs. Ms. Contreas is responsible for reviewing changes in municipal charters that are submitted for approval. She pointed out that the existing Charter imposes no deadline for turning in signatures after the recall petition is taken out and she recommended that we correct this.

Majority Vote Required: Item 25: So Voted

26. Section 7-7

By adding, immediately before the period at the end of the second paragraph thereof, the following: “**per charge**”.

Explanatory Note: This was a request of the Board of Selectmen. They argued that limiting suspensions to a maximum of 15 days does not give town officials sufficient flexibility to deal with employee discipline.

Majority Vote Required: Item 26: So Voted

ARTICLE 16: On Motion of the Finance Committee; It was Moved and Seconded:

That the Town authorize the Board of Selectmen to acquire for public works or economic development purposes by purchase, gift, eminent domain or otherwise, and to accept deeds to the Town of the fee simple or lesser interest in the parcels of land described below as needed to make such improvements as the Board deems necessary for such public works or economic development purposes to East Walpole in the area of Chestnut and Washington Streets, as shown on a plan titled, “East Walpole Revitalization Project Plan of Proposed Easements and Fee Takings”, by HDR Engineering Inc., dated October 3, 2005, on file with the Town Clerk, upon such terms and conditions as the Board shall determine to be appropriate, said interests in real estate to be under the care, custody and control of the Board of Selectmen.

That the Town take No Action.

Majority Vote Required

Motion Was: So Voted: No Action

ARTICLE 28: On Motion of the Finance Committee; It was Moved and Seconded:

That the Town authorize the Walpole Board of Selectmen to enter into a contract for the disposal of solid waste pursuant to General Laws Chapter 30B, Section 12 (f), for a term not to exceed twenty years.

Majority Vote Required

Motion Was: So Voted:

ARTICLE 29: On Motion of the Finance Committee; It was Moved and Seconded:

That the Town amend Article XIII Police Regulations, Section 27A of the Town of Walpole By-Laws to read as follows:

Section 27 Anti noise By-law

- A. It shall be unlawful for any person or persons to engage in commercial, industrial or manufacturing operations, including construction for hire, excavation, pile driving or trash or rubbish collection, between the hours of 8PM and 7AM (8AM Sunday) if the effect of such activities is to create loud or annoying sounds, as defined herein, in any residential area of the Town of Walpole unless such activities are necessitated by exigent emergency circumstances impacting upon life, safety or protection of property. For purposes of this By-law, noise which is plainly audible at a distance of one hundred and fifty feet from such activities shall constitute prima facie evidence of loud or annoying sounds in violation of this By-law.

**TOWN OF WALPOLE
TOWN ANNUAL ELECTION, JUNE 4, 2005**

Town Annual Election on June 4, 2005

In pursuance with the foregoing warrant, the inhabitants of the Town of Walpole qualified to vote in elections, met in the various voting precincts on **Saturday, the fourth day of June, 2005 at 8:00 a.m.**

THE FOLLOWING PRECINCTS MET AT THE OLD POST ROAD SCHOOL, 99 OLD POST ROAD:

Precinct 1 – The meeting was presided over by Warden Evelyn Foley, duly qualified for the office. She was assisted by the following duly qualified Election Officers, who were sworn to the faithful performance of their duty; Mary Hagen, Lawrence Sundberg, Ruth Sundberg, Albert Miller, Joseph Denneen, Eugene Donaldson, Helen Capone, Silvio Capone and Jane Fuller.

Precinct 2 – The meeting was presided over by Warden Raymond Fleck, duly qualified for the office. He was assisted by the following duly qualified Election Officers, who were sworn to the faithful performance of their duty; Jeffrey Mattson, Barbara A. Kelly, Roland K. Woodberry, Ann D. Fleck, Joan Dalton, Jean Barbarick, Donald Brennan, E. Stanley Kelliher, Elinor Kelliher and Caroline Kiessling.

THE FOLLOWING PRECINCTS MET AT WALPOLE HIGH SCHOOL, 275 COMMON STREET:

The following Election Officers were sworn in by Election Supervisor, Anthony Abril to the faithful performance of their duty:

Precinct 3 – The meeting was presided over by Warden Martha E. Fowle, duly qualified for the office. She was assisted by the following duly qualified Election Officers; Caroline T. Kiessling, Margaret Jean Stahl, Anthony A. Cerbo, Norma A. Broderick, Mary Cerbo, Elsie L. Cross, Joyce E. De Gerolamo, Elizabeth Fisk, Barbara J. Hill, Pamela J. Huguelet, Thomas S. Hurley, Edward K. Kiessling, M. Eleanor McDavitt and Joan Sullivan.

Precinct 4 – The meeting was presided over by Warden Janice A. Young, duly qualified for the office. She was assisted by the following duly qualified Election Officers; Alice B. Reeley, Audrey E. Nunes, Dorothy L. Verrochi, Doris M. Foley and Catherine E. Winston.

Precinct 5 – The meeting was presided over by Warden Maureen C. Lamperti, duly qualified for the office. She was assisted by the following duly qualified Election Officers; Catherine T. Abate, Joy Holmes, Frances Rubini, Natalie J. Lee, Nancy Hurd, Deborah Duffy, Scherie Ciarrocchi and Jeanette A. Penza.

The following Election Officers were sworn in by Election Supervisor Susan Cosman, to the faithful performance of their duty.

THE FOLLOWING PRECINCTS MET AT FISHER SCHOOL, 65 GOULD STREET:

Precinct 6 – The meeting was presided over by Warden Gerard R. Lane Jr., duly qualified for the office. He was assisted by the following duly qualified Election Officers; Claire Abril, Paul R. Busheme, William Ryan, Nicole Abril, Peggy DeSalvo, Mary Johnson, Marianne Bellingham, Bob Bassett, Betty Johnson, Eleanor Weissant, Alice Cosman and Linda Busheme.

Precinct 7 – The meeting was presided over by Warden John Sheppard, duly qualified for the office. He was assisted by the following duly qualified Election Officers; Mary Ellen Cobb, Dolores Efthim, Patricia C. Foley, Scott Nottingham, Marion Pare, James Reardon, Patricia Reardon, Florence Sundquist and Ruth White.

Precinct 8 – The meeting was presided over by Warden Charles Daly, duly qualified for the office. He was assisted by the following duly qualified Election Officers; Mary Ann Boragine, Betsy Doak, Marie Bergamo, Clement Boragine, Joanne MacKenzie, Mary Rockwood, Raymond Rockwood and Marge Stuber.

Results determined in accordance with the provisions of law, declaration thereof was made in open town meeting at the Town Clerk's Office and were as follows:

TOWN COUNSEL

The year 2005 was an active year in which Town Counsel rendered numerous legal opinions, approved contracts and guided transactions, met with the Board of Selectmen and various other Boards, and handled a number of lawsuits on the Town's behalf.

Town Counsel continues to represent the Town in various ongoing litigation matters in state district and superior courts as well as in federal court. We are pleased to report that we were able to resolve a number of pending matters this year. A civil rights suit was dismissed in favor of the Town, upheld on appeal, and upheld again by the Supreme Court of the United States, which declined the plaintiff's request for further appellate review. We were also successful in opposing a request for a preliminary injunction sought by an unsuccessful bidder on the Washington Street Bridge project. The case was dismissed thereafter. There are presently eleven pending litigation matters in which we are representing the Town and Town boards.

We have represented the Town in various land acquisition and disposition projects, including the clearing of title and disposition of tax title land, acceptance of a deed to the Town, and review of a deed for an easement. We have reviewed and advised the Town regarding various contracts, including a contract for consulting services and a Memorandum of Agreement relating to the East Walpole Revitalization Project and Chestnut Street Properties.

We have advised the Planning Board as to subdivision conditions, subdivision waiver procedures, a request to withdraw a subdivision application, subdivision surety, a proposed triparty agreement, and subdivision covenants. We have reviewed and advised as to proposed zoning by-law amendments to the Water Resource Protection District and a proposed stormwater management by-law and regulations. We have interpreted definitions in the zoning by-laws, interpreted the applicability of site plan review requirements to particular projects, advised as to the process for site plan modification, and reviewed ANR plans.

As always, we have responded to many requests for opinions this year. For example, we have provided legal opinions with respect to farmer-winery licenses, enforcement of the Town's noise by-law, supplemental tax assessment of new construction and various conflict of interest questions. We have worked with Department of Revenue counsel to confirm their approval by way of opinion of the Town's ability to apply excess funds remaining in the Town's health insurance trust fund, since the Town's change from an administrative services contract, to offset current group health insurance expenses.

Town Counsel has continued to take a pro-active approach to keeping control of costs by sending out numerous memoranda on various areas of municipal law at no charge to the community. For example, we have highlighted recent state court decisions regarding municipal liability for injuries caused by independent contractors hired to plow public streets and municipal regulation of adult entertainment as well as a Supreme Court decision that the Federal Telecommunications Act does not allow civil rights remedies against municipalities. We have summarized the state of the law governing use of municipal buildings for religious activities, holiday displays on public property and restricting the use of local recreation areas to residents. We have outlined procedures which apply to gifts of conservation land,

application of the open meeting law to site inspections, requirements for keeping minutes of meetings, and enforcement of state building and fire code violations. We have addressed municipal obligations with respect to volunteers and have provided guidance as to intermunicipal agreements relating to public health emergency preparedness.

As always, we strive to provide timely and concise responses to requests for advisory opinions and have assisted in the review of articles for the Warrants for Town Meetings as well as attending Town Meetings and various Board meetings.

We wish to express our thanks to all the people who have dedicated themselves to Town government in Walpole, and especially the Board of Selectmen, Town Administrator, and department heads. Without their assistance and cooperation, our collective objectives could not be attained.

PERSONNEL BOARD

Town Hall, Room 123 ydonohue@walpole-ma.gov 508-660-7294
Brian Davis (2007), Chairperson – Mary Campbell (2006), Vice Chair , Madelyn Conroy (2006)– Scott Golding (2008) – Phil Hinds (2007)
Personnel: Valorie Donohue, Personnel & Benefits Coordinator & James Johnson, Assistant Town Administrator

The Personnel Board is a five-member volunteer board appointed by the Town Moderator. The duties of the Board include administering the Personnel By-laws, assisting management, as necessary, in union negotiations and maintaining employee records.

Employee Recognition Program:

Town of Walpole’s Employee Recognition Program has now completed its third year. The 2005 monthly selections are as follows:

January	-	Entire DPW Department
February	-	Patricia MacConnell, Asst. Town Clerk
March		Robin Chapell, Health Agent
April		Warren Smith, Reference Service Librarian
May		Roger Turner, Emergency Management Dir.
June		Richard Earl, Heavy Motor Equip. Op, Hwy.
July		Valorie Donohue, Personnel & Benefits Coord.
August		William Madden, Police Officer
September		Timothy Brooks, Dispatcher
October		Andrew Hand, Acting Supt of Hwy and Parks
November		Scott Pearson, Custodian & Robert Bothwell, Craftsman
December		Police Officers Dave Sullivan, William Madden, Joe Zanghetti

Personnel By-laws:

Each year the Personnel Board reviews the Personnel By-laws to be sure that they are in compliance with current Federal and State employment laws. The Board proposed minor changes to four articles -- probationary period, longevity, maternity/adoption/family leave and sexual harassment policy -- which were approved at the Spring Annual Town Meeting.

Job Descriptions:

During 2005 the Personnel Board reviewed and approved five (5) revised job descriptions. The Board will continue to review job descriptions as the positions change or upon request.

Employment:

Total number of municipal employees for calendar year 2005 includes:

Full time	-	154
Part time	-	59
Seasonal	-	274
Poll Workers	-	150

Call Firefighters	-	10
Crossing Guards	-	8

The following changes occurred in Town Personnel for the same calendar year:

	Full time	Part time	Seasonal	Election
New Hires	10	3	113	
Rehires			1	99
Promotions	7			
Resignations	1	3	8	
Retirement	3			
Discharged	1			
Deceased				

Promotions:

Congratulations to Timothy Bailey, Deputy Fire Chief who was promoted to Fire Chief in January 2005.

New Hires:

Welcome to the following employees hired to fill full time professional positions in 2005:

September - Michael Laracy, Deputy Fire Chief

Retirement:

The Board wishes the following two employees a very happy and healthy retirement after a combined total of 61.5 years of employment with the Town of Walpole:

Edward Hartmann, Fire Chief – 30.5 years

Steele Lightbody, Fire Captain – 31 years

PERSONNEL DEPARTMENT

Town Hall, Room 123 vdonohue@walpole-ma.gov 508-660-7294

Personnel – Valorie Donohue, Personnel & Benefits Coordinator

The Personnel Department functions under the general guidance of Town Administration with daily operations overseen by the Personnel & Benefits Coordinator. The department maintains the personnel files, accrued sick, vacations and personal time for all town employees and administers health, dental, life insurance, worker's compensation and unemployment benefits for all town and school employees; maintains the health and life insurance programs of all town and school retirees; submits numerous reports required by law and participate in the interviewing and new hire recommendations of town employees to Town Administration.

Health Insurance:

Open enrollment is held every year during month of May for July 1st coverage. As of December 31, 2005 the current participation in all medical plans includes 901 active employees and retirees (active Town employees – 165, town retirees – 109, active school employees – 372, school retirees – 255)

	Family	Individual
Harvard Pilgrim	197	110
Network Blue	96	55
Tufts	96	67
Fallon	3	2
HP PPO		8
Tufts POS	1	
MEDEX		112
Various Senior Plans		154
Delta Dental	359	179
Life		495

Contribution Rates:

The insurance program has now completed its third year in its change of insurance premium contributions; Town pays 80% of the medical insurance premiums for employees hired prior to January 1, 2003; 70% for employees hired after January 1, 2003; 50% for retirees on senior supplements. The breakdown of contribution rates is as follows:

80%	-	489 employees
70%	-	137 employees
50%	-	275 retirees

Unemployment:

For the calendar year of 2005, total claims paid out for both Town and School unemployment benefits have been \$92,416. (Town - \$16,327 School - \$76,089)

Worker's Compensation:

For the calendar year of 2005, there have been 72 work-related injuries.

(Town employees – 25 School employees – 47)

The Personnel Department continues to welcome any relevant questions from employees, retirees and the public.

<u>ECONOMIC DEVELOPMENT COMMISSION</u>

(c/o Town Hall, 660-7352)

Members: John Hasenjaeger, Chairman, John Vozzella, Vice-Chairman, Peter MacConnell, Secretary, Kenneth Fettig, Paul Millette, Donnell Murphy, Lawrence Pitman, Richard Shields, Gregory Yergetian, Edward Murray (Associate)

The Economic Development Commission, on behalf of the town, continues its aggressive campaign of business attraction and retention. The Commission also acts as ambassadors for Walpole to the business community, and seeks innovative changes and approaches to make Walpole business friendly.

The Commission was proud of the actions of the Selectmen, Planning Board, and Town Meeting in allowing the rapid zoning changes necessary for retaining Tuft's Animal Clinic in Walpole by enabling them to dramatically increase the size and scope of their business. Walpole will now host a state-of-the-art veterinarian clinic that will draw patrons from all over Eastern Massachusetts.

The commission is active in the critical redevelopment of the former Bird Machinery site in South Walpole and has formed a joint committee with area residents to determine acceptable commercial uses. The Commission remains active as well in working on the redevelopment of the South Street Superfund site.

In continuing to reach out to state agencies and business associations, Walpole was the first community to host a Massachusetts Biotechnology Education workshop, cosponsored by the Executive Office of Environmental Affairs, the Executive Office of Economic Development, and the Massachusetts Biotech Council. Walpole is also one of the leaders in promoting Chapter 43D reform that would allow towns to adopt expedited business permitting.

Marketing tools to further enhance Walpole's position as a business friendly community were presented to the Selectmen over the last year. An interactive DVD, to be both placed on the Town web site and mailed out on discs, and an eight-page marketing booklet were produced and will be unitized in business circles inside and outside Massachusetts.

The East Walpole Public Works Economic Development grant of \$1 million for infrastructure improvements in East Walpole is soon to be underway. As a result there has been significant interest in the East Walpole area among potential new businesses and those seeking expansion of existing businesses.

The Commission meets on the second Tuesday of the month at the Town Hall.

WALPOLE INFORMATION SYSTEMS COMMITTEE

Members: Bernie Brady, Jack Fisher, Alan Kannally, Nancy O'Neil, Don Rolph, Michael Urban Ex-Offico Member – Michael Boynton, Linda Colvin, Mark Good, Pat Krusko, Kathy Macedo, Arti Mehta, Jerry Romelczyk, Kathleen Smith

The 2005 year has been an active year for information systems in the Town of Walpole. The year 2005 saw a series of tasks and projects underway, in the works and completed.

A little history: The Walpole Information Systems Committee, which is now entering its fifth year in existence, is made up of seven voting members who are appointed to staggered 3 year terms by the Board of Selectman, along with other non-voting members representing various town functions including:

Finance Director
Town Accountant
Assistant School Superintendent
Walpole IT Managers
Town Library Director
PreK-12 Instructional Technology Coordinator

The committee was not designed to be a hands on working group which would help pull cable through walls or write or install software, but to be a sounding board for the town's IT department, the Town Administrator, the Board of Selectman and the School Committee to review hardware, software, connectivity and processes, as well as make recommendations to the town on projects and tasks that should be done. The WISC focuses on IT Infrastructure issues in the town including:

Connectivity Issues

- WAN – Wide Area Network
- LAN – Local Area Network
- Internet Connectivity
- Security

Server Based Applications

- MUNIS -Town Financial System
- Starbase - School Admin. System
- Town Websites & Email
- Others - GIS, Assessors

Ongoing Efforts:

Wide Area Network [WAN] connectivity, which is the building to building high speed network, allows access to the town's MUNIS Financial Systems and the School's Starbase Admin Systems, as well as access to the internet. This network is provided by COMCAST cable TV network. However, expansion of the Town's data needs, combined with reduced availability of this ancient 25+ year old cable networking equipment poses a serious problem to the Town in a period of serious fiscal challenge.

- A RFP for the WAN upgrade to Fiber will be released in 2006. The major users: Town Hall, Police, Fire, Blackburn, Walpole High School (Plimpton), Library and the middle schools should be upgraded to Fiber in 2006.
- Upgrading the PCs presently in use.
- Looking at VoIP for schools.

Local Area Network [LAN] connectivity which is the in-building network is still not complete in all town buildings. However, the majority of the schools are completed.

Schools.

High School	– completed w/ HS renovation
JMS	– completed
BMS	– completed
Elm Street School	- completed
Boyden School	- completed
OPR School	- completed

Town Buildings

The committee is currently reviewing all buildings for LAN requirements and will be recommending upgrades to buildings as needed.

Security

The committee is currently reviewing Security requirements of our networks and servers and will make additional recommendations when appropriate.

Server Based Applications

The committee will in the future continue to review the current status of all server based applications. It is the general feeling of the committee that all of the town's server based applications should be kept up to date through periodic updates and upgrades so that we can take advantage of vendor support and maintenance. We will make specific recommendations when appropriate

Progress to date:

The committee believes that significant progress has been made in updating and upgrading the town IT infrastructure over the last 5 years. It is hard to believe that only five years ago the town was still using text based terminals in town hall for municipal finance and budgeting. Over the last five years we have seen several significant projects completed by the Town's and School's IT Staff.

2000	Upgraded town server Upgraded Town Hall LAN Got rid of old terminals Upgraded MUNIS Financial System
2001	Implemented Starbase School Admin System Completed LAN at JMS
2002	Reviewed town Website Rebuilt town Website Completed LAN work at HS via renovation
2003	WAN Upgrade – upgrade all I-net Modems LAN wirework at Old Post Road School LAN wirework upgraded/added at High School
2004	Upgrade Router (town internet) Library LAN wirework at Boyden School LAN wirework at Elm Street School VOIP implementation at Town Hall
2005	WAN upgrade from Coax to Fiber

The committee looks forward to the future and plans to continue their review of the Towns IT Infrastructure, and working with the Town Administrator, the Board of Selectman, the School Committee, and the Town's IT and School IT staff to help meet the Information System needs of the Town and the citizens of Walpole.

INFORMATION SYSTEMS

(Town Hall 508-660-7291)

Pat Krusko - Computer Systems/Network Administrator/Webmaster, Doug Betschart and Vince Hobson - PC Support Technicians

The Information Systems staff located on the second floor of the Town Hall provides technical support and services to the schools and town departments. We work closely with the technical support staff at each school. These people - Lynn Rowan at Bird Middle School; Anne Marie Wyman at Boyden; Karen Jones Johnson at Fisher; Ann Pellowe at Johnson; Joanne Cintolo at Old Post Road; and Betty Chase at Walpole High School - deserve special recognition for the time and effort they put into their jobs.

With the increasing demand for computer services, especially Internet services and budget constraints, the IS department needs to be innovative. We are now using Red Hat Linux for servers and are moving more and more users off costly individual printers to network ones. We also maintain a very proactive approach to virus and spyware detection. Unfortunately this is taking up more and more of our time.

2005 School projects included:

- New server at high school media center
- Major upgrade of the Bird Middle School network
- Providing e-mail services to the staff at Elm Street
- Assisting Fisher School with the set-up of its e-mail newsletter, the Fisher Forecast

One of the most important functions of Doug Betschart, the School's PC Support Technician, is to work with the Pupil Services Department to provide statistical information to the Department of Education. This information is used to determine certain State funding. Doug also provides school staff with PC services and support for Starbase, our student management application.

2005 Town projects included:

- New server for the Recreation Department at Blackburn Hall
- Adding the Council on Aging to the Town Hall's VoIP telephone system.
- Upgrading the Town Hall e-mail/web server

The Town's PC support person, Vince Hobson, provides PC support to the Town Hall users, Council on Aging, Recreation Dept, Town Yard and Library staff Vince also developed and maintains an inventory database of Town computer equipment. Using this database, one can easily find the information such as the specifications, age and cost of equipment as well as when its systems were last updated. We will be automating the update process in FY2007.

The Town's web site continues to grow. With the installation of the new server we are adding significantly more content to the site. Here are just some of the things you can access at <http://walpole-ma.gov>:

- Pay town bills online using e-bill.
- Download building permit information and applications, fee schedules, and zoning bylaws
- Town meeting information including the warrant
- A calendar listing town meetings including the agenda for Selectmen's meetings
- Community Events calendar has been added. People can send information about their event to events@walpole-ma.gov for inclusion in the calendar.
- If you have any question regarding the Town and town services, please e-mail th@walpole-ma.gov.

Plans for the upcoming year include replacing the aging I-Net with fiber increasing the speed and reliability of data communications between town and school buildings, installing a new server on which to run the Town's financial application, and installing new Red Hat Linux e-mail/web servers at the schools. We will continue to look for low-cost solutions to the Town and School's growing computer needs.

INSURANCE ADVISORY COMMITTEE

Thomas Driscoll, Michael Barry, Kevin Feeley and David Radoccia

In 2005 the Insurance Advisory Committee continued to advise the Board of Selectmen on issues of insurance. The Town has continued to be an active member of the West Suburban Health Group. (WSHG) The Town Administrator continues to serve on the Board of Directors, as well as on the WSHG steering committee. The Town Administrator's

involvement allows the Town of Walpole to participate in every major decision made by the WSHG. The WSHG continues functioning with the power of a joint purchasing group in its negotiations for all elements of group health plan coverage.

In 2005 the Town decided to solicit quotes for the Town's Property and Liability insurance. The two companies that submitted bids to the Town. Those companies included, Massachusetts Interlocal Insurance Agency and the Town's existing insurance agent Berry Insurance. The Town retained Berry Insurance as it's agent. As a result of this solicitation the Town saved thousands of dollars. Berry Insurance has continued to provide a valuable service to the Town of Walpole.

The Assistant Town Administrator continues to track and monitor all claims submitted on behalf of the Town and against the Town. The Town is committed to make every effort possible to maintain the level of coverage while assuring due diligence in securing the best price possible.

The Insurance Advisory Committee shall continue to seek the most cost effective, legal means to adequately and appropriately protect the Town, its employees and its retirees. The Insurance Advisory Committee wishes to extend its appreciation to Town Administration for the expert oversight of the existing program and its persistence in the pursuit of viable options to produce cost savings for the Town. Any and all questions and concerns regarding insurance may be directed to the office of Town Administration.

<u>PERMANENT BUILDING COMMITTEE</u>
--

(c/o Town Hall)

Jack Conroy, Chairman - Dino Krekis, Vice Chairman - Philip Wild - Ken Dow - Paul Teich - Jean Hogan (School Committee) voting Representative for the Boyden and Elm Street Elementary Schools Project.

The Permanent Building Committee oversees the construction and renovations of, and additions to public buildings as required by Walpole by-laws, Article XVIII.

Dr. Kathleen Smith, Superintendent of Schools, and Ms. Kathy Macedo, Assistant Superintendent of Schools attended meetings with the Committee, Town's Clerk of the Works, architects, and contractors' representatives for the Elementary Schools Project. Their input as well as input from the schools Principals was valuable to the Committee and architects during construction for additions & renovations at the Boyden and Elm Street Elementary Schools

Mr. Jack Conroy was elected Chairman of the Permanent Building Committee in June 2005 replacing Mr. Michael Keefe. Mr. Keefe resigned from the Committee as he was moving out of the Walpole area. The Committee thanked Mr. Keefe for his leadership from March 2004. Mr. Dino Krekis was elected Vice Chairman of The Committee replacing Mr. Philip Wild.

The Committee held various meetings with an A&E Firm, Contractor and the Town's Clerk of the Works to address design and construction issues at both the Boyden and Elm Street Elementary schools. The contract completion date of the project was March 31, 2004 for both schools. The work at each school was done in three phases. Three phases provide a way of keeping the project on schedule while school was in session. The new building facilities at the Boyden school were completed and occupied in late fall of 2003. The new building facilities at the Elm Street School were completed and occupied in early January 2004. The Committee voted to extend the schedule for certain portions of work during phase 1 in 2003 at both the Boyden and Elm Street schools after a review of reasons submitted by the Contractor. Construction at both schools was delayed further during 2005 for many reasons including unforeseen and hidden items that caused some additional time delays and had to be brought up to code. The Committee worked with the Architect to provide a color rendering layout and design for additional siding for existing building structures at Elm Street. The work was done as a separate project to reduce project costs and to prevent further delays in work being done by the General Contractor. Permanent Certificates of Occupancies were issued by the Town Building Inspector in August for the Boyden School and September for the Elm Street School.

The Committee also looked at the feasibility of replacing some of the problem rooftop HVAC units (RTU's) at Elm Street. All RTU's were evaluated by Mr. Conley, Superintendent of Building Repair, and were given a priority listing for

the Committee to evaluate. Both Elementary Schools were completed with money left over to fund some of the RTU's. The replacement of rooftop units will be determined early in 2006 when a final accounting of project costs is known.

The Town of Walpole, the Contractor and the Architect have been involved in litigation due to many delays that caused a late completion of the High School addition and renovation project. Mr. Teich, of the Committee, continued to attend meetings with Town Administration and Town Council during the year providing information regarding the lawsuit initiated by the Contractor of the High School additions and renovation project. The Committee again discussed final closeout documents required in accordance with the specification for the High School Project. Final documentation and sign off's required to receive 100% of State funding for the project.

The Committee met with members of the Board of Library Trustees to advise them in their efforts to re-file for a grant that initially was refused by State. The refusal to accept the new library plans were due to flaws in design. The Committee suggested obtaining guidance from the architect that developed the plans.

The Committee met with members of the Walpole Police Department to review a Request for Proposal (RFP) issued by the Town. The RFP was for an Architectural Feasibility Study for a New Police Headquarters and/or Police/Fire Headquarters. The Committee reviewed ten (10) proposals from Architectural Firms with various background experiences. The Committee selected four firms using a point system appraisal. Each of the firms chosen had expertise in new as well as addition/renovation type projects. The Committee met with each firm separately to assess their ability to perform in accordance with the RFP. The ranking of the firms for each school project was presented to the Town Administration for their negotiation and award.

POND MANAGEMENT COMMITTEE REPORT

The Pond Management Committee was reactivated in 2001 through the efforts of the late Selectman John Hill. He had the vision and energy to see to the community benefit of a citizen group that is dedicated to protecting the ponds in the Town of Walpole.

The Committee has four regular members (Chairman Nigel Pickering, Vice-chairman Kristen Phelps, Joan Hurkett, and Roger Turner), and associate member (Anna Oberlander). The Committee also works in close collaboration with the Recreation Department, Conservation Commission, and Parks Department. The Pond Management Committee meets the third Wednesday of each month. We welcome town residents to attend our meetings and find out more about your local town ponds.

The Pond Management Committee's goals are to protect and enhance Walpole's town-owned ponds as valuable environmental, recreational, educational and aesthetic resources. The Committee advises the Board of Selectmen on appropriate actions to improve the quality of water and the conditions of the ponds. To achieve these goals, the Committee uses scientific monitoring, watershed planning, environmental outreach, and local action using town volunteers. The principal town ponds are Clarks Pond, Cobbs Pond, Memorial Pond, Turner Pond, and Allen Dam Pond.

The Committee advocates a combined approach to pond management. Degraded symptoms exhibited by a pond, for example excessive pond lilies, are the result of long-term impact from contaminant sources above the pond. Fixing the symptoms by mechanical harvesting or chemical treatment is a short-term solution. A watershed plan is necessary to reduce contaminant loading to the ponds from the upstream areas and provide long-term protection of the pond.

The Committee invites public participation at its meetings and in pursuing its various projects. Current efforts are focused developing long-term goals for each pond, creating a citizen-based pond association, water quality sampling of ponds and streams, treatment of excessive and/or exotic plants at all ponds, improving access to all ponds, and restoring Turner Pond Lodge for recreation activities.

Summertime activities include mechanical harvesting of invasive species, such as water chestnut, and bi-monthly water quality monitoring throughout the Town. These are fun outdoor activities and we need volunteers. Last summer we were able to get assistance in harvesting water chestnut at Clarks Pond. This was not only a fun day, but an educational one as well, and we intend to repeat this again in the summer.

Last year we hired a pond consultant to assess the condition of the major ponds. That effort has helped us prioritize and budget for future restoration work. Some ponds like Turner and Cobbs require short-term management using chemical treatment while others like Clarks and Memorial will require a long-term remediation like dredging. Last year, Turner Pond received chemical treatment for Fanwort (a submerged exotic plant) and next year, at all ponds, we will use Galucerella beetles to control for Purple Lucestrife (a wetland exotic plant).

We are working aggressively to improve Turner Pond Lodge so that skating activities can resume. Using capital budget funds, the Pond Committee had the Lodge's roof replaced but work on the foundation and electrical is still outstanding. We believe there is a lot of interest in the Town to bring Turner Pond Lodge back to life. Next year the Lodge should be fully repaired and safe for public use.

The Committee uses town- and grant-based funds for these efforts. The Pond Committee's operating budget is (about \$5,000 annually), we have received a number of significant capital budget awards (about \$15,000 annually) for specific projects. We have also received funding (\$10,000) from the Army Corps of Engineers to assess Turner Pond and Mine Brook for water quality and flow problems. In the past three years, the Town has also received two large grants from the state for storm water cleanup projects (about \$600,000 combined), which is highly unusual for a single town, but is partly the result of the Committee's monitoring data and pond studies.

The Pond Committee is in the process of finalizing a new non-profit corporation, called Friends of Walpole Ponds and Watersheds. This non-profit will assist the Pond Committee in fund-raising to promote passive recreation on the ponds like skating, canoeing, hiking, and bird watching. Officers and members are urgently needed to help run this organization.

Please contact Roger Turner (508) 660-7365 with questions or concerns. You can also visit our web site for further information (<http://th.walpole.ma.us/PondMgt.htm>).

<u>PURCHASING DEPARTMENT</u>

(Town Hall, 508-660-7290; 508- 660-7292)

Michael E. Boynton - Chief Procurement Officer, Deborah A. McElhinney – Purchasing Coordinator, Purchasing Assistant – Susan C. Abate

The Purchasing Department is responsible for the efficient, effective centralized management, coordination and oversight of all activities related to the purchase, lease, rental or otherwise procurement of equipment, materials, supplies, services, and contracts for all departments within the Town Of Walpole.

By offering assistance to Town of Walpole Departments, the Purchasing Department ensures compliance with all Massachusetts General Laws, specifically, MGL Chapter 30B, Chapter 149, Chapter 30 §39M, Chapter 7, and the Uniform Procurement Act. The Legislature on July 19, 2004 passed Chapter 193 of the Acts of 2004 making changes and reform to the Public Construction bidding regulations. These changes are being incorporated into bids and Town building projects and repairs.

In 2005, the Purchasing Department was responsible for administering 4354 purchase orders and 41 Bid/Contracts. Purchasing was also accomplished using the State Bid List/Contract system; whereby the State does the actual bidding and paperwork and we as a Town are allowed to use the streamline system of ordering products and services from the approved vendors. Listed are some examples of goods/services and projects using the Town of Walpole bidding process: design/engineering services for East Walpole Revitalization Project; exterior window replacement at Plimpton School; roof replacement work done at Elm Street School Gym, DPW Garage, Washington Well #4, Minebrook Well # 3 and East Walpole Fire Station; brick and masonry repointing work done at East Walpole Fire Station; refurbishment of Town of Walpole Ladder Truck; School Bus Transportation (3 year contract); service and maintenance contracts (3 year) for elevators and boilers and burners for Town Buildings.

WALPOLE HISTORICAL COMMISSION

Commissioners-Robert B. Boyd (2008), Emily W. Conrad (2006), Mildred E. Rockwood (2006), Betty Cottrell (2008), Michael Gallahue (2006)- Associate Member Henry Scanzio (2006) and Associate Member and Secretary-Helen D. Farinacci (2006)

The Walpole Historical Commission, appointed by the Board of Selectmen, is the official advocate for the preservation, protection and development of the Town's historical and archeological resources.

The Commission meetings are held in the Town Hall as frequently as necessary but not less than six times annually. Meeting notices are posted on the Town Hall bulletin board and are called to order at 730 PM on the third Thursday of the month. Last year the commission held ten regular meetings.

During the year the Commission learned about "mothballing" vacated buildings and the dating of old wooden buildings, called Dendro Chronology. However, most of our attention was devoted to Plimpton Street and Neponset River to Everett Street. This area, known as Plimptonville, contains ten or twelve houses that should appear in our inventory of historical places but do not.

The former use of the Neponset River downstream of Plimpton Street is also being investigated.

A reporter from the Daily News Transcript became interested in Plimptonville and interviewed some of the Commission members. As a result, a front page story, with excellent photos, appeared in that paper on October 31, 2005.

The Commission reviewed a house on Peach Street for demolition and found it not to be historic. Also, locations on High and North Streets were visited in accordance with the Scenic Roads By-law.

The Commission's secretary, Helen Farinacci, became an Associate Member to our considerable benefit.

The Commission wishes to thank the Board of Selectmen and Town Administrator for their assistance during this past year.

A Message from Chief of Police Richard Stillman

January 2006

As Chief of Police I take great pride in our department's responsibility for the safety and protection of our community residents, visitors and businesses. The members of the Walpole Police Department are committed to providing the best possible policing services to our residents and recognize that successful policing cannot be done without the support of the community. On behalf of the Walpole Police Department, I offer great appreciation to our government leaders, community residents, and business partners for their continuous support and understanding of our critical work and responsibilities.

With the help of the Selectmen, the Permanent Building Committee, and others we secured the services of an architect to conduct a feasibility study for a new police station. It is our intention to bring an article to the Spring 2006 Town Meeting for design and construction of a new facility. This project is crucial for the police department to bring quality policing to Walpole. Our existing structure, although historic, is in deplorable condition, cramped, inefficient, and does not meet today's needs. I ask residents to support this project as an investment in their community and in public safety.

It is my pleasure to present the 2005 Annual Report of the Walpole Police Department. It is my intent that this report will provide the community with insight into the Department's successes in meeting the needs of the community and how it will continue to provide quality services in the forthcoming year.

Respectfully,
Richard Stillman
Chief of Police

Grant Programs

All Police Departments have seen a significant reduction in grant programs offered by the State and Federal Government. Nationally over \$3 billion has been cut from Federal programs, representing approximately a 50% reduction, forcing police departments to partner with their regional counterparts, such as the Metropolitan Law Enforcement Council, to have any chance of success. The Walpole Police have continued to be successful with the Community Policing grant and two smaller Governor's Highway Safety Bureau grants.

Community Policing Grant Program

The Massachusetts Executive Office of Public Safety provides funding to the Walpole Police Department to support the development of collaborative efforts between law enforcement, other local government agencies, businesses, schools,

community/social organizations, and citizens. The Department utilized this funding to support expenses and officer participation in special community-based programs and events, including the 4th of July events, health fairs, parades, concerts on the common, equipment and training for the RAD program, and Bicycle Unit community engagement activities. These funds also supported officer training in crime analysis, a critical component to understanding the needs of the community.

Intensive Traffic Law Enforcement

With grant funding assistance from the Governor's Highway Safety Bureau, the Department was able to participate in several nationally recognized traffic law enforcement programs targeting seat belt use and driving under the influence. The "Click it or Ticket" program and the "You Drink, You Drive, You Lose" program were effective enforcement series. The grant funding allowed many of our Officers to participate in aggressive, additional patrols and enforcement activities aimed at increasing seat belt use and reducing the incidence of alcohol and drug-related vehicle collisions. The grant also provided funding for education about the benefits of seat belt use.

Officers Becker and David Sullivan handing out flyers at the DARE graduation

Training Accomplishments

Department-Wide Training

All Walpole Police Department Officers attended the 40-hour in-service training at the South Suburban Police Institute in Foxboro. This training provided updates to Officers in criminal law, motor vehicle law, and patrol procedures, incident command, as well as CPR and first-aid training.

There has been Department wide participation in the annual Sexual Harassment training, as well as, annual Firearms Qualification. Various Officers attended many other programs to enhance professional development, including: Search Warrant Procedures, High Technology Crime Investigation, Crime Mapping, Crisis Negotiation, Narcotic Enforcement, Train the Trainer, Terrorism, and Bio-Chemical briefings.

Tactical Decision Games

To offset the lack of training resulting from time and budget constraints, we continue the Department-wide participation in Tactical Decision Games. These "Games" consist of written scenarios, which are read by each Officer. Following an assessment of the facts presented in each scenario, each individual Officer provides a written solution to the scenario and his or her rationale for response. A review and discussion of all of the individual responses provides each Officer the opportunity to learn various ways the situation could be handled.

Criminal Investigation Scientific Evidence

Patrol Officer Steven Foley has been participating in on-going training in Criminal Investigation Scientific Evidence. This course provides instruction in crime scene photography and forensic science.

Spanish for Law Enforcement

Patrol Officer Maria Gonzalez has provided a critical service to the Department through her instruction of a Spanish for Law Enforcement course in the station. This class provided Officers with valuable Spanish translations to phrases that are used daily by Officers. Officer Gonzalez has also been designated as our on-call translator and liaison when a language barrier is encountered.

Special Assignments

AED

Patrol Officer Robert Simmons

Last year, five Automated External Defibrillators (AED)s were placed in each Department cruiser and one in the police station, helping to further ensure the health and safety of the Walpole community. It is widely recognized that the prompt arrival of a defibrillator during an emergency greatly increases the likelihood of recovery. Officer Simmons has worked very hard with the community to solicit donations, coordinate the purchase and installation of these life saving devices, and has ensured all sworn personnel have received current training.

Bicycle Unit

Patrol Officer John Carmichael
Patrol Officer Tim Sullivan
Patrol Officer David Smolinsky
Patrol Officer David Sullivan
Detective Bill Madden
Patrol Officer Steven Eaton

Patrol Officer Chris Mackenzie
Patrol Officer Thomas Connor
Patrol Officer Brian Becker
Patrol Officer Daniel Rosenthal
Patrol Officer Joe Zanghetti
Patrol Officer David Haddigan

In 2005, the Bicycle Unit participated in numerous events held throughout the town. Officers attended local parades, concerts in the common, Bird Park events, road races, the Night Before the Fourth and the Carnival. In addition to their critical community policing focus, the Bicycle Unit is also placed on patrol during specific periods for special needs, as well as many other critical functions and events.

Officers Chris Mackenzie and John Carmichael working the Village Fair in June

Car Seat Technicians

Patrol Officer David Smolinsky
Patrol Officer Timothy Sullivan
Patrol Officer Chris Mackenzie

According to the Governor's Highway Safety Bureau, 90% of all child car seats are installed incorrectly. Walpole is proud to have three Certified Child Passenger Safety Technicians, all whom attended specialized, 40-hour training to learn how to properly install infant/child car seats. These Officers are available to assist parents with car seat installations to ensure their children are as safe as possible when traveling in a vehicle.

Collision Reconstruction and Investigation

Patrol Officer Stephen Foley

In 2001 and 2002, Officer Stephen Foley attended 6 weeks of specialized training in the field of collision reconstruction and investigation. This training provided instruction on how to apply the laws of physics, mathematical equations, the interpretation of physical evidence at the scene of a collision, and witness statements to determine the events preceding and following a collision. Due to the time-consuming nature of these investigations, only those

collisions involving death(s), serious personal injury or collisions warranting serious criminal charges are reconstructed. Officer Foley is also available to other members of the Walpole Police Department to assist with some of the more "routine" collisions handled by the Department.

Communications

In addition to handling 911 emergency calls, dispatchers also provide officers with critical information from The Registry of Motor Vehicles, The Massachusetts State Police, The Criminal History Systems Board, The National Crime Information Center, The FBI, and any other police department in the USA via the LEAPS Terminal Computer (Law Enforcement Automated Processing System). This system can be queried to check for outstanding warrants, stolen vehicles, and missing persons. Dispatchers also have the ability to communicate with other police departments over the radio via the BAPERN System (Boston Area Police Emergency Radio Network), in the event of an intercity emergency or mutual aid situation.

Dispatcher Joyce McCormick Taking a 911 Call

Crime Prevention

Patrol Officer Thomas Connor
Patrol Officer Chris Mackenzie

Patrol Officer Connor and Patrol Officer Mackenzie perform a critical crime prevention service by offering community presentations on security and child safety. These Officers also assist community businesses with securing their investments with alarms, lighting, and locking mechanisms. Officers Connor and Mackenzie have been working with neighborhood groups to get **organized in an effort to** reduce crime and enhance quality of life issues.

Officer Connor going to extreme lengths to insure a business is secure.

Crossing Guards

The School Crossing Guards make certain that children safely cross the streets while walking to and from school. The following is a list of these professionals and where they are assigned:

Jennifer Eaton	Main St at Gould St.
Dorothy Verrochi	Washington St. at the Boyden School
Kelly Carmichael	High Plain St. at Old Post Rd.
Julianne Galonzka	Old Post Rd at Old Post Rd. School
Victor Anchukaitis	Washington St. at Bird Middle School
Ellen Hart	East St. at Bird Middle School and
	East St. at Hartshorn Rd.
William Rumbell	Elm St. at MBTA Parking Lot
Barbara Foley	Elm St. at East St.

Chief Stillman would like to thank each of these individuals for their cooperation and dedication throughout the entire school year.

D.A.R.E.

Patrol Officer John Carmichael
Patrol Officer Thomas Connor
Patrol Officer Steven Foley

Despite the elimination of state D.A.R.E. funding, the D.A.R.E. program has continued to operate at the Blessed Sacrament School through generous private funding. Officers have been able to teach two classes this past year, assist with Child I.D. Kits, and conduct tours. Officers have also been involved with families who are struggling with teens and/or adolescents.

Patrol Officer Tom Connor (TC) at Blessed Sacrament's DARE Graduation

Domestic Violence Officer

Patrol Officer David Sullivan

Officer Sullivan is tasked with the responsibility for ensuring that restraining orders are served and returned to court, making them readily available to Officers. Officer Sullivan is also involved in providing further information and guidance to victims of domestic violence.

Honor Guard

Patrol Officer Timothy Sullivan
Patrol Officer Chris Mackenzie
Patrol Officer Steven Foley
Patrol Officer John Carmichael

Patrol Officer James Dolan
Detective William Madden
Patrol Officer Steven Eaton
Patrol Officer Brian Becker

The Walpole Police Department Honor Guard was established in 2000 to represent the Department at parades and other ceremonial occasions. Unfortunately, as a police officer falls in the line of duty every 53 hours in the United States, the Honor Guard was also created to respectfully pay tribute to these fallen hero's by attending funeral services throughout the Commonwealth. The Walpole Honor Guard is outfitted with full formal dress uniforms, complete with fully restored M14 rifles

Metro-STAR

Patrol Officer Brian Becker (Metro STAR)
Patrol Officer Tim Sullivan (Metro STAR)
Detective James O'Connell (Special Investigations Unit)
Patrol Officer Richard Ryan (Motorcycle)
Patrol Officer Joseph Zanghetti (Computer Crimes)

Walpole is a member of the Metropolitan Law Enforcement Council (Metro-LEC), a consortium of 42 law enforcement agencies in the Metro West area of Massachusetts. The Metro-LEC provides mutual aid assistance and support to meet the immediate requirements of an emergency, or unusual incident, when the nature and/or extent of the situation exceed the local response capability. Since its establishment as a non-profit organization in January 2002, the Metro-LEC has developed into an essential resource for Massachusetts law enforcement agencies, through quality services available from its Special Tactics and Response Division (Metro-STAR), Regional Traffic Safety Division, Cyber-Crime Investigations Division, and Special Investigations Division. Chief Stillman is serving his second two-year term as the President of the organization.

Metro-LECs Special Tactics and Response Division (Metro-STAR) serve as the tactical component of the organization. Walpole's Metro-STAR Officers are certified in search and rescue techniques, train in crowd control, and special weapons and tactics. They are called on approximately 30 times per year to assist local departments to resolve critical incidents.

Special Investigations Unit Officers work primarily with the Metro STAR team as their investigative wing to garner intelligence on the victims, suspect and location information to better prepare and plan the incident.

The Mobile Operations Unit assists Metro STAR at major incidents with traffic and crowd control and conducts escorts and traffic sweeps.

The Metropolitan Law Enforcement Council's Computer Crime Unit (MetroLEC-CCU) had another busy year, fielding hundreds of calls ranging from simple fraud or harassment cases, to larger cases, involving serious crimes like child exploitation or larceny of tens-of thousands of dollars.

This year, the unit saw a continued increase in crimes like scams and fraud occurring over on-line auction sites, as well as a significant increase in identity theft occurring over the Internet via a new trend in computer crimes known as Phishing.

In response to the trends in this area of law enforcement, the MetroLEC-Computer Crime Unit plans to offer training classes and awareness seminars over the coming year. In the mean time, information about how you can protect yourself from common Internet threats has been included on the Walpole Police Department Website, www.WalpolePD.com.

NIBRS

Patrol Officer John Wilmot

Patrol Officer Wilmot is in charge of the Department's National Incident Based Reporting System (NIBRS). Officer Wilmot examines incidents that meet NIBRS criteria, and ensures that all information is complete. This information is forwarded to the State Police on a monthly basis for compilation and processing for the FBI.

Patrol Division

Patrol is the backbone of all police departments. These are the people the public sees on a daily basis responding to calls, investigating accidents, taking reports, walking the beat, directing traffic, enforcing traffic laws, patrolling the neighborhoods, and a host of other duties. Their work is often stressful as they are most often dealing with other people's problems. These officers pride themselves on doing good work and helping others, even if that help involves making arrests and citing motorists. I want to especially commend the patrol division in its efforts.

Officer Simmons conducting a Field Sobriety Test

One of the 49 arrests for Operating Under the Influence in 2005

Heavy Rains in October

Lt. Salzberg assisting at the 2005 Village Fair Road Race

Rape Aggression Defense (R.A.D.)

Patrol Officer John Carmichael
Patrol Officer Jaclyn Kaulback
Patrol Officer Dave Haddigan

R.A.D. is a self-defense program for women, which started in 2004. This program has taught local women options of self-defense, as well as awareness and risk reduction strategies. Classes are held in conjunction with the Recreation Department.

Traffic/Safety Officer

Patrol Officer Warren Goodwin

Officer Goodwin not only manages the Department's computers and Record Management Systems, but also works closely with various town departments and boards regarding traffic issues. Through his collaboration with the Engineering Department, he assists with coordinating traffic plans for scheduled roadwork throughout the town. He facilitates the processing of street opening permits and engages parties in pre-construction meetings. Through his work with the Highway Department, Officer Goodwin coordinates the replacement and new installation of traffic signs and road markings. Officer Goodwin also works with the Highway Superintendent regarding detour routes and safety issues for most highway functions, including road repairs, snow removal, and sidewalk work. For the Board of Selectmen, Officer Goodwin reviews resident complaints and makes recommendations to the board on traffic safety matters. Acting with the school administration, Officer Goodwin assists with traffic and pedestrian safety issues, works closely with the school bus company representative, and oversees the school crossing guards.

TRIAD

Patrol Officer Thomas Connor

TRIAD is a result of collaboration between the Council on Aging, Police Department, Fire Department, and the Norfolk County Sheriff's Office. As the purpose of TRIAD is to promote a better quality of life among our citizens, the TRIAD Officer works to provide citizens with information on scams and identity theft, home safety, and ways to assist Police and Fire personnel in the case of an emergency.

Vehicle Maintenance

Lt. Peter Salzberg
Patrol Officer Kenneth Scanzio

While police vehicles are a very visible presence on local roadways, the work required to keep these vehicle running in conditions that allow Officers to safely respond to emergency situations is less evident. Patrol Officer Scanzio has the

responsibility for not only arranging routine maintenance and repairs to vehicles, but also properly equipping all new departmental vehicles.

Website Design

Patrol Officer Joe Zanghetti

The year 2005 included the unveiling of the new, redesigned, Walpole Police Department Website, www.walpolepd.com. Over the past few years, the popularity of the website had grown by leaps and bounds, and as the site continued to grow and expand, it eventually outgrew its own shell, and it had to be redesigned from scratch.

In early 2005, the site was completed and released, offering the residents of Walpole access to all kinds of information about the department, its officers and the Town. Find directions to the police station, and even take a look for yourself inside. Learn safety tips for you and your family about accidents, domestic violence, home and vacation safety, or how to protect yourself

against identity theft. Ever wonder how 9-1-1 works; you can find out. Find out when events are scheduled around town, and even see maps of the parade routes. How about printing out registration, accident and license forms from home without having to go down to the station; the website offers all of these services, on top of endless pages of interesting and insightful information.

The Union

The Walpole Police Union was engaged in several functions in 2005. Each year, the Union sponsors the Senior Christmas Dinner, provides scholarships, donates to needy families and other community groups, and helps provide Christmas gifts to those struggling during the holiday season.

Administrative Overview

Chief Richard Stillman has served the community as a member of the Walpole Police Department since 1977, and as Chief since 2002. Chief Stillman holds a Bachelor of Science Degree from Northeastern University and a Master's Degree in Criminal Justice from Boston University. He is also a graduate of the FBI National Academy in Quantico, Virginia. His firm commitment to Community Policing is instilled Department wide, with all personnel understanding the importance of community partnerships and implementing this commitment to the community on a daily basis.

In 2004, Deputy Chief Scott Bushway was promoted to his current position. Deputy Bushway holds both a Bachelor's Degree and Master's Degree in Criminal Justice and currently is an adjunct professor of Criminal Justice at Massachusetts Bay Community College in Wellesley. Deputy Bushway assists the Chief of Police in budget preparation, as well as the day-to-day operations of the Department. The Deputy remains the Department's Firearms Licensing Officer. Deputy Bushway conducts periodic performance evaluations and planning sessions for personnel. Deputy Bushway is also responsible for reviewing, evaluating and developing programs, policies and procedures for various departmental operations.

Lieutenant Fred Leland is the Department's Patrol Commander and works 3PM to 11PM. Fred is a graduate of the FBI National Academy. He is also the Training Officer, charged with scheduling training sessions and ensuring that specific training needs are met. Lieutenant Leland specializes in incident command and deadly force training. He is also instrumental in coordinating efforts with the Walpole Fire Department and civil defense in implementing a critical incident plan for all our schools.

Lieutenant Peter Salzberg is assigned to the day shift as shift patrol commander and special services Lieutenant. Lieutenant Salzberg is responsible for the logistics and planning of Walpole's special events, parades, road races and other activities. Lieutenant Salzberg also maintains the responsibility for scheduling and oversees special units such as the Honor Guard and the Bicycle Unit.

Administrative Assistant Judy Ryan is responsible for many Department duties, such as maintaining the budget data, processing departmental billing, and ensuring bills are paid in a timely fashion. Administrative Assistant Ryan is also in charge of processing Department payroll, managing FID cards and license to carry permits, providing copies of motor vehicle accident reports to the Registry, insurance companies, and others, processing requests for incident reports, and managing the Department's records. These duties represent only a small portion of the responsibilities of the Administrative Assistant.

Detective Overview

The Investigation Unit is comprised of five Detectives, led by Detective Sergeant Robert Anderson. All Detectives have had training in different aspects of criminal investigation, as well as in community policing. Each Detective has their own area of expertise.

The Detectives attend monthly meetings of area Detectives to share information and often learn of linkages in crimes occurring across jurisdictions. As a result, cases are often solved during these meetings. Sergeant Anderson conducts periodic meetings with the Detectives to receive updates on pending criminal investigations and to review expectations. Currently, the following Officers are assigned to this Detective Division:

Detective Sergeant Robert Anderson is responsible for overseeing the Unit's daily operation. Every incident is reviewed and reports needing investigations are assigned to a member of the Unit for follow-up.

Detective James O'Connell is assigned to the day shift, and in addition to many other responsibilities, serves as back-up Court Officer in Detective Madden's absence. Detective O'Connell has completed specialized training in sexual assault and child abuse and continues to work closely with the Norfolk County District Attorney's Officer and the Department of Social Services.

Detective William Bausch continues to be our primary drug investigator. He has extensive training in this area, and actively participates in a regional drug task force. Detective Bausch maintains statistical data on drug arrests and drug seizures to comply with the regional drug task force grant.

As the School Resource Officer, Detective Songin handles many of the issues that challenge Walpole's youth. With the joint efforts of the school administration and faculty, the Department of Social Services, the Juvenile Court System, students, parents, and the community, Detective Songin addresses the issues that Juveniles face in modern society. The primary objective is to find the optimum solution to an existing problem and obtain the most suitable services for the juvenile. Issues range from bullying to drugs and domestic violence, as well as more current issues, including computer chat lines, threats and abuse. Detective Songin is also responsible for tracking trial dates, handling arraignments, pre-trial conferences, and other juvenile court hearings.

Detective Madden is the Court Liaison Officer. He is responsible for maintaining criminal case files and schedules officers for court appearances. He works closely with the Assistant District Attorneys assigned to the Wrentham District Court to properly prepare each case for prosecution.

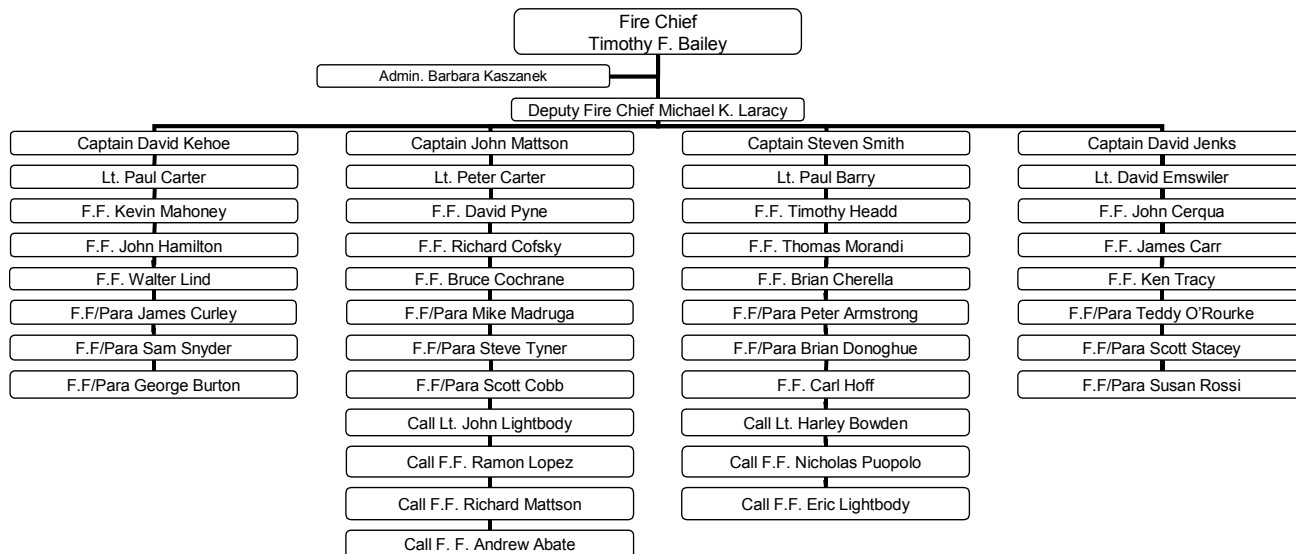

<u>Walpole Fire Department</u>

Emergency Services 508.668.0260

www.walpolefire.com

2005 Annual Report

Listed below are the officers, firefighters and staff of the Walpole Fire Department. They are a diverse, well trained and dedicated workforce, without whose talents and support my job would be impossible. I thank them for their tireless efforts protecting the lives and property of the residents of the Town of Walpole.

Mission Statement

The mission of the Walpole Fire Department is to protect life and property from the threat of fires, medical emergencies, natural and manmade disasters. In order to fulfill this mission we provide planning, prevention, education, incident control and mitigation.

I am pleased to present this, my first annual report. It has been another busy and productive year for your department. Thanks to the Town Administrator, Board of Selectmen, Finance Committee and the Town Meeting members and the taxpayers of Walpole for their continued support which allows us to maintain our delivery of life and property saving services.

Retirements

This year Chief Edward L. Hartmann Jr., 36 years, and Captain Steele J. Lightbody, 33 years, retired from the department. Both of these men were members of the first full time personnel on the department and with their retirements they are the last two of the original members to retire. They will be missed by all members of the department and we wish them well on their retirements.

Major Accomplishments

This has been another exciting year for the Walpole Fire Department with many changes. This year marked the first calendar year at the advanced life support, ALS, level. The renovation of Station 2 was completed and it was opened on September 1, 2005 for the first time as a manned station. The opening of this station as well as the retirement of Captain Lightbody resulted in five promotions, four lieutenants and one captain.

Station 2

After a year of renovations to Station 2 we were able to open the station at 0800 on September 1, 2005. The work at Station 2 was performed under the guidance of Dave Conley, Superintendent of Buildings and Don Anderson and Kevin Sullivan from Building Maintenance. It was through their extraordinary efforts that we were able to

complete this project. What they have accomplished with this building is short of amazing given the scope of the project. They had nearly completed what we called the original phase of the project when we received an additional \$500,000 from the States supplemental budget which was for fire safety improvements in East Walpole. These monies enabled us to complete the project and finish the upgrade and renovation before occupying the station. We are extremely grateful to our legislative delegation and the Office of Travel and Tourism for securing these funds for the Town of Walpole. The Station is now manned 24/7 and operates with a 3 man engine company staffed with a lieutenant and two firefighters. As a result of this station being manned we have seen a dramatic drop in our East Walpole response rates which means that we are getting to the call faster.

Personnel

It was a busy year with personnel changes within the department. In January, I took over as the Chief of Department after the retirement of Chief Edward L. Hartmann, Jr. In August, after testing and interviews we hired Michael K. Laracy to the position of Deputy Fire Chief. Deputy Laracy came to Walpole after serving with the Town of Foxborough for the past 19 years. He has a strong fire prevention background as has made a positive impact in the community since his arrival. In addition to the Deputy Chief there were five other promotions within the department at the end of August with David Kehoe being promoted to the rank of Captain after the retirement of Captain Steele J. Lightbody. As a result of the opening of Station 2 in East Walpole firefighters David Emswiler, Paul Carter, Peter Carter and Paul Barry were promoted to the rank of Lieutenant.

During the month of November three new paramedics were hired. They are Scott Cobb, Carl Hoff and Susan Rossi. They will work as paramedics on our advanced life support ambulance. We are awaiting class openings in the recruit firefighting class at the Massachusetts Fire Academy where they will be cross trained as firefighters.

Department Operations

The total number of emergency services requested are listed as follows:

Walpole Fire Department

Incident Type Report (Summary)

01/01/05 – 12/31/05

Incident Type	Count
1 Fire	
100 Fire, Other	5
111 Building fire	34
113 Cooking fire, confined to container	23
114 Chimney or flue fire, confined to chimney or flue	1
116 Fuel burner/boiler malfunction, fire confined	7
118 Trash or rubbish fire, contained	1
131 Passenger vehicle fire	14
138 Off-road vehicle or heavy equipment fire	1
140 Natural vegetation fire, Other	10
141 Forest, woods or wildland fire	1
142 Brush or brush-and-grass mixture fire	18
150 Outside rubbish fire, Other	1
151 Outside rubbish, trash or waste fire	6
154 Dumpster or other outside trash receptacle fire	2
160 Special outside fire, Other	1
2 Overpressure Rupture, Explosion, Overheat(no fire)	
242 Blasting agent explosion (no fire)	1

3 Rescue & Emergency Medical Service Incident

300 Rescue, EMS incident, other	48
311 Medical assist, assist EMS crew	10
321 EMS call, excluding vehicle accident	1570
322 Motor vehicle accident with injuries	214
323 Motor vehicle/pedestrian accident (MV Ped)	2
324 Motor Vehicle Accident with no injuries	11
331 Lock-in (if lock out , use 511)	1
341 Search for person on land	1
353 Removal of victim(s) from stalled elevator	2
360 Water & ice-related rescue, other	1
372 Trapped by power lines	1

4 Hazardous Condition (No Fire)

400 Hazardous condition, Other	49
410 Combustible/flammable gas/liquid condition, other	3
411 Gasoline or other flammable liquid spill	11
421 Chemical hazard (no spill or leak)	2
423 Refrigeration leak	1
424 Carbon monoxide incident	19
440 Electrical wiring/equipment problem, Other	10
441 Heat from short circuit (wiring), defective/worn	1
442 Overheated motor	3
443 Breakdown of light ballast	2
444 Power line down	27
445 Arcing, shorted electrical equipment	35
460 Accident, potential accident, Other	1
463 Vehicle accident, general cleanup	5
471 Explosive, bomb removal (for bomb scare, use 721)	4

5 Service Call

500 Service Call, other	6
510 Person in distress, Other	6
511 Lock-out	50
520 Water problem, Other	12
522 Water or steam leak	9
531 Smoke or odor removal	14
542 Animal rescue	2
550 Public service assistance, Other	12
551 Assist police or other governmental agency	8
553 Public service	3
554 Assist invalid	12
555 Defective elevator, no occupants	1
561 Unauthorized burning	20
571 Cover assignment, standby, moveup	18

6 Good Intent Call

600 Good intent call, Other	29
611 Dispatched & cancelled en route	64
621 Wrong location	1
622 No Incident found on arrival at dispatch address	6
631 Authorized controlled burning	8
641 Vicinity alarm (incident in other location)	2
650 Steam, Other gas mistaken for smoke, Other	3

651 Smoke scare, odor of smoke	16
652 Steam, vapor, fog or dust thought to be	5
653 Smoke from Barbecue, tar kettle	1
671 HazMat release investigation w/no HazMat	5
7 False Alarm & False Call	
700 False alarm or false call, Other	8
710 Malicious, mischievous false call, Other	2
711 Municipal alarm system, malicious false alarm	2
712 Direct tie to FD, malicious false alarm	1
714 Central station, malicious false alarm	3
721 Bomb scare - no bomb	1
730 System malfunction, Other	34
731 Sprinkler activation due to malfunction	9
732 Extinguishing system activation due to	1
733 Smoke detector activation due to malfunction	79
734 Heat detector activation due to malfunction	6
735 Alarm system sounded due to malfunction	46
736 CO detector activation due to malfunction	7
740 Unintentional transmission of alarm, Other	16
741 Sprinkler activation, no fire - unintentional	6
743 Smoke detector activation, no fire –	4
744 Detector activation, no fire - unintentional	24
745 Alarm system activation, no fire – unintentional	20
746 Carbon monoxide detector activation, no CO	8
8 Severe Weather & Natural Disaster	
813 Wind storm, tornado/hurricane assessment	3
814 Lightning strike (no fire)	15
815 Severe weather or natural disaster standby	2
9 Special Incident Type	
911 Citizen complaint	2

Calls by District

The largest portion of our calls was, once again, the East Walpole District. This trend points to the definite need for a second manned station to respond in this area developing area of town. This year building maintenance replaced all of the windows with energy efficient units. We hope to upgrade the electrical system and continue with repairs that will enable us to occupy the building on a fulltime basis in the near future.

Calls by Day of the Week The demands for service are fairly evenly spaced over each day of the week. Friday was slightly more active. Keeping even staffing on each day is important for service delivery.

Calls by Type of Response

The on duty force handled 94% of all emergency calls received, and 100% of all non emergency calls.

The full recall of off duty personnel and call firefighters has been reduced to 1% of our responses, resulting in a reduction in overtime. Savings, such as this, are made possible by increased staffing, which is more efficient, safer, and results in an increase level of service.

Fire Suppression

We experienced a total fire loss of \$1,203,000 due to fire this year. This number is the result of several major fires during the year. The first major fire of the year was on January 23, 2005 at 195 Lincoln Road. This fire occurred during a blizzard and required assistance from several neighboring communities. In March we had two house fires with the first being on March 9 at 1 Plimpton Street and again on March 25 when the Town Hall was set on fire by someone throwing a Molotov cocktail through the window. In April the department responded to 198 Kendall Street for a house fire and in May we had a 2 alarm fire at the CVS on Main Street. This fire resulted in major damage throughout the store and closed the store for four months. The month of August was busy with house fires at 225 Spring Street and 3 Bullard Lane. The last major fire in town occurred in November at 1601 Washington Street.

We received mutual aid 94 times and gave it to other towns 228 times. This, cooperative and reciprocal, arrangement of assisting each other is indispensable when dealing with multiple emergencies arising at the same time. In 2003 we received aid from the Caritas Norwood Medics 405 times with our paramedics starting in March of 2004 we received this aid on 104 times. In 2005 we received aid from Caritas Norwood Medics 47 times. This is over a 50% reduction in aid from Caritas which in turn means increased revenue being brought in by the ambulance service.

Fire Prevention

*Respectively Submitted By
Deputy Fire Chief Michael K. Laracy*

The goal of the Fire Prevention Division is to support the Departments Mission Statement: "The mission of the Walpole Fire Department is to protect life and property from the threat of fires, medical emergencies, natural and manmade disasters. In order to fulfill this mission we provide planning, prevention, education, incident control and mitigation". The Fire Prevention Division continually strives to achieve this goal through code compliance, enforcement and community education.

The fire prevention duties are conducted by the Deputy Fire Chief and Captains throughout the year. As a group we have the responsibility of overseeing and enforcing Massachusetts General Laws-Chapter 148, the Commonwealth

of Massachusetts Board of Fire Prevention Regulations 527 CMR 1-50 Fire Code, sections of the Commonwealth of Massachusetts State Building Code and also standards and guideline set forth by the National Fire Protection Association.

Over the course of the year, department personnel conducted 1,932 inspections of residential and commercial occupancy's. Some of those inspections include: Smoke detectors, oil burners, propane gas storage, fuel tank removals and installations, tank trucks, commercial fire alarm and sprinkler inspections and state mandated quarterly inspections.

The Fire Prevention Division, with the assistance of the Towns Emergency Management Director-Roger Turner, has recently completed a comprehensive "Hazardous Materials Response Plan" for the Town of Walpole. The Hazardous Materials Emergency Plan (HMEP) has been prepared to meet both Federal and State statutory planning requirements and to provide for a higher degree of preparedness to respond to incidents involving hazardous chemicals. This plan will need both the Local Emergency Planning Committee and the Board of Selectmen's approval prior to being implemented.

The Fire Department conducted a number of combined inspections with the building department. In 2005 a new law was established by the Commonwealth of Massachusetts that both the building and fire departments permit and conduct joint inspections of all licensed liquor establishment within their communities. Between both departments twenty-nine permits and inspections were conducted. This new law was the result of the devastating "Station Nightclub" fire in Warwick Rhode Island.

Due to the number of deaths related to Carbon Monoxide poisoning, new laws have been created to protect residents against this danger. CMR 248, The Plumbing Code, requires that any direct vent heating appliance installed shall be equipped with a carbon monoxide detector. Also requirements have been set for the distance that these vents can be directly vented in relation to the outside grade level. This new code change was to prevent the build-up of snow against this vent, which could back vent carbon monoxide into the home. Also Starting March 31, 2006 carbon monoxide detectors are going to be required in all buildings that fall under MGL Chapter 148 section 26F ½. More information, in regards to this new carbon monoxide law, will be forthcoming as the Walpole Fire Department is updated by the Department of Fire Services.

During 2005 the Fire Prevention Division permitted and inspected a number of Vent Free Space Heaters within the Town of Walpole. With the acceptance of Vent Free Fire Places within the Commonwealth of Massachusetts a number of residents have opted to install these heating appliances as a source of heat. It is important to note that these appliances can not be the primary source of heat within the room of installation. Also a carbon monoxide detector is required to be installed within this room for added protection. Since these appliances vent directly into a room, an Oxygen Depletion Valve is required and shall be installed on these types of appliances. When and if the oxygen levels decrease within the room of origin, this devise senses monitors this level and shuts down the appliance for safety reasons.

The Walpole Fire Department has submitted a grant application to receive 250 free smoke detectors that would be made available to the citizens of Walpole that could not otherwise afford these detectors. This was a comprehensive grant application that was completed by Firefighter Timothy Headd and submitted to the Massachusetts Departments of Public Health and Fire Services. We should be receiving confirmation on this grant in January of 2006.

Throughout the course of the year the Fire Prevention Division has been working with the Department of Corrections in dealing with issues such as intentional alarms and fire department personnel safety when responding to emergency's at the prison.

In December of 2005, a program was developed by the building and fire department to inspect all apartment buildings that have four or more units starting in February of 2006.

In conclusion, I would like to take this opportunity to thank the members of the Walpole Fire Department for their continued support during 2005. As always their dedication and commitment in providing the citizens of Walpole the very best in fire prevention has not gone unnoticed. As always we ask our citizens to continue to take fire safety seriously and to be extra cautious and aware of any hazards in and around the home. Please feel free to contact our office if you have any questions or concerns. We are always here to listen to any comments or suggestions that that you may have that could improve our commitment to the protection of life and property to the citizens of the Town of Walpole.

Emergency Medical Services

Prepared and Submitted By
Lieutenant/Paramedic David Emswiler, Emergency Medical Services Coordinator

The Walpole Fire Department continued to be one of the busiest departments in the area in 2005, responding to 1797 medical calls for the year. Of those calls, the department transported 1513 patients to area hospitals.

Staffing of the second ambulance has allowed the department to handle more multiple calls than in the past. This year Walpole received mutual aid for medical calls 128 times, down from 169 the previous year. Responding to our own calls allows the residents of Walpole faster treatment by their own department and it also allows Walpole to collect the revenue created by the call. Ambulance 1 and Ambulance 2 combined to respond to other area towns 269 times during the year.

We make every effort to increase revenues and demonstrate the ability to deliver a quality product in cost effective manner. The town continues to enjoy the expertise of our ambulance personnel to fight fires as well as handle medical emergencies. Advanced Life Support increased billing goes directly to the support staffing.

Public Education

Prepared and Submitted By
FF/EMT Walter Lind, Public Education Coordinator

We have continued to present our Public Education Program to various residents throughout the town. Once again this year we continued our programs main goal in reaching all students in grades K and 1. With help from local business we were able to once again run our Annual Open House. Once again, we were unable to start a “Dorm Room Safety” program for the high school seniors due to the lack of funds. We will continue to assist other departments in town with fire safety programs as requested.

This year we presented our programs to the following:

Kindergarten and Grade1	700 students
Fire Department Open House	500
Fire Station Visits (Day Cares, Pre-Schools, and other groups)	1000
Health Fair	200

Once again this year we will reach well over 2,000 people. Our hope is that the State will find a way to once again fund the program and help us teach the citizens of Walpole fire safety for many years to come.

I would like once again to thank the Walpole Permanent Firefighters Local 2464 for their generous donation of 500 t-shirts for all the grade 1 students for the 5th straight year.

Presently our Public Education Team consists of the following firefighters: FF Walter Lind, SAFE/Public Education Coordinator, FF’S Paul Barry, Brian Cherella and Peter Armstrong.

Training

Prepared and Submitted By
Lt/EMT Paul Barry, Training Coordinator

Throughout the year members continue to exhibit their dedication by working hard to further their education and training. We continue to conduct in-service training as time and call volume permit. While in-service training is the most cost effective way to conduct training it can be difficult to complete without interruptions. Many members also continue to take specialized classes offered by such sources as the Massachusetts Firefighting Academy, the National Fire Academy, Federal Emergency Management Agency, International Association of Fire Fighters, and the Massachusetts Chapter of the International Arson Investigators Association.

The department again applied for The Fire Act Grant with the intent to conduct Rapid Intervention Team training and a follow up to the Hazardous Materials First Responder Operational class. The training would have consisted of classroom and practical (hands on) evolutions that prepared our personnel in the event of an emergency. Unfortunately we were denied the funding from the Federal Government but will continue to seek alternative sources of funding for these classes as well as other much needed training sessions.

All new hires are required to attend the Recruit Firefighter program through the Massachusetts Firefighting Academy in Stow. This rigorous professional training is conducted over eleven weeks and provides our newest firefighters with the basic skills to perform their jobs effectively and safely. All aspects of firefighting ranging from physical conditioning, hazardous materials, vehicle fires, extrication, water rescue and structural firefighting are among a few of the subjects covered during the fifty-five day program. Four members were admitted to the Recruit Program in 2005, two, Scott Stacey and George Burton, graduated, two members resigned and three are currently on a waiting list to attend a new and expanded twelve week program.

The department's training goal is to promote the development and enhancement of the necessary skills and knowledge for each member to operate at the optimal level. Through proper training we strive to minimize property damage and eliminate loss of life.

Apparatus and Equipment

This past year we were able to refurbish our 1989 E-One Ladder and our 1991 F-350 4x4 Brush Truck. This will allow us to extend the use on both of these vehicles for several years to come. In addition to the two refurbishments we were able to have our 2004 Tahoe painted to match the rest of the fleet. This was done through the generosity of Assured Collision at no cost to the Town. We were also able to upgrade our equipment with a new thermal imaging camera for Ladder One and a new set of Jaws and Air Bags for Engine.

Fire Alarm

Prepared and Submitted By

Captain John Mattson

Deputy Fire Alarm Superintendent

The Fire Alarm Division is working hard to maintain the existing hard-wired telegraph system while the new wireless radio alarm boxes are phased in over the next couple of years. There have been several circuit failures requiring emergency repairs and immediate maintenance during the 4-6 months. The hard wired system, due to its age and deteriorating condition is very susceptible to damage and failure caused by severe weather and compromise from the tree limbs and branches. There are approximately 80 existing properties in Walpole that will need conversion to the new radio type master boxes.

Twenty-eight wireless master box installations have already been completed in new and existing buildings to date. The Fire Alarm Division, when not engaged in emergency repairs and maintenance, will focus on the removal of existing street type pull boxes located on utility poles and all overhead wire associated with their operation.

Night before the 4th Celebration

Prepared and Submitted By

Captain Stephen H. Smith

The Town of Walpole Firefighters hosted the 48th annual Night Before the 4th celebration. This annual event is put on each year through the volunteer efforts of many department members and their families as well as friends of the firefighters. These volunteers make the night a huge success like it has been for years.

The fireworks display has been put on by Atlas PyroVision Productions Inc. from Jaffrey, New Hampshire since the first year the celebration took place. All costs associated with the entire evening are offset by the many donations the department obtains throughout the year. No Town of Walpole monies are used for this event and all donations are welcome.

The event starts with a fire apparatus parade that begins in East Walpole and finishes in the center of town. This parade has been coordinated by Michael Boynton and the past three years has seen an increase of apparatus from all over the state. His efforts are appreciated by the committee.

The Committee would like to thank all the volunteers who worked the night and who continually show up year after year to make this occasion a success.

Thanks go to the DPW who did another outstanding job cleaning up the downtown area in the early morning hours of the 4th. We hope to see everyone there for the 49th Annual Celebration.

Committee members: Stephen H. Smith, Chairman, Timothy Bailey, Peter Carter, John Hamilton, Barbara Kaszanek, Walter Lind, Kevin Mahoney and Michael Boynton

Annual Open House

*Prepared and Submitted By
Public Education Coordinator
Firefighter/EMT Walter Lind*

The Department hosted our annual Open House during Fire Prevention Week. The firefighters and officers help prepare for the event and donated their time to put on exhibitions and displays.

The following members of the Department deserve special recognition for their participation: Captain Jack Mattson, Lt. Peter Carter, FF's James Curley, Steve Tyner, Mike Madruga, Bruce Cochrane, James Carr, Rick Cofsky, Dave Pyne, Brian Cherella, Walter Lind, and Call FF Andy Abate.

In addition to the members of the fire department that were there that day I wish to thank the following for their support, donations and hard work: Chris's Service Center, MacDonald's - Main St., Papa Gino's, Walpole Mall, The State of Mass. Wildfire Team, and Sue Padell (Higbee the Clown).

Fire Department Revenues Collected

	2003	2004	2005
Ambulance service	\$315,883	\$464,954	\$726,863
Smoke detector compliance	\$ 7,765	\$ 12,243	\$ 11,770
Underground storage	\$ 2,520	\$ 5,445	\$ 3,710
Tank truck inspection	\$ 740	\$ 145	\$ 1,190
Oil burner installations	\$ 1,130	\$ 1080	\$ 3,015
Flammable storage	\$ 980	\$ 765	\$ 1,565
Blasting permits	\$ 190	\$ 210	\$ 535
Reports	\$ 619	\$ 312	\$ 632
Burning permits	\$ 11,424	\$ 11,330	\$ 10,975
Fire alarm box service	\$ 6,745	\$ 16,200	\$ 15,477

<u>Miscellaneous fees/permits</u>	\$ 1,245	\$ 1,314	\$ 1,295
Total Collected	\$349,241	\$ 513,998	\$ 777,027

Conclusion

In closing, I would like to thank all of the citizens, officials, boards and committees of Walpole for their assistance throughout my first year as Chief. The Department has grown to keep up with the constant increased demand for services and continues to grow as the Town continues to grow. The opening of Station 2 in East Walpole on September 1, 2005, is a positive step forward in meeting these demands. I extend my thanks and appreciation to all members of the Walpole Fire Department who have made my first year as Chief a very satisfying and productive one. They are a very dedicated and hardworking group who strive to make the Town a better and safer place to live. We, as a department, will continue to look for ways to improve and adapt our service so that we can provide the citizens with the level of service that they have come to expect.

ANIMAL CONTROL OFFICER

508 660 7327

John Spillane, Animal Control Officer.. Mary Dugdale, Senior Clerk

The animal control officer, appointed by the selectmen, is charged with the responsibility of enforcing the by-laws and rules concerning all animals and the licensing of all dogs in town. All dogs six months of age or older must be licensed yearly starting on January 1st. Owners of unlicensed dogs after March 1st are subject to a late fee and possible citation, per state law. Any dog running loose or unlicensed are subject to fines. Licensing requires proof of rabies vaccination. All cats must be up to date with their rabies shots also. Walpole still has a rabies problem.

To protect pets and family:

- vaccinate dogs and cats
- keep pets restrained at all times
- feed pets inside and do not leave food outside
- place trash outside on day of collection
- cap chimneys to keep animals out

If you or your animals come in contact with a suspected rabid wild animal, call police and animal control immediately. The high risk animals include:

Raccoons, feral cats, skunks, woodchucks, bats, foxes and coyotes.

Enjoy watching wildlife, but do not touch them. Walpole is home to a growing number of deer, coyotes, foxes and fishers. Any problems with these animals should be handled by notifying the animal control officer.

STATISTICS	2003	2004	2005
LOST DOGS	13	0	8
DOGS PICKED UP	59	57	61

WALPOLE LOCAL EMERGENCY PLANNING COMMITTEE

Michael Boynton, Town Administrator (Chairman), Robin Chapell, Health Agent (Vice-Chairman), Lois Pineau, School Dept., (Secretary), various town departments including Police, Fire and Business Community

The Walpole Local Emergency Planning committee has been meeting about every month to coordinate the integral roles each department will be responsible for in responding to an emergency. The Committee has been updating the comprehensive emergency management plan for the Town. This year most committee members and other Town Employees were trained in Incident Command and the National Incident Management System. We also performed a tabletop exercise where we found out our strengths and weaknesses during an emergency situation.

The Walpole LEPC partnered with the Walpole Health Department (with funding from the Massachusetts Department of Public Health) and produced magnets about family communication and emergency plans and a family emergency sheet for all residents to fill out with their families so they can be prepared during an emergency. These were distributed through the school system and our Council on Aging. More are available in the Health Department.

WALPOLE EMERGENCY MANAGEMENT (Civil Defense)

Director:	Roger F. Turner, Jr.	Administrative:	Pat Kelly
Deputy Director:	David Doe	Sheltering:	Don Weber
Deputy Director:	Philip R. DuBois	Nursing:	Betty Nashawarty
RACES Officer:	Dave Doe	Consultant:	Betty Cottrell

Indeed, Walpole Emergency Management (EMA) has been very busy. Some of major activities during of the past year are mentioned below. Walpole Emergency Management continues to support the Walpole Local Emergency Planning Committee (LEPC).

In November 2005, Massachusetts Emergency Management Agency (MEMA) rolled out their all new Web Based Ecem Plan templates. Walpole EMA has undertaken the task of completing this new (very different) Web Ecem plan. In the future, Public Safety officials will be able to look at all of the Ecem plans on a secure MEMA Web site. Walpole EMA is also the lead agency with National Incident Management System (NIMS) compliance. The reporting is also Web based. Walpole EMA hosted an ICS-100 program conducted by a MEMA instructor. Additional NIMS and ICS training were completed. In short, community NIMS compliance is now required for federal funding eligible. (Note: NIMS and ICS training courses are available on the FEMA Web site.)

The Walpole Deputy Fire Chief has taken over the SARA, Hazardous Material portion of our All-Hazard Ecem Plan. This plan is a companion of the plan that Walpole EMA has been working on. Like other parts of the plan it will be integrated into the new MEMA All-Hazards Ecem plan format.

Walpole EMA sponsored their second (2) Walpole Citizen Corps, Community Emergency Response Team (CERT) class. The CERT course was conducted at no cost to the town or to the participants. Walpole EMA will again be sponsoring a course during the spring of 2006.

October 2005 rain event caused flooding in numerous locations within the community. Under the provision of Walpole Declaration of Emergency policy, a Declaration of Emergency was declared that was later ratified by the Board of Selectmen. This Declaration of Emergency allows the community to request assets from other organizations. Walpole Town Administrator made a request for the large flashing signs like the ones used by Massachusetts Highway Department. Walpole EMA passed on the request to MEMA Region 2. MEMA Region 2 coordinated the request and Massachusetts Highway Department shortly delivered and set up the requested large flashing signs. The signs were utilized to advise motorist of the detour under the Elm Street rail road bridge. (The system does work.)

For the first time in many years, The National Weather Service SKYWARN training program could not be held, however a program will be conducted in May of 2006. Walpole will also be hosting our second all day Emergency Communications Workshop.

Walpole EMA has attended all of the MEMA meetings and as many of the training seminars as possible.

Walpole overall emergency planning has always counted heavily on the importance of Radio Communications and on the dedication and expertise of our fine group of Amateur Radio Operators. The role of the Amateur Radio program, as in the past demonstrated their worth during this past year's emergency event when all of the customary radio communications systems failed. Walpole EMA communications group participated in three (3) major communications drill. As in the past, for the major drill a portable communications station was set up in the Town Hall, Senior Center. Through the leadership of the Town Administrator, Walpole EMA is in the process of working with others to establish a more suitable Emergency Operational Center at the Town Hall.

As in the past, we invite local and area residence to observe and participate in these important drills. Walpole has a good relationship with our local partners. Walpole continues to take a leadership role in emergency communication. A Western Norfolk County Emergency Communications group has been formed and quarterly meetings with local EMA Directors, Radio Officers, staff and interested parties are an ongoing part of our activities. Our Communications Group is active in all Eastern Massachusetts Radio Amateur Civil Emergency Service (RACES) and Amateur Radio Emergency Service (ARES) group activities. Walpole EMA Communications group looks forward to assisting public service organizations with their communications needs.

Walpole Emergency Management Communications group has an excellent record in supporting and participating in state RACES monthly communications drills and other special communication drills. RACES is regulated by the Federal Communications Commission under section 97.401 of the regulations. The RACES program finds its roots and direction from the Federal Emergency Management Agency (FEMA), and is controlled by state and local Emergency Management agencies.

Walpole Emergency Management is a partner with the National Weather Service in Taunton and regularly attends meeting at the NWS Office.

The Communications Group continues to host the Norfolk County Emergency Preparedness Net. Deputy Director, Dave Doe, K1HRV is the net manager and the net is in its ninth year of operation. The net is held every Sunday night and is also activated during emergency situations and during severe and unusual weather events. Real time weather and damage information is forwarded directly to the National Weather Service in Taunton via our radio system. In return we receive real time information on approaching storms. The reports that are collected from our area and from other participating nets help to verify on the ground weather events with real time observations and information.

Walpole EMA looks forward to outreach opportunities for discussing emergency preparedness to community organizations.

MEMA offers many training seminars and training opportunities dealing with National Incident Management System, Incident Command System, Animals in Disasters, School Multi-Hazard Planning, Hazard Mitigation Planning, Communications, Terrorism and Weapons of Mass Destruction (WMD), Debris Removal, along with a variety of other programs. The Federal Emergency Management Agency (FEMA) through the training institute offers many on-line programs. All of the programs are offered at no cost. The programs are continually updated and credit is offered.

Today Walpole Emergency Management works diligently to keep abreast of the ever-changing needs and events that have and will continue to impact our community and country. Walpole EMA is a strong advocator of personal, family safety and emergency preparedness. People helping people are the backbone of individual and community survival.

Today, the challenge ahead includes All Hazards Planning. Terrorism, Weapons of Mass Destruction (WMD), School Multi-Hazards, the ever increasing need of our ever growing elderly population, those with special needs, animals in disasters are in the forefront of our planning. The threat of natural and man-made disasters is real. Over the years Walpole has experience first hand the effects of hurricanes, winter storms, floods, power outages, blackouts, fires and chemical accidents. MEMA and FEMA have also placed earthquake preparedness on top of the list of potential natural disasters.

In closing, experience has taught us that there is no substitute for individual and family preparedness. Being prepared is the responsibility of all of us. During the time of emergency, public safety resources as well as the resources of volunteer agencies will be taxed to their fullest. Every person and family should have a Disaster Plan. A component of this plan is a Family Communications Plan. All members of the family should take part in the emergency planning process. Your plan should be exercised. All of us must at least plan for the first 72 hours and our family plan should include preplanning and supplies for 14 days following a disaster. Response to disaster and recovery is a coordinated effort of neighbor helping neighbor. During and following a disaster, your disaster plan and disaster 72-hour emergency kit and 14 days of family supplies will be very valuable to you and to your family. Do not forget to plan for the needs of your pets; the needs of the young, elderly and those with special needs.

Your Emergency Management organization is a small, but effective group of dedicated citizens, which work for the community. Our organization will continue to be active during a declared emergency or whenever the situation warrants.

On behalf of the town, we wish to express our sincere appreciation to our loyal, regular members and to that special group of people who volunteer during the time of emergency.

Walpole Emergency Management encourages persons who are interested in participating with our group or any other group to become pre-registered with that group and become a trained and knowledgeable volunteer. Like all of our partners we continue to look for good people who can assist in the day-to-day operation and/or who will be available to assist during the time of emergency.

If you are interested in participating in our activities, contact us by writing to Walpole Emergency Management, Walpole Town Hall, Walpole, MA 02081. In the event of a declared emergency, you may call 508-668-1095 and the dispatcher will contact us.

REPORT OF THE FINANCE DEPARTMENT

(Accounting 660-7318 *** Collections 660-7299 *** Treasury 660-7311)

Mark S. Good, Finance Director – Treasurer and Collector

Accounting Department: Arti Mehta, Town Accountant; Karen Beaton, Assistant to the Town Accountant; Dorothy Jennings, Accounts Payable Clerk.

Treasurer and Collector Office: Gerard Lane, Assistant Treasurer and Collector. Elizabeth Cianci and Doreen Riley, Customer Service Representatives. Laurel DeMore, Payroll Administrative Clerk; Joy Idman, Customer Service Representative.

The Finance Department was created in 1988 when the Walpole Home Rule Charter was amended to create the position of Finance Director. The Finance Director directs the Town Accountant and assists the Town Administrator in the preparation of the Annual Budget. More importantly, the Finance Director watches over the financial well being of the Town. Acting as the Treasurer and Tax Collector, the Finance Director is responsible for debt and cash management. The Finance Department is responsible for collecting and accounting of all taxes, utility bills, fees, permits and other municipal charges generated by town departments; reconciling all accounts; preparing payroll and account payable disbursements and filing various reports for federal, state and town departments. A valued staff of eight accomplishes the work in the department. We have highlighted here the key financial areas important to the operation of the town.

Debt and Fiscal Management

The Town started off with \$42.6 million in temporary debt. After paying off \$12.million and issuing permanent debt in the amount of \$9.2 million, the Town was left with \$21.3 million in temporary debt, which was issued on November 4, 2004 with a 1-year maturity. At that time, Moody's Investor Service, a leading credit rating agency, affirmed the Town of Walpole's Aa3 credit rating on permanent debt and rated the temporary notes similarly to the Aa3 bond rating. The \$21.3 million consists of \$16.7 million for the construction and reconstruction of the Boyden and Elm Street schools and \$4.6 million for the construction and reconstruction of the High School. The now reorganized Massachusetts School

Building Authority has committed to paying the Town a portion of the 63% reimbursement for the High School in coming months, which will further reduce indebtedness in future periods.

Total outstanding permanent debt (including the General Fund and Sewer and Water Enterprise funds) increased to \$34.4 million. This amount includes a bond issue dated November 1, 2004 for \$9.2 million as noted above. The twenty-year bond includes funds for a portion of the High School reconstruction, Lincoln Landfill capping and an assortment of small building improvements and equipment purchases. The audited Financial Statement notes that total outstanding debt for the period ending June 30, 2005 increased by \$4.6 million after recognizing a bond issue dated November 1, 2005. Total debt outstanding as of June 30, 2005 is \$39 million after factoring in the November 2005 issue. The November 2005 issue permanently finances the remaining balance of the Boyden and Elm Street schools and the first phase of planning for the design and construction of a new Police Station.

Stabilization Fund

Massachusetts General Law Chapter 40, Section 5B allows a community to establish and maintain a Stabilization Fund to which may be added monies as reserve for capital projects or operational purposes. Monies can only be added to and removed from the fund by a 2/3 vote of Town Meeting and appropriated for any lawful purpose. The town may contribute not more than 10% of its real estate equalized valuation (EQV), as determined by the Department of Revenue, in the fund. Based on the 2005 EQV, the limit for the Town of Walpole is \$330,618,550. As of June 30, 2005, the fund balance is \$1.0 million, a reduction of .5 million compared to the same period ending 2004. Town Meeting appropriated \$310,000 to construct bleachers at the High School athletic field and \$187,167 to fund the deficit in the Snow and Ice operation. Reserve funds are one measurer of a community’s financial position and are important indicators of credit risk. By adding to the balance, the Town strengthens its financial position and is thereby more attractive to investors interested in purchasing the town’s debt. When the balance is lowered, as is the case this year, investors become leery.

Undesignated Fund Balance and Free Cash

The free cash calculation starts with the undesignated fund balance. This is the amount of available expendable financial resources that is not reserved or designated for a particular purpose. To this, the state adds the revenue collected in excess of the estimate and deducts the unpaid property taxes and other deficits to determine a town’s free cash. Once certified by the State, town meeting may appropriate free cash for any legal purpose.

Like the Stabilization fund, free cash is a necessary component of sound fiscal management. Credit rating agencies, like Moody’s, and the financial market as a whole, look at a community’s undesignated fund balance and free cash levels as measures of the town’s ability to weather an unexpected downturn in revenue or increase in expenses. The Town of Walpole needs to maintain these reserves at levels that satisfy the credit rating agencies and investors in general. The

Town has established a policy whereby the free cash level is not less than 5 percent of the operating budget. Fund balance and free cash are not the only measurers of a municipality’s credit worthiness, but they are very important and need to be held to the established levels. Communities failing to meet the standards set face higher interest costs as a result of lower bond ratings. For the period ending June 30, 2005, the Town’s undesignated fund balance held steady at \$5.3 million.

Consequently, the Massachusetts Department of Revenue certified the town’s free cash as of July 1, 2005 in the amount of \$2,685,039. This amount is available for appropriation in fiscal year 2006. The prior year certified free cash was \$3,398,660.

State Aid

The Commonwealth took a steady-as-you-go approach to the fiscal year 2005 Cherry Sheets distribution, as Chapter 70, Lottery and Local Assistance were level funded. The Town received \$7,593,264 in fiscal year 2004. In fiscal year 2005 \$7,757,211 was received, the increase attributable to reimbursement for charter school tuition.

Chapter 70 is intended to assure fair and adequate minimum per student funding for public schools through out the state. Municipalities have an obligation to meet a level of spending as determined by the Department of Education to achieve the minimum per student spending. While the debate over equity versus adequacy raged on, the Town received the same amount as the previous year.

The Commonwealth persisted in capping Lottery money limiting the total amount distributed to municipalities through this reimbursement program. The only goods news being that the State Legislature agreed to begin a phased in approach to uncapp the amounts that would be available to cities and Towns from receipts generated by the Lottery.

The Town expectations that the Commonwealth might begin to increase Cherry Sheet distributions were dashed. To meet an ever-growing budget, the Town looked inward, tapping new growth in real estate and relying on other one-time money to bring revenue in line with expenditures.

The Finance Department

Income from invested operating funds is used each year to balance the operating budget. In 2004, \$206,747 was generated from this revenue source. \$320,629 was received for the period ending June 30, 2005, an increase of 55% due to the rising interest rates experienced throughout the year.

With the staffing cuts experienced in fiscal year 2003, the office is now at the bare minimum and any further cuts will test our statutory responsibility to process receipts and pay payroll and accounts payable.

The Department processes a large volume of transactions throughout the year as evidenced by the numbers. We issued around 39,834 accounts payable and payroll checks, 24,987 Motor Vehicle Excise tax bills, 9,521 Real Estate and Personal Property tax bills four times a year or 38,084 and over 28,000 water bills. This does not cover invoices and purchase orders and payment transactions. In light of this volume, it is important to efficiently utilize automation to reduce cost and productivity of the operation. The process has evolved from manual typing of bills and handwritten entries of all payment transactions to creating and printing bills in the computer and electronically posting thousands of payments in seconds. That is measurable productivity. Today we continue to look for ways to increase efficiencies and productivity in the office by utilizing innovation in technology. The Internet has become a major tool in cash management and the transfer of information. The importance of maintaining and upgrading this tool cannot be emphasized enough as the return of investment is measurable in time and money.

The Department is committed to enhancing the value of service provided to our customers. This goal has been met this year and will be continued going forward.

LONG TERM DEBT SERVICE OBLIGATIONS BY FISCAL YEAR

AS OF JUNE 30, 2005

Fiscal Year	Principal Payments	Interest Payments	Total Payments	General Debt	School Debt	Sewer Debt	Water Debt

ACCOUNTING OFFICE

(508-660-7317)

Arti P. Mehta, Town Accountant, Karen Beaton-Assistant Town Accountant, Dorothy Jennings-Principal Clerk

The Accounting department is a division of the Finance Department and is charged to comply with Massachusetts General Laws for municipal finance, including the maintenance of the official financial records of the Town. The department is responsible for processing the warrants for Accounts Payable and payrolls, tracking the Town's fixed assets, maintaining the Town's general ledger and reporting financial information to state and federal agencies.

For fiscal year 2005 ending June 30, 2005, the free cash has been certified at \$2,685,039 compared to \$3,398,660 the previous year. Fall Annual Town Meeting voted to use \$466,372 of the certified balance for different purposes, leaving the balance of \$2,218,667 available for appropriation. The last seven years' certified free cash are as shown in the table.

FISCAL YEAR	Free Cash
1999	661,676
2000	1,291,071
2001	1,438,433
2002	1,856,092
2003	2,065,264
2004	3,398,660
2005	2,685,039

The yearend 2005 financials have been audited by 'Roselli & Clark', CPA of Woburn, MA. Enclosed are the General Purpose Financial Reports for fiscal year 2005. Additional notes to the general-purpose financial statements are available in the Basic Financial Statements, copies of which are available in the Finance Department.

The Town added \$2,500,000 in fixed assets in fiscal year 2005. Washington Street bridge repair and E. Walpole Fire station renovation were significant assets added during the year, along with routine upkeep. The detailed inventory and depreciation schedules are available in the Accountant's office for viewing. A summary of financial highlights may be found in Management's Discussion and Analysis found in the beginning of the Basic Financial Statements.

I would like to thank Karen Beaton and Dorothy Jennings for their invaluable support through out the year.

BOARD OF ASSESSORS

(Town Hall, Room #115, 660-7315)

Assessors: Clement Boragine – Chairman, John R. Fisher – Clerk, Edward F. O'Neil – Assessor

Professional Staff: Dennis J. Flis, Pamala Spence, Adriela Fernandes, Karen Connolly

Function of the Assessors Office:

The main priority of the office is to provide fair and equitable valuations for the purpose of taxation.

The Town currently values all real and personal property. Assessors have a responsibility for the Motor vehicle excise tax bills originated by the State Registry of Motor Vehicles. The Registry updates bills to reflect recent change and then pass the bills on to the Town for distribution. Assessors grant abatements and answer questions regarding excise tax bills. The Assessors also do not determine property taxes. The Municipality itself determines the level of taxation, through its Town Meeting process.

Exemptions:

Massachusetts General Laws allows certain taxpayers exemptions from all or a portion of their property tax bills. These exemptions are allowed to those who qualified under state law, primarily from among the elderly, disable veterans, the blind, widows and widowers, and minor children of deceased parents. In order to receive an exemption, you must apply at the Assessors Office. The statutory exemptions were increased by 50% at the Annual Spring Town 2005 Meeting. In FY 2005 a total of 335 property tax exemptions were granted for a total of \$248,657.

Additional Information:

The Board of Assessors completed the state mandated interim adjustment of assessments program for FY 2006. Beginning in FY 2005 all communities in Massachusetts are now required to update their assessments annually. Over the last year, Walpole experienced an increase in the value of residential properties. During that period, the average single family home assessment increased by approximately 5.54%, from \$409,370 to \$432,084. The commercial class of properties increased by 6% with the industrial class of properties increasing by 7.5% over this same period. The percentage share of valuation for the town now consists of: 88% residential and only 12% commercial, industrial & personal property.

Average single family home assessment was \$432,084 in FY 2006.

Average single family tax bill was \$4,727 in FY 2006.

Average single family tax bill increased by approximately 5% or \$229 over the FY 2005 tax bill.

Approximately 25,584 Motor vehicle excise bills were issued in FY 2005.

Approximately \$41,440,794 was raised through property taxes in FY 2006.

Approximately \$3,217,105 was raised through motor vehicle excise in FY 2005.

New Growth in FY 2006 accounted for \$888,947 in additional revenue for the Town.

Property Taxes & Motor Vehicle excise accounted for 67% of the Town's Total Revenue in FY 2006.

ASSESSMENT & CLASSIFICATION REPORT FY 2006

Property Type	Accounts	Assessments
Single Families	6,113	\$2,641,329,900

Exempt Properties	494	\$298,712,700

FY 2006 Tax Rate: Residential Class .. \$10.94 Commercial, Industrial, Personal .. \$14.15

FINANCE COMMITTEE

The Finance Committee is comprised of 15 volunteers appointed by the Town Moderator. The Committee is empowered by the Town Charter to advise and to make recommendations to the Town Meeting Representatives as to its judgments on all articles and budgets of the warrant report. The Committee acts as an advisory committee on all financial matters of the Town and reports its recommendations to each residence prior to each Annual or Special Town Meeting.

The Finance Committee spends a significant amount of time reviewing the annual operating and capital budget of the Town. Our review includes consideration of historical expenditures, department requests, Town Administrator recommendations and the recommendations of other Boards and Committees. In all cases, the Finance Committee attempts to obtain both sides of an issue in order to insure that our ultimate recommendation is well informed. In certain cases, the Finance Committee will form sub-committees to meet with departments that have larger operating budgets that require more time for complete review. The Finance Committee is always willing to meet with any department or group that wishes to discuss their specific situation. A similar process is followed for all other warrant articles that have financial implications. The majority opinion of the Finance Committee is then presented to all residents and Town Meeting Members prior to each Town Meeting.

The Committee has sole responsibility for the disbursement of monies from the Reserve Fund. The Reserve Fund is a budget set at the beginning of each year to provide for extraordinary or unforeseen expenditures.

The Finance Committee meets on Mondays and Thursdays at 7:30 p.m. prior to Town Meetings, at Town Hall. It may be necessary to hold additional meetings from time to time in order to fulfill the duties and responsibilities of the Committee.

All Finance Committee meetings are open to the public. The dates and times of all meetings are announced and posted, in advance, at Town Hall.

CAPITAL BUDGET COMMITTEE

Robert Connolly, Chair (2008) - Mark Comiskey, Vice Chair (2008) - Joanne Wohler, Clerk (2006) – Edward C. Forsberg (2008) – Jack Dean (2007)– Carol Lane (indefinite appointment by Finance Committee) (2006) – Thomas Barry (2006)

The year 2005 was a very busy year for the Capital Budget Committee. The Committee continued to fulfill its charge to review and prioritize all capital expenditure items for Town Meeting consideration. The Capital Budget committee solicited the input of Departments, Committees, Commissions and Boards to establish and update the Five Year Capital Expenditures Requests Projection, which is published annually in the Spring Annual Town Meeting Finance Committee Warrant Recommendations.

This year Town's Departments, Committees, Boards and Commissions requested a total of \$4,968,622 in capital expenditures. The Capital Budget Committee recommended, supported and succeeded in acquiring the Town Meeting approval for just over \$3,000,000 in capital equipment, items and projects. Included in these expenditures were: funds to replace the Walpole High School Bleachers, repairs to the Rural and Terrace Hill Cemeteries, chemical treatments to Town ponds; computer systems improvements for various municipal departments and schools; improvements to various roads, sidewalks, and drainage systems improvements to the air quality to the Johnson Middle School, repair of the Elm St. School Roof and HVAC System; improvements to the Bird Middle School link, and the replacement of seven DPW piece of equipment including two dump trucks,

The Capital Budget Committee meets every Tuesday evening for two or three months preceding the Spring and Fall Annual Town Meetings to consider capital items for Town Meetings or at the request of Town Officials to consider matters of capital expense. The Capital Budget Committee will continue it's important and serious work in assessing the capital needs and prioritizing the formal requests to fulfill those needs and acknowledges with appreciation for the hard work and diligence of the individuals that prepare, research and present the requests to the Committee. It is their efforts that allow the Capital Budget Committee to ably perform its Charter defined responsibilities to the Town of Walpole.

VARIOUS FUND BALANCES

FUND BALANCES AS OF JUNE 30, 2005

Activity During FY05

Cemetery Trust Funds	Balance

WALPOLE PLANNING BOARD

Chairman: Edward C. Forsberg (2006); Vice Chairman: Nancy Mackenzie (2007); Clerk: John Conroy (2008); Robert Hirshom (2008); Elizabeth R. Nashawaty (2007); Town Planner, Christopher Ryan; Administrative Board Secretary, Kate Delaney.

The Town of Walpole Planning Board meets on the first and third Thursday of each month. All meetings, which are open to the public, are held in the main meeting room of Town Hall beginning at 7:00 P.M., unless posted otherwise. The Board encourages all citizens to attend these meeting for the purpose of receiving vital public input on projects; and also as meetings allow citizens an opportunity to observe and participate in the planning and development process of their town.

A summary of the Planning Board's work for 2005 is as follows:

- The Board held nineteen (19) regular meetings and three (3) special meetings;
- The Board reviewed four (4) Preliminary Subdivision Plans and six (6) Definitive Subdivision Plans;
- The Board endorsed thirteen (13) Approval Not Required Plans;
- The Planning Board granted six (6) Site Plan Approval requests and five (5) modifications;
- Working in conjunction with the Town Engineer and the Building Inspector, the Board reviewed and recommended approval of several Limited Site Plan applications;
- The Board sponsored several zoning changes, which included technical corrections and clarifications of definitions. These changes were approved by the 2005 Town Meeting;

The Board collected a total of \$75,523.45 in fees for the year ending December 31, 2005.

The Planning Board thanks their staff for their dedication and continued professionalism in the performance of the necessary day-to-day duties. The Planning Board also would like to thank the Walpole Engineering Department for their capable assistance during this past year.

We look forward to continuing efforts of working together to make Walpole a safe and prosperous community.

ZONING BOARD OF APPEALS

The Zoning Board of Appeals is a permit granting authority appointed by the Board of Selectmen and has all of the powers and duties prescribed under Chapter 40A of the Massachusetts General Laws, as amended and as allocated under Section 8 of the Zoning By-Laws of the Town of Walpole. The Board of Appeals may:

1. hear and decide applications for Variances with respect to land or structures,
2. hear and decide applications for Special Permits, and
3. hear and decide appeals from decisions of administrative officials of the town made under the Zoning By-Laws.

In granting any of the above, the Zoning Board of Appeals must act within the time constraints and specifications of the General Laws and the Zoning By-Laws. The Board of Appeals may impose conditions, safeguards, and/or limitations as part of its approval of any application.

The Board holds public hearings for all applications and makes its decisions only after the public hearing is closed. The Board is responsible for providing public notice of all hearings, which is done by publishing a legal notice in the local newspaper. In addition, notice is sent by mail to the petitioners, abutters, and owners of land adjoining the land of abutters within 300 feet of the property line. A copy of the notice is also sent to various other town boards, as appropriate.

The hearings held by the Board of Appeals are open to the public. Any person, whether entitled to notice of the meeting or not, may appear in person, by agent, or by attorney to be heard. Written testimony may be submitted to the Board at any time prior to the close of the public hearing.

All decisions of the Board are in writing and are filed with the Town Clerk and with the Building Inspector. Notice of the decision is also provided to applicants, anyone who was entitled to notice of the public hearing, town departments, and boards as appropriate, and to any other interested party who specifically requests such notice.

The Board consists of five regular members, and currently two associate members. Associate members may vote (as appointed by the Chairman for any specific case) in the absence, inability to act, or conflict of interest on the part of any regular member. Decisions of the Board require a four out of five approval.

Board members usually attempt to view the site in question prior to a public hearing. The Board takes each case on its own merit and deliberates extensively to assure that a proper decision is ultimately developed.

The Board normally meets on the first and third Wednesday of the month at 7:30 P.M. in the Main Meeting Room of Town Hall. Applications, information, or any other assistance regarding zoning may be obtained from the Board's Administrative Assistant or from the office of the Building Inspector. Copies of the current Zoning By-Laws may be purchased at the office of the Town Clerk or Planning Board for a nominal fee.

The following statistics summarize the Board of Appeals activity for 2005 (parenthesis indicate 2004 statistics):

VARIANCE DECISIONS	11	(17)
SPECIAL PERMIT DECISIONS	15	(23)
COMPREHENSIVE PERMITS	0	(0)
AMENDMENT/APPEALS	1	(4)
DETERMINATION/REVIEWS	2	(4)
REMANDS	0	(0)
MEETINGS HELD	19	(20)
TOTAL CASES	28	(42)

The Board would like to thank their Secretary, the Building Inspector, the Engineering Department, and the other town boards for their assistance during this past year.

Respectfully submitted,
ZONING BOARD OF APPEALS

Gregory P. White, Chairman (07)
Ted C. Case, Vice Chairman (09)
Daniel J. Cunningham, Jr., Clerk (06)
Susanne Murphy, Member (08)

Patrick T. Devine, Member (08)
Brian K. Walsh, Associate Member (06)
Craig Hiltz, Associate Member (06)
Evelyn M. Splaine, Administrative Board Secretary

CONSERVATION COMMISSION

Summary

In 2005, the Conservation Commission and staff had a busy year. We drafted the *Stormwater Management and Erosion Control Bylaw* to comply with the *Phase II Rule (40 CFR 122)* requiring regulated operators of municipal separate storm sewer systems (MS4s) to develop a Stormwater Management Plan and Best Management Practices (BMP) to reduce the impacts of stormwater discharge to municipal waterways. The draft has had several public hearings and will go to Town meeting in 2006. The Commission has gone through one year successfully applying the new Regulations (adopted in July 2004) to the Walpole Wetlands Protection Bylaw that includes a 25-foot “*no alteration area*” further protecting the Town’s sensitive wetland resources. The Commission and staff were busy reviewing and inspecting numerous residential developments, including the large Toll Brothers development in East Walpole, and others through out the Town. Together with a consultant chosen by the Commission, the Commission and staff reviewed and verified over 23,000 linear feet of wetland resources, riverfront area, and floodplain on 166 acres of land at the old Bird Machinery site on Neponset Street issuing an Order of Resource Area Determination (ORRAD) in March 2005.

The Walpole Conservation Commission administers the Massachusetts Wetlands Protection Act (310 CMR 10.00), the Walpole Wetlands Bylaw and Regulations, and acquires and manages lands for open space and conservation protection.

Commissioners: John Wiley, Chairman (2006), Al Goetz, Vice-Chairman (2008), Kristen Phelps, Treasurer (2007), Emidio DiVirgilio (2008), Russell Jones (2006) and Peter Martin (2006). **Associate:** Roger Turner. **Staff:** Landis Hershey, Conservation Agent, and Pam Smith, Board Secretary. The Conservation Commission meets on the second and fourth Wednesday of each month at 7:00 in the Town Hall.

The six volunteer Commissioners, appointed by the Selectmen, serve for staggered three-year terms. Associate members can be appointed by the Commission however they are not voting members. The Agent and Board Secretary are part-time positions of 22 hours a week. The staff assists the Commission, the public and other Departments with conservation related activities.

History

The Conservation Commission was established in 1967 under the Massachusetts General Laws (MGL) Ch. 40 §8C. The mandate of the Conservation Commission was to protect natural resources and watershed resources for the Town. In 1972, the Massachusetts Wetlands Protection Act was promulgated under MGL, ch. 131, §40. This state law and its accompanying state regulations were a combination and revision of the earlier Jones Act and Hatch Act, and provided for implementation by town Conservation Commissions.

In 1983, the Town of Walpole accepted its first Wetlands Protection Bylaw, which has since been revised several times (latest revision 10/20/1997). The Bylaw reinforces the state law and includes additional protected resource areas. The Bylaw allows the Conservation Commission to regulate activities likely to impact public or private water supply, groundwater, flood control, water pollution, erosion and sedimentation control, storm damage prevention, fisheries, shellfish, wildlife habitat, recreation, esthetics, and agricultural values. The Conservation Commission approved Regulations to the Wetlands Protection Bylaw on July 14, 2004.

Jurisdiction

The Commissions jurisdiction is under the State Wetland Regulations and the Town Bylaw, is to review any proposed activity that may dredge, fill, remove, or alter a protected resource area, or work within 100 feet of a protected resources area, or within 200 feet of a river, or perennial stream.

As determined by the size and type of project, applicants file a Request for a Determination, a Request for Delineation of a Resource Area, or a Notice of Intent. An advertised public hearing is held at which time the Applicants, any interested abutters or other parties and the Commission discuss the projects relation to the protected resource area. The Conservation Commission then closes the public hearing and issues a decision. A Request for Determination may be positive or negative. A positive determination requires the filing of a Notice of Intent. A Request for an Abbreviated Notice of Resource Area Delineation may be accepted, rejected or revised. A Notice of Intent may be approved or denied by issuing an Order of Conditions. Once a project is satisfactorily completed under an Order of Conditions, the Commission issues a Certificate of Compliance. If a property owners or Applicant proceeds with work in violation of the Wetlands Protection Act or Walpole Wetlands Protection Bylaw then the Conservation Commission may issue an Enforcement Order with a fine attached.

2005 Business

In 2005, the Conservation Commission met (20) times at which time they held (35) public hearings for Notice of Intent applications, (20) public meetings for Requests for Determination of Applicability, (3) public meeting for an Abbreviated Notice of Resource Area Delineation (ANRAD), and (11) scheduled discussions. In addition numerous other business items were taken up during their business meeting. Below is a table of the documents issued by the Conservation Commission in 2005:

Conservation Commission Business 2005		
DOCUMENT	APPROVED	DENIED
Orders of Conditions	34	
Determination of Applicability	20	
ANRAD	3	
Certificate of Compliance	33	
Extension Permits	25	
Enforcement Orders	6	

During the year, the Commission collected **\$29,655** under the Town Bylaw Filing Fee Schedule for the Town's general account, and **\$8,232.50** of the Town's Share of the State filing fees that goes into a Wetlands Filing fee account.

The Conservation Commission is also involved in open space protection. During the 1960s, Allen Dam, Cobbs Pond, and a number of the Cedar Swamp linear parcels were donated as conservation land. Since then, a number of other properties, including the Pinnacle, Turner Pond, Clarks Pond, Elm Street, additional Cedar Swamp land, and Adams Farm, have been added to the Town's Conservation areas. Presently, the Commission oversees the management of approximately 1173 acres of Conservation lands within Walpole. These areas provide land and water resources for environmental quality protection, wildlife habitat, and public enjoyment in perpetuity.

Members of the Conservation Commission sit on a variety of Committees that include: Trails Committee, Ponds Committee, Adams Farm Committee, Master Plan Committee and the Stormwater Management Bylaw committee.

DEPARTMENT OF PUBLIC WORKS ADMINISTRATION

Robert E. O'Brien, Director of Public Works Donna Denehy, Administrative Assistant
Cheryl Pember, Senior Staff Assistant

The Department of Public Works is responsible for the administration of the Town of Walpole's municipal services, i.e., Sewer & Water, Septage, Vehicle Maintenance, Highway, Drainage, Engineering, Building Maintenance, Parks/Cemeteries and Recreation functions.

The mission of the Department is to provide services to residents and taxpayers in a professional, effective and economic manner.

Personnel Changes

Andrew Hand was named Assistant Superintendent of Highways/Parks/Cemeteries in January 2005. Mr. Hand was appointed Acting Superintendent in November 2005. Mr. Thomas Prall was hired as a Sewer System Septage Facility Operator in May 2005 in the S & W Department. Mr. Kevin Foster was hired as a Heavy Motor Equipment Operator in August 2005 in the Parks Department.

Mr. Robert LeBlanc, Superintendent of Highways, Parks and Cemeteries was called to serve in Iraq in November 2005. Attached is an email I received from him from his post in Baghdad. "Great to hear from you! Well I'm in the lion's den, right outside Baghdad. I arrived here about six days ago after spending ten days in Kuwait getting ready to move north. I have been doing convoy runs from my base into another for supplies, etc. All has gone well so far. Any day when nothing happens is a good day." Best wishes to Bob and his family and our prayers for a safe return.

The Public Works Economic Development Grant Design is ongoing. Public meetings were held to finalize the scope and priorities of the project for East Walpole. One million dollars worth of infrastructure improvements will be made, exclusive of design costs, will be made during the 2006 construction season. My thanks to the East Walpole Committee for their time and support of this project.

The Bullard Street Bridge was closed by the Board of Selectmen at the recommendation of this department based upon the Mass Highway Bridge Safety Report. Meetings were held and coordinated by Representative John Rogers, our Legislative Delegation, Town Administration with State Transportation, Conservation, Dam Safety, and Neponset River Watershed Association Officials to expedite and coordinate permitting and funding.

The following locations were paved: Common Street, South Street, Old Post Road, Allen Street, Ginley Road, Sandra Road, Hale Road, and the Town Hall Parking Lot.

The winter of 2004-2005 was the snowiest for the town on record, with 25 plowable storms. The Department applied for and received \$153,723.05 in reimbursements from the federal government due to the declared state of emergency. The entire Department of Public Works received Employee of the Month honors from the Town for performing snow and ice control so professionally.

The Vehicle Maintenance Division performed 151 in-house repairs. My thanks to the staff of three for maintaining 119 town vehicles in a timely and cost effective manner.

The Sewer and Water Divisions H.E. Willis Water Treatment Plant is fully operational producing high quality water. The Towns water system produced over 880 million gallons.

The Radio Read Metering System is being installed by department staff. Over 700 new meters were installed; the program will be ramped up over the coming year.

The Building Maintenance Division worked on all Town and School buildings, a highlight being the renovation of the East Walpole First Station using Department staff. The energy conservation program continued with the installation of the 600-gallon oil tank at the Fisher School, which allows heating by the most cost effective means, oil or gas.

The Recreation Department continued to expand its offerings including First Day New Year's events and the Arts and Music Festival.

The Department's application to reconstruct Washington Street from Route 27 to the Foxboro line was passed by congress in the amount of 1.4 million dollars sponsored by Congressman Stephen Lynch under the Transportation Enhancement Act.

In conclusion, I would like to take this opportunity to thank my Administrative Assistant Donna Denehy, Senior Staff Assistant Cheryl Pember, Town Administrator Michael Boynton, Assistant Town Administrator James Johnson, the Board of Selectmen, the Finance Committee, the Capital Budget Committee, the Board of Sewer and Water Commissioners, and all of the Town Departments for their cooperation, assistance, and support during the year. My thanks to the Superintendents of the various Divisions, the Town Engineer, and all the Department of Public Works personnel who serve the residents of Walpole so professionally.

DEPARTMENT OF PUBLIC WORKS HIGHWAY DIVISION

Superintendent: Robert LeBlanc, Assistant Superintendent: Andrew Hand, Foreman: Fred Boyden

Staff: Richard Earl, Paul Mansen, James Colbert, John McTighe, Steve Unda and Byron Hurst, Richard Jennings

The Highway Division of the Department of Public Works, with a staff of (8) full time employees, is responsible for the maintenance of sidewalks, streets, storm drainage systems, traffic signals, pavement markings, guardrails and fencing along the roadways and snow and ice control operations. Personnel are assigned to oversee the pavement i.e. paving operations, chip seal, line painting, crack filling, drainage work and making sure that the work meets specifications and that work is done in a timely manner.

To start out this annual report for the Walpole Highway Division, I would like to wish Bob LeBlanc, a member of the Army National Guard who was called to active duty in November 2005, a safe return home.

Road Maintenance Chapter 90 – Funding \$433,920

The following streets were paved with Type I asphalt in 2005:

- Common Street – from Washington St. to School Street
- South Street – from Common Street to Brown Drive
- Old Post Road – from High Plain Street to Carriage Lane
- Allen Street - from Spring Street to Norfolk Street

The following streets were chip sealed with Town Funding:

Ginley Road, David Circle, Sandra Road, Hale Road, Hemlock Street, Higgins Circle, Cullinane Road, Smith Avenue, Clinton Avenue

Drainage Maintenance:

- 2,000 catch basins were cleaned out during the spring months.
- 45 catch basins were repaired or rebuilt during the year.
- Routine maintenance of drain lines and culverts were performed town wide.

We are continuing the street sign replacement program, replacing the green street signs with high visibility blue signs.

Street Sweeping:

The Town of Walpole owns only (1) sweeping machine and it worked from early Spring to mid-Summer to complete all (520) streets in town.

Snow and Ice Operations:

The snow season started very early in November 2004 and with over 25 plowable storms throughout early 2005. All Departments of the DPW came together and once again did an outstanding job clearing streets, sidewalks and all school and town-owned buildings.

In conclusion, I would like to thank Tom Perciaccante, Rick Mattson, Scott Gustafson, Dave Conley and all their staff for all the assistance with many Highway Department projects, as well as the Engineering Department.

DEPARTMENT OF PUBLIC WORKS PARKS/TREES/CEMETERIES DIVISION

Superintendent: Robert LeBlanc, Assistant Superintendent Andrew Hand

Foremen: Michael Cassidy, Larry McDavitt; Town Arborist and Deputy Tree Warden: Jeffrey Rice

Staff: Raymond Miller, Allan Peebles, Michael Santomaro, Patrick Connolly, and Kevin Foster

Seasonal Staff (summer): Andrew Bering, Ryan Donovan, Steve Lee and Mike Lewandos

The Parks Division is responsible for all the trees, shrubs, flowers and turf maintenance surrounding all municipal and school buildings. The department also maintains all town owned athletic fields used for both recreation and interscholastic sports. Throughout the growing seasons, staff performs vegetation management on town roadsides, downtown walkways, planting beds and memorial. The Parks Department assisted with all special events: road races, parades, flags, holiday displays, lights, July 3rd set up and other events throughout the year.

Four seasonal employees were hired for the summer months to help keep up with the grass mowing in the cemeteries and around the school buildings.

Cemetery Division:

There were 25 burials at town owned cemeteries in 2005: 11 Burials in Rural Cemetery, 4 Burials in Terrace Hill Cemetery and 10 Burials in Maple Grove Cemetery.

Roadway improvements were made at Maple Grove and Rural Cemeteries, and we will continue with many improvements in 2006 at all of the Town-owned cemeteries.

Many thanks to all staff and volunteers that helped in our efforts to keep our town beautiful.

DPW BUILDING REPAIR DIVISION

(D.P.W Facility/508-660-7208)

David Conley, Superintendent-Cheryl Pember,Sr.Staff Assistant-Mark Benson, Foreman-Richard Lipsett-Robert Bothwell-Donald Anderson-Kevin Boudreau--Scott Pearson-Steve Hough-Kevin Sullivan-John Songin-Brian Spillane

Division Mission

The Building Repair Division of the Department of public works is responsible for the maintenance, upkeep and improvement of all town owned buildings. It is our charge to maintain the buildings in a manner that allows continuous utilization as well as improve the way in which the buildings serve the occupants and visitors. Our overall objective is to bring the town's entire building infrastructure up to the best achievable condition. The Town of Walpole has a large complex of public buildings including schools, libraries, fire stations, police station, town hall, DPW garages, various water system stations and buildings that allow the public to assemble. The Building Repair Division has personnel to provide the many diverse services that are requested and required. The division has contracts in place to supplement the services of the in-house staff.

Energy

The Education Cooperative Plant Administrators Association consisting of over 45 towns, including Walpole, has bid heating oil and natural gas for a number of years. This process results in the Town of Walpole receiving the best possible pricing thru the competitive bid process. The ability to heat the buildings with the cheaper fuel, gas or oil, allows for the Town of Walpole to save considerable expense depending on the price of each fuel.

Capital Projects

Fisher School

With the completion of the roofing project last year the Building Maintenance division continued upgrading the facility, in particular the areas that had been experiencing leaks in the past. New suspended ceilings were installed and all of the lighting in the corridors were replaced with new lighting. All door casings in this area were treated with a bright new paint job which further brightened up this area. The Building Maintenance Division completed the project by customizing the ceiling in certain areas to provide maintenance to the heating units. An upgrade to all of the electrical panels was completed this year. This was necessary because the panels had become obsolete and very expensive to repair. The panels also had become maxed out which prevented any new circuits to be installed for services like new computers,

copy machines ect. Finally, the new six thousand gallon oil tank was installed at the rear of the school. This tank will provide the opportunity to heat the building with either gas or oil during the heating season. The Building Maintenance crew was instrumental in keeping this project on schedule by preparing the site and pouring the concrete pad.

Johnson Middle School

Major renovations to the heating system were completed this year, which will not only provide better heating for the building but also an increased air quality environment for the students. Ten classroom-heating units were replaced with new univent heating systems. This is phase one of a three-phase plan to replace all of the heating units in the building.

To complement the new units the Building Maintenance Division completed the project by providing custom carpentry work to each unit. A new coat of paint was provided to the entrance area of the school this year. Finally plans have been approved and a contract has been awarded to install new windows in the corridor areas of the building. These windows will provide ventilation to the corridors increasing air quality and ventilation to the building.

Plimpton School

Demolition of the 1950's era boiler was completed early this summer by the Building Maintenance Division and the area cleaned up in preparation of a new boiler. The new boiler was installed in time for the heating season. New controls and thermostats were installed along with the boiler, which will help conserve energy during the heating season. New windows were installed this year to all existing openings on the building. These energy conservation windows will further reduce the costs associated with heating the building.

School Buildings

Walpole has eight school buildings totaling in excess of 600,000 square feet. These buildings make up 75% of all town buildings. The Building Repair Division expends approximately 60% of its total budget to maintain, improve and heat these buildings. The maintenance crew and contractors performed routine maintenance at all buildings. The following is a sampling of significant maintenance items that were accomplished in this group of buildings.

High School

The Building Maintenance Division has assumed responsibility of the completed areas of the school. Their new responsibilities will include a maintenance schedule for heating ventilation units, maintenance of the Science wing and the wastewater treatment system in addition to regular maintenance already in place. The Building Maintenance Division was kept very busy completing many items not covered in the renovation. Some of the projects completed were the re-hanging of banners, placks, signage and cabinets.

Bird Middle School

Plans for the renovation of the link area was completed this year and a contract awarded. This renovation will include a new glass enclosure to the front and rear of the building along with new heating to the area and a new floor. A contract was also awarded and the project completed which provide new lighting fixtures to the entire school. Occupied and unoccupied switches were also provided to the classrooms and the gym. These upgrades will allow for considerable savings to the electrical budget.

Boyden School

Construction activity including renovation and additions was completed to this building this year. With the completion of this project this department assumed added responsibility regarding preventive maintenance and general repairs.

Elm Street School

The Elm Street School complex was another addition renovation project that kept this department busy this year. As this project nears completion continued concern regarding the rooftop heating units as well as the gym roof concern this department. This concern was addressed this year with the instillation of a new

roof and a new heating air conditioning unit servicing the gym area. New siding was provide to all of the wooden exposed areas of the building. This new siding will protect the building from any further rotting of the wood and water infiltration into the building.

Old Post Road School

An upgrade to the portable classrooms was completed this year. This upgrade included new carpet throughout the units as well as new paint on all of the walls in the classrooms as well as new paint to the walls of the corridors. Painting continued in the school with the entrance foyer, hallways as well as two classrooms receiving a new fresh coat of paint to all of the walls. Major heating upgrades were completed in the crawl space of the building. Continued maintenance to the boilers was completed this year as well.

Town Buildings

Walpole has thirteen municipal service buildings totaling approximately 180,000 square feet. These buildings make up 25% of all town buildings. The Building Repair Division expends approximately 40% of its total budget to maintain, improve and heat these buildings. The maintenance crew and contractors performed routine maintenance at all buildings. The following is a sampling of significant maintenance items that were accomplished in this group of buildings.

Town Hall

During the past year Building Maintenance crews have been very busy at Town Hall. Windows were replaced, hallways and doorways have been painted and four additional offices have had ceilings replaced, new lighting installed, carpeting and freshly painted walls. New directory signs were installed in the building as well as handicap compliant signs locating the offices in town hall. As in the past years this building as well as all of the other building were subject to total boiler inspections, cleaning and repairs this summer.

Department of Public Works Garages

This department continues to work on the recommendations of the E.P.A. audit in an attempt to bring the facility and grounds into compliance. Construction of a 36foot by 60-foot addition to the building maintenance Division shop was completed this year with the addition housing vehicles as well as a secure fire rated area for all volatile liquids, paints and thinners.

Center Library

New windows were installed in the rear of the building this year thru the approval of the Capital Budget process and the vote of town meeting. Two new roof top air conditioning units were installed this year as well as the replacement of the exterior ductwork servicing the units. New carpeting was installed in the lower level children's room and a new vinyl floor was installed in the landing area of the lowered level.

Center Fire Station

Continued preventive maintenance and repairs was performed on the boiler and emergency generator this year.

East Fire Station

Total interior renovation of this facility was performed during this year. A new electrical service was installed as well as total new wiring servicing the building. New garage doors were installed. The most dramatic change to the building was the interior renovations performed by the highly skilled members of the Building Maintenance Division. A total facelift was performed to the living area of the second floor. A new bunkroom, education assembly area, bathroom with shower, kitchen, and lounge area as well as a new watch room were completed this year. Occupancy of the building was done on September 1. This is the first time this building has had permanent occupancy.

Lewis House

Continued repair work was performed jointly between the Town of Walpole and the Historical Commission. The last phase of the exterior renovation has been completed and *windows have been replaced.*

In conclusion I would like to thank everyone for their assistance and cooperation. I also extend my special thanks to the division personnel for their outstanding support and performance during this year.

VEHICLE MAINTENANCE DIVISION

Superintendent: Thomas J. Perciaccante **Staff: John Weber, Daniel Cole**

The Vehicle Maintenance Division of the Department of Public Works is responsible for the repairs and preventive maintenance of town-owned vehicles and equipment, with the exclusion of fire trucks.

A regularly scheduled Preventive Maintenance Program is performed on seventy (70) pieces of equipment operated by the Department of Public Works.

Also included in the Preventive Maintenance Program are thirteen (13) vehicles assigned to various town departments, sixteen (16) Police Department vehicles, two (2) town-owned ambulances, one (1) Animal Control vehicle, two (2) Senior Citizens' buses and (1) van, two (2) Fire Department vehicles and thirteen (13) miscellaneous trailers for various departments.

Preventive maintenance and repairs are also performed on eighteen (18) auxiliary generators at various pump stations, sewer stations and treatment plants. Also performed by the Vehicle Maintenance Division are repairs and maintenance of all portable generators and pumps as well as six (6) sander units and all snow plows and equipment.

During the year 2005, the following repairs were performed by the Vehicle Maintenance Division: forty-five (45) brake jobs were performed; eleven (11) vehicles required engine work; three (3) vehicles required cooling system repairs, i.e. heater cores, water pumps, etc.; sixteen (16) vehicles required transmission work or complete rebuilding; twenty seven (27) vehicles required front-end repair work; two (2) vehicles were equipped and wired for strobe lights; twelve (12) loader buckets and/or plows were reconstructed and welded; fourteen (14) hydraulic systems were repaired, i.e. pumps, valves, etc.; eleven (11) vehicles required body repairs; four (4) vehicles required spring replacements; and five (5) vehicles required fuel tank and/or pump replacements.

- Sweeper #226 required extensive repairs. The side broom gear box was removed and rebuilt. The main broom drive chain and sprockets were replaced as well as the conveyor system.
- #203 & #205 sanders had new drag chains installed, all new drive sprocket and gears were replaced and floors repaired.
- #321 & #365 final drives were rebuilt, steer clutches were replaced as well as the tracks and cleetes.

During the year 2005 the following vehicles or equipment were received:

#322	Trackless Tractor & Snow Blower	Parks
#339	Patch Roller	Parks
#T247	Air Compressor	Highway

The dedication to the Preventive Maintenance and In-House Repair Program has proven to be cost effective with less downtime and extremely beneficial to Snow & Ice Operations.

I would like to take this opportunity to thank my personnel for their hard work and dedication to the Vehicle Maintenance Division.

DPW-ENGINEERING DIVISION

(Town Hall, 135 School Street, Walpole, MA 02081
508-660-7211)

Margaret E. Walker, P.E.- Town Engineer; Richard Flood, P.E.- Assistant Town Engineer Mark A. Jones- Senior Engineering Aide-GIS Coordinator

The Engineering Division of the Department of Public Works provides technical assistance and expertise, for Town sponsored utility and public works construction projects. In addition, this department provides assistance to all Boards, Committees, and Commissions for the Town in the form of professional review of plans, documents, and designs submitted by applicants.

The Engineering Department continues to prepare construction cost estimates for subdivisions under the control of the Planning Board, the method that the Town uses to ensure adequate monies be available should a developer default on obligations.

This department is responsible for updating all Town Maps, including the Zoning Map, street maps, utility plans, and the Assessor's Maps. Staff from this department provides inspectional services for subdivision construction as well as Town utility installations and repairs from first excavation to final paving and street acceptance.

The Town's **Stormwater Management Plan**, prepared by under contract with Comprehensive Environmental, CEI, was completed. This plan is necessary for the Town to be in compliance with the NPDES Phase II program, a program that seeks to document, upgrade, and maintain the Town's Stormwater facilities, providing environmental controls which regulate the discharge of contaminants. It is anticipated that the Stormwater Management By-Law, Erosion Control By-Law, and Illicit Discharge By-Law, required as part of NPDES Phase II, and developed in conjunction with the Conservation Commission, will be presented to Town Meeting for adoption. The Town Engineer, in conjunction with the Health Agent and Conservation Agent, taped a Cable television segment entitled "**The ABC's and BMP's of Stormwater Management**", to be used as a public education tool.

Under contract with Comprehensive Environmental, CEI, designs are being prepared for a drainage project/water quality mitigation project at **Clark's and Cobb's Ponds**. Funding is provided through the S.319 program with the State. Water quality devices such as baffle tanks and deep sump catch basins, which will prevent siltation and sedimentation into these ponds are being proposed. Also being examined as part of this project is a water quality swale on the property of the Norfolk County Agricultural High School, which is being considered in an effort to prevent animal wastes from entering Cobb's Pond.

The services of HDR have been procured as design/engineer for the **East Walpole Revitalization Project**, funded under the PWED (Public Works Economic Development) Grant in the amount of \$1,000,000 obtained this year. Improvements planned include realignment of Washington Street at Union and Chestnut Street to improve sight distance, removal of the granite abutments at the Chestnut Street overpass, streetscape, signage, as well as development of the so-called "pocket park" at the intersection of Chestnut and Washington Streets.

The Final Closure of the **Lincoln Road Landfill** is essentially completed, with the final paperwork being filed with DEP.

Through this department, the CBD Traffic Improvements and Congestion Mitigation project is being bid. This contract calling for the implementation of Opticom system, and various lane restriping and signal timing, in an effort to improve traffic and safety flow through the three main intersection within the CBD.

I would again like to thank my staff, Assistant Town Engineer Richard Flood and GIS Coordinator-Senior Engineering Aide Mark Jones, for their efforts over the past year. These two gentlemen have responded diligently whenever called, above and beyond their normal scope of work. Their hard work and tireless effort, has enable this department to continue to provide the level of service that the residents and businesses of the Town expect.

RECREATION DEPARTMENT

Recreation Committee

Chair - Joseph LaVita

Vice-Chair - Dennis Ricci

Member - Robert Taglienti, Frank Brown, Susanne Murphy

Associate Members - Sabina Carty, Annelise Fair

Josh Cole - Director of Recreation

Chad Norton - Recreation Coordinator

Joe Donnelly, Jr. - Assistant Recreation Coordinator

Brendan Croak - Program Director

Susan Charette - Principal Clerk

Thank you, Walpole, for supporting our programs and allowing us to work to provide for your recreation needs. We look forward to many new programs to bring the community together.

In 2005 the Walpole Recreation Department:

- Offered more than 600 programs.
- Accommodated more than 13,000 participants in our programs.
- Produced, with Walpole resident David Amaral, the Walpole ROCKS! CD featuring 21 songs from Walpole artists. We also hosted a CD release party on Dec. 9 which, despite the weather, absolutely rocked.
- Worked with the Board of Health and the Police Department to hold the Walpole Health and Safety Day in September.
- Worked with the Fire Department to offer the Second Annual Real First Night featuring the music of Lil Napoleon and 5 bonfires to celebrate the New Year.
- Expanded of Summer Rec program by hosting it at Boyden school and using the South Pool.
- Co-hosted the Walpole Fall Charity Gala with the Chamber of Commerce and the Walpole Downtown Business Association.
- Hosted the Walpole Arts & Music Fest in October featuring more than 30 artists.
- Worked with the schools to offer Summer Academy, Adult Education and after school activities at some of the elementary schools.
- Held the annual Halloween Parade in cooperation with the Walpole DBA.
- Hosted the fourth annual Walpole Winter Arts Series featuring 20 performances by local artists with support of the Walpole Cultural Council and the Walpole Fall Charity Gala.
- Featured the 2nd Annual Taste of Walpole with over 12 of Walpole finest restaurant's participating.
- Hosted the summer Peanut Butter and Jam concert series.
- Highlighted the talents of more than 250 Walpole residents by having them teach their skills in our classes, clinics and adult education programs.
- Worked to operate the Town Pools through Revolving Funds.
- Sent out 4 program booklets to all Walpole residents for the eighth year in a row.

The Walpole Recreation Department has many people to thank for helping us address the Recreation needs of the Town of Walpole in the year 2005.

A special thanks to Rich McCarthy who continues to volunteer his time to better the Department. We cannot possibly thank him enough for the time he gives so willingly, but we won't stop trying. Thank you, Rich!

Thanks to the entire Recreation Staff for a very special '05. Over 250 people worked to help us bring the wide variety of programs to you. To those people we are especially grateful.

Also a very sincere thank you to the many residents of Walpole who gave their time to coach a team, plan a program or supervise an activity. Your efforts are much appreciated. A special thanks to Judy Auditore, Marlene Bristol Girvan, Beth Chariton, Gillian Fontana, Aicha Kelley, Joe Knaus, Jeff Mattson and Natalie McComb each of whom have volunteered to do a great service to help us offer programs to the community.

Thanks to all the Town Departments that have helped us over 2005. Special thanks to Dave, Mark, Kevin, Richard, Steve and everyone in Building Maintenance for their continued dedication to and support of

Blackburn Hall and the Town Pools. Thanks also to the Parks Department for their work in support of our activities. During 2006, we will continue to offer you the wide range of activities that you have come to know; programs such as T-ball, basketball, floor hockey, swimming lessons, the Halloween Parade, tennis lessons, afterschool sports and Winter Arts Series among many others.

However, as we work to gradually expand our offerings, we need your help. Please let us know some of the programs you would like to see us offer. If you have some extra time, please volunteer to run a program or teach a class. Please call the Recreation Department at (508) 660-7353 to get involved or look for more information in our Program Brochures. We thank you for your support!

SEWER AND WATER DIVISION

Rick Mattson, Superintendent c/o Town Hall (5080 660-7307)
Scott Gustafson, Assistant Superintendent

As in years past it is with great pleasure that I submit this annual report on behalf of those associated with the Sewer and Water Division of Walpole’s Public Works Department. Committed and dedicated to delivering the highest level of service possible, the staff continuously met the challenges that were posed in all aspects of operating and maintaining Walpole’s public sewer and water systems. During the past few years’ emphasis was placed on improving these systems. The newly constructed H.E. Willis water treatment facility and associated Mine Brook wells provided a significant quantity of high quality water that was previously not available. As a result, all were able to allow consumers to use water without imposing mandatory restrictions. Another notable project is the installation of the radio read metering system, the

first of its kind in the country. While progress in this area has been somewhat slower than we had anticipated, we fully expect to aggressively move forward next year. Once completed, it will be a very crucial tool in the operation and management of the Water Department and its resources. While a great deal of time was dedicated to these and other projects, many other tasks and duties were performed as well. The following is a summary of the events and activities that transpired in the Sewer and Water Division during the course of 2005.

Administrative Section: Judy Bain, Ruth Chamberlain, Mary Frisbee, Darlene Leonard

This section of the operation is responsible for enforcement and implementation of policies, rules and regulations that originate at the local, state and federal levels of government. Achieving and maintaining compliance with drinking water and waste disposal regulations keep the staff in a consistent state of awareness. Licensing and permitting of contractors and the timely submittal of comprehensive reports are duties that are routinely performed. Preparation and processing of sewer and water utility bills establishing of accounts, providing public information and the coordinating and scheduling of all sewer and water related tasks are also performed as assignments for the entire division originate within administration.

Distribution Section: Phil McCall, Foreman; Steve Cherella, Al Reddy, Jim Thomas

The maintenance and repair of Walpole’s piping network infrastructure and associated appurtenances are tasks that are generally performed within this section of the division. Consisting of approximately 155 miles of main, 1300 hydrants and 1700 valves, the system is vast and spread throughout the community. Duties involved include the inspection, maintenance, replacement and repair of fire hydrants, inspection of valves and leak detection and repair.

Service Leaks Repaired in 2005	32
Main Leaks Repaired in 2005	7
Fire Hydrants Maintained/Repaired in 2005	37
Fire Hydrants Replaced in 2005	6

Meter and Cross Connection Control Section: Rich Fernald, Dan Ryan

Within this section of the Water Division, all meters are read and recorded on either a quarterly or monthly basis. Also included are the repair, testing, installation and replacement of meters. Other tasks performed by staff in this section are cross connection inspections, testing and prevention. As the installation of the radio read metering system continues, 2006 shall prove to be a very active year in the meter section.

New Service Meters Installed in 2005	81
Meters Replaced in 2005	717
Final Reading for Real Estate Transfer	388
Backflow Prevention Devices Tested in 2005	155
Cross Connection Surveys performed in 2005	26
Service Calls Recorded in 2005	115

Production and Treatment Section: Craig Dalton, Donald Doucette, Tom Foley, Carla Leahy

Duties included in this section of the division are the operation and maintenance of the Town's water treatment, pumping and storage facilities. On site 365 days a year, the staff members are certified and licensed by the Commonwealth to perform the required tasks, such as sample collection and analysis and chemical application.

Total Water Pumped and Treated in 2005	880.898 mg
Maximum Daily Pumpage for 2005	4.53 mg
Minimum Daily Pumpage for 2005	1.26 mg
Average Daily Demand for 2005	2.41 mg

Sewer and Septage Section: Tom Prall

The operation and maintenance of all Town owned pump stations, piping infrastructure and the septage receiving facility are tasks that are performed within this section of the division. Daily inspections of all facilities are made while piping maintenance also continues to be greatly enhanced via the use of the vacator/jet truck. As a result of this routine maintenance, the risk to public health is greatly reduced from malfunctions within the system. Inflow and Infiltration investigation and remediation were also tasks that were completed this past year. We are hopeful that this will be ongoing as we move forward taking steps to reduce Walpole's flow and financial assessment to the MWRA. As the case has been in the last few years, the septage facility remains to be underutilized. We are working to find alternatives that we are hopeful will increase the use of the site.

On a sad note, long time retired Water Department meter man Arthur "Archie" Goguen passed away during the year. Archie's humor and kindness will be sorely missed.

The Sewer and Water Division would like to thank all consumers of the Town for their cooperation over the past year. Also a debt of gratitude and thanks to the municipal boards, committees, departments and officials with whom we continue to work with in addressing the needs of the community.

Looking ahead, we will be faced with more challenges, as water use restrictions that are proposed by the Department of Environmental Protection will come into play. The conservation of water will be key and as always, we will be looking to the public for assistance with the endeavor. The year 2006 will be a very active year in the Sewer and Water Division, as sewer construction to remove Inflow and Infiltration will begin in the early spring. We also plan to accelerate the replacement of water meters, perform a leak detection survey and audit of the entire system, as well as replacing of old fire hydrants. Please accept our apologies in advance for any inconveniences that may be caused during these projects.

Finally, in closing, I wish to extend my appreciation to the hard working staff of employees associated with the sewer and water operation, for their dedication and loyalty.

BOARD OF HEALTH

(Town Hall – 508- 660-7321)

William Morris (06), Chairperson – Mary Dolan Ciapciak, (08) Clerk – Dr. Richard Bringhurst (08)– Claire Wolfram (06) – Carol Johnson (08) – Lisa Procaccini (Associate Member) Betsey Dyer (Associate Member)– Robin Chapell, Health Director - Gail Nixon, Deputy Health Agent – Mary Feldman, Staff Assistant.

The Board of Health’s mission is to promote good public health, prevent disease and protect the environment.

This is carried out through routine inspections, investigating complaints, plan review, overseeing many programs and regulations (local and state), educating our residents and businesses, and serving the public. The Health Department is responsible for reviewing septic plans and giving oversight to installations, right-to-know trainings, inspections for food establishments, semi public swimming pools, camps and housing. In addition we manage the solid waste program and are active on the Superfund Committee. A large and relatively new responsibility health departments have are to work on and be ready for health emergencies. In doing this task we have been very active on the Local Emergency Planning Committee. We also participated on the Stormwater Management Committee. We have also been very active in a Regional Bioterrorism planning group of 34 other communities. The health director has been elected as vice chairperson of the group. This year we concentrated our emergency preparedness on designating emergency dispensing sites and preparing plans to dispense medication/vaccines in an emergency. We have also collaborated on regional health emergency plans and developed family communication plans with our LEPC that we distributed in Town.

In 2005 the Health Department continued to promote healthier lifestyles. We partnered with the Recreation Department, the Community Roundtable, Police and Fire Departments and organized a Walpole Community Health and Safety Day. This was a fun and very informative day for Walpole residents on health and safety and emergency preparedness. We had a teddy bear clinic, child identification kits, and music and dancing for the little ones. For preteens we had an amazing bike show and a K-9 show. And for everyone we had health screenings and lots of information. A special thank you goes to the Walpole Cooperative Bank, Dedham Savings Bank and the Walpole Community Partnership for Children who helped us fund this special day.

The Health Department teamed up with Personnel to provide numerous wellness programs for Town employees. These programs included nutrition classes, exercise classes, walking contests, and various health screenings.

We also received a Tobacco Compliance Grant this year and were able to conduct Tobacco Control Compliances. Unfortunately we were not happy with our results because there were thirteen (13) establishments that sold cigarettes to minors. We will keep doing tobacco control compliance checks and let our permit holders know that selling to minors is not acceptable. In fact, the Board of Health increased the fines for these offenses.

This year we teamed up with the Massachusetts Department of Public Health, Norwood Health Department and Westwood Health Department and presented mandatory food training to our food establishments titled “Protect Your Staff, Protect Your Business, Protect Your Patron’s”. The training concentrated on proper hand washing and hepatitis A. Everyone that attended thought the trainings were very helpful.

We also promoted awareness of such diverse topics as Lyme Disease, Recycling, Hand washing, and Stormwater by producing cable shows in Town.

This year Walpole recycled 2,135.90 tons of newspaper, glass, metal and plastic at curbside. We continue to have a strong composting program where the Town composts grass, leaves and Christmas Trees. The Health Department sold an additional 11 home composting bins in 2005.

The Town also collects televisions, computer monitors, and fluorescent light bulbs once a month (except in winter) at Robbins Road. This program runs very smoothly thanks to the many hours our super volunteer Bob Moody puts into the program. Mercury cell button batteries, thermometers, thermostats, and cell phones were collected at the Board of Health office.

In addition we had two special collection events, our annual Household Hazardous Waste Day (in the spring) and a Special Waste collection (in the fall) where we collected, tires, oil, batteries, propane tanks, and CRTs. Thanks go to

League of Women Voters especially Nancy Farris, and other volunteers that helped make both of these events extremely successful. Many residents also took advantage of our mutual agreements with Franklin, Ashland, Norfolk and Sherborn to attend their one-day Household Hazardous Waste collections if they missed ours.

This year we completed negotiations for another twenty (20) year solid waste contract with Wheelabrator Technologies. Although the new contract will not start until Fiscal Year 2007, the long hours of negotiations were well worth it because the savings will be great for the Town of Walpole.

Inspections are a major activity of this department. Housing inspections are conducted to insure housing that is dry, safe, warm, clean and free from disease carrying vectors such as insects and rodents. Food and retail establishment inspections are conducted to make sure that the establishments are clean and food is prepared properly to prevent food-borne illnesses. Pool inspections are conducted to make sure public and semi-public swimming pools are safe and chemically well balanced. Camp inspections are done to ensure the safety of our children. Complaints are taken seriously and the health department makes every effort to investigate all legitimate complaints. Follow up action varies from issuance of corrective orders, ticketing to taking court action.

The first step in the control of communicable diseases is its rapid identification followed by prompt notification of the local health authority by the medical profession. Reporting of these diseases is required by law and essential in order that appropriate control measures may be implemented should the situation warrant such action. As you can see the cases of Lyme Disease increased dramatically in Walpole (as well as surrounding communities). Time will be spent in the coming years educating the public on protecting themselves from ticks and recognizing the symptoms of this disease to encourage early treatment. We were happy to not report any outbreaks of Pertussis this year.

Giardiasis	0	1

The Walpole Board of Health was able to fund SNCARC, May Institute, Center for Community Counseling and Education and the Walpole Visiting Nurse Association. Further, the Board, in contract with the State, provides a wide variety of biological supplies including vaccines and diagnostic test kits to Walpole physicians, the school department, pediatric clinics and industrial medical departments. We received \$180,326 worth of vaccines from the State that we distributed this year. We offered three (3) main flu clinics this year and other satellite clinics and were able to vaccinate over 1,250 people. Many thanks go to our senior volunteers in making our clinics very successful. This year we were able to collect over \$7,095 from last year's flu vaccine administration from Medicare and some private insurers. That money was turned over to the Council on Aging in a revolving fund to be used for health programs including dental clinics and nutrition classes.

Our Health Director Robin Chapell, was asked by NACCHO (National Association of County & City Health Officials) to serve a three year term on the National Environmental Health and Prevention Advisory Committee. This year the committee focused on natural food safety issues. The Town of Holliston also asked Robin Chapell to serve as an outside peer reviewer on its Water Incident Committee.

Thank you to all the town departments, agencies, committee members and volunteers that helped us with our varied programs and functions this year!

VETERANS SERVICES

(508) 660-7325 John M Spillane Veterans Agent. Mary Dugdale Senior Clerk

Veterans services supports qualified Walpole veterans and their dependants under Chapter 115 of the General Laws and through funds for cases of an emergency nature. Many requests are received for other services:

Awards Citations Discharge copies
Flags and flag holders for gravesites Educational benefits for state colleges and universities

As burial agent, this department officiates at graveside veterans services and presents flags of the United States to the widow or next of kin. This office in cooperation with the VFW Post 5188, has a veterans council that meets and runs veterans activities.

COUNCIL ON AGING

AURELIA M. NEWELL CENTER TOWN HALL 508-668-3330

OFFICERS: Chairman Doris M. Foley – Vice Chairman Carole Pereira - Secretary – Evelyn Splaine.

Employees – Director Barbara P. Coghlan – Outreach Conchita L. Geyer – Drivers Carol Fellini and Jane Wulk – Volunteer Coordinator Jeanne Quealy – Secretary Emily Conrad.

The Council on Aging is the department of town government empowered to assess the needs and provide services to residents' age 60 and older. The Council was established by the town of Walpole on April 28, 1969 in response to the legal mandate of the Commonwealth of Massachusetts, created by Chapter 495 of the Acts of 1956 and made part of the General Laws Section 8B of Chapter 40.

The goal of the Council is to promote wellness and independent living. The focus is to help elders and their families understand the complex issues associated with the aging process. Property tax relief, medical coverage and transportation are identified as the primary concerns of our elders.

The Aurelia M. Newell Center located in the town hall is the focal point of senior activities. Congregate and home delivered meals are provided Monday through Friday. Activities at the center include fitness classes, line dancing, yoga, whist, bridge, mah jongg, bingo, and an incredibly active walking club. Educational and recreational programs, health screenings, nutrition programs and legal services are available. Tax preparation and a wide range of volunteer opportunities are offered to elders. Volunteers serving as receptionists, medical drivers, board members, program leaders, event coordinators, tax preparers, and van driver contributed an astounding total of 15,227 hour valued at \$274,086.

Two vehicles and our devoted and capable drivers are the lifeline of the C.O.A. Transportation is provided on a regular basis for shopping, medical appointments and attendance at the daily lunch and programs at the Center. Transportation is also provided for those who qualify, by the RIDE program of the MBTA. Medical transportation to Boston and surrounding areas can be arranged under a contract with HESSCO Elder Services Inc.

The C.O.A. Outreach Worker works with elders and family members who need help – often in a time of crisis. Services include assessments and referrals, contacts with homecare agencies and direct service providers, and caregiver support. The Outreach Worker provides assistance with application forms for medical, prescription drugs and Medicare Part D. 90th Birthday recognition certificates are awarded. Applications for need based programs for Walpole residents, regardless of age, are done by appointment. The Outreach Worker attends regional and statewide meetings held specifically to provide training and information on elder issues.

The Walpole Elder Service Program allowed residents age 60 and older to provide services to the town and receive a reduction on property taxes. Participants were assigned to Recreation, Assessors, Engineering, Board of Health, Council on Aging, Walpole schools And Town Clerk.

Under the direction of Council member Florence Sundquist the Informative Veterans Meeting and Coffee continues at the Center. Veterans and family members meet monthly and enjoy programs focusing on military history and services for veterans.

The Council partnered with the Center for Community Counseling and Education and graduate students at Lesley College to participate in a unique program to help older women review their life and identify what they have

contributed to the community. Ora McGuire and Shirley Estheimer completed this process and the work was accepted for display at the Women and Work Museum in North Attleboro MA.

A grant from the Walpole Cultural Council, a local agency supported by the Massachusetts Cultural Council and funds from the Friends of Walpole Council on Aging Inc. allowed the Council on Aging and the Junior Women Club of Walpole to sponsor “For Sentimental Reasons”. This musical review of 1940 nostalgia featured local vocalist Lisa Marie Stearns and performed to a SOLD OUT audience at Johnson Middle School.

Walpole police, fire, and C.O.A. work closely with the Norfolk County Sheriffs office in a TRIAD program. The focus of this group is safety concerns of elders. Community meetings are held monthly at the Center. File of Life packets are available for elders who wish to record medical contacts and medication needs. ARE U Okay wellness calls, Emergency Programmed Cell phones, and Beacon Warning Lights are offered to Walpole elders. Screening and implementation of Project Lifesaver – a national program to help those with Alzheimer’s disease or related disorders – is arranged in cooperation with the Council.

Funding for the Council on Aging comes from three sources – municipal budget, grants funded by the Executive Office of Elder Affairs and Friends of the Walpole Council on Aging Inc. Such funding makes it possible for the Council to mail an informative newsletter 10 times a year to 1,350 homes, maintain our vehicles and keep them in gas, as well as staff the Newell Center.

According to the 2005, town census the population served by the Council totals 4444. The group is unique not only due to longevity but also because they remain taxpayers in the community and subsidize the services they receive. Walpole elders pay their share of taxes. These dollars, in combination with funds donated by ”Friends” make the Council very cost effective.

To further address the needs of the ever-increasing elderly population – projected to jump by 16% over the next 10 years – the Council and Friends group have taken initial steps toward building a new structure to house the Newell Center. In an unprecedented vote of confidence the Walpole Board of Selectmen, in February 2005, designated an appropriate piece of town land for this structure. With the support of elders, community members and extensive fundraising a new complex will be a reality.

The elders of Walpole are our most valuable human resource. They provide diversity, an enormous range of experience and educational background and represent our past, our present and our future.

THE NORFOLK COUNTY MOSQUITO CONTROL PROJECT

The operational program of the Project integrates all proven technologies into an Integrated Pest Management (IPM) system of mosquito control and vector management that is rational, environmentally sensitive and cost effective.

All mosquito eggs need water to hatch and to sustain larval growth.

Water Management Activities: An important component of our IPM approach is the management of shallow, standing, stagnant water, and the maintenance of existing flow systems which if neglected can contribute to mosquito breeding. In addition to normal drainage system maintenance, Project personnel advised residents on removal of water holding artificial containers on their property for the purpose of eliminating potential West Nile virus mosquito breeding habitat.

Drainage ditches checked/cleaned	8,670 feet
Culverts checked /cleaned	142 culverts

Larval Control: Treatment of mosquito larvae during aquatic development is the next most effective control effort. The products used during these applications were Bti and Methoprene.

Spring aerial larvicide applications	1,108 acres
Larval control using briquette & granular applications	15.1 acres
Rain Basin treatments using briquettes (West Nile virus control)	1,299 basins

Adult Control: The suppression of flying adult mosquitoes becomes necessary when they are numerous, annoying, and/or threaten public health. The product used during these applications was Sumithrin.

Adult control aerosol applications from trucks	10,581 acres
--	--------------

Surveillance: Surveys, inspections, and monitoring in support of our program include GIS mapping of breeding areas, larval and adult collections, and fieldwork evaluations leading to better water management. West Nile virus and Eastern Equine Encephalitis have been active in Norfolk County over the past several years which has resulted in an expansion of the surveillance program in collaboration with the Massachusetts Department of Public Health (MDPH), State Laboratory Institute. MDPH has requested that the Norfolk County Mosquito Control Project expand mosquito surveillance across the county for the purpose of detecting viruses in collected mosquitoes as an early warning system for the residents of the county. Considerable manpower has been reallocated to these efforts, which is not reflected in this report.

SOUTH NORFOLK COUNTY ASSOCIATION FOR RETARDED CITIZENS, INC.

Over 50 Years of Accomplishments – The Experience to Face Tomorrow’s Challenges

www.sncarc.org

With funding through the Walpole Board of Health, the South Norfolk County Association for Retarded Citizens (SNCARC) provides and supports services to citizens of Walpole who are disabled by mental retardation or other developmental disabilities. SNCARC is a private, non-profit membership-based organization founded in 1954 by local parents. For more than half a century SNCARC has been, and continues to be, governed by the family members of the individuals we serve. It is a testament to the good works we perform that the town of Walpole, along with the other eleven towns we serve, continues to provide the vital funding support as it has done for over thirty years.

Our mission is, **"To advocate for and provide supports and services to people disabled by mental retardation and other developmental disabilities and to their families."**

Supports and services provided by SNCARC to the citizens of Walpole include:

Family Support and Respite Care:

SNCARC provides temporary in-home or out-of-home professional care and training for children and adults with mental retardation or other developmental disabilities on a planned or emergency basis. It operates after-school and school vacation week programs for children, provides a wide range of support groups for families and operates a resource center for parents and professionals at our home facility in Westwood.

Family Autism Center:

The SNCARC Family Autism Center implements high quality programs, services and environments for all persons with an Autism Spectrum Disorder. This program provides individuals with autism, their families and the general community with information and referral services, educational services, parent and sibling support groups and a resource library with Internet access.

Social-Recreational Programs:

SNCARC provides special after-school and evening education classes, sports activities, social clubs and events, and special summer programs for individuals with mental retardation. A principal component of these programs is one-to-one volunteer friendships (citizen advocacy).

Advocacy:

SNCARC provides specialized education, information and referral services, social support, as well as legal, financial and other consultation support. This program also provides self-advocacy training to individuals and advocacy support to families with members who are disabled by mental retardation or other developmental disabilities.

Clinical Resource Program:

SNCARC provides behavioral and other psychological counseling and psychiatric services for children and adults with mental retardation and other developmental disabilities and their families.

<u>WALPOLE AREA VISITING NURSE ASSOCIATION</u>

Board Officers: Sheila Ahmed, President, Margaret LaMontagne, Vice President, Callum Maclean, Treasurer

Management: Barbara E. Cade, Executive Director, Robert P. Bois, Financial Manager, Lucinda C. Williams, Systems Manager

Clinical Supervisors:

Sandra Kershner, R.N., Nursing Supervisor, MaryAnn Sadowski, P.T., Rehabilitation Supervisor, Virginia Clarcq, R.N., Home Health Aide Supervisor

The Walpole Area VNA completed the year 2005, with relative stability. The agency has almost completed the transition to a new computer system which incorporates the medical record on a hand held tablet which is taken into the patient's home. The agency was also represented at meetings of the Local Emergency Planning Committee.

The Walpole Area VNA is accredited by the Community Health Accreditation Program and is a Medicare and Medicaid Certified Agency. The quality of care is reflected in client satisfaction surveys and letters of appreciation from patients. Again, this year, the Walpole Area VNA received a Pinnacle Award for excellence in patient satisfaction and is ranked in the top 10% of benchmark agencies, nationwide. The major strength of the VNA continues to be the competent, professional and highly committed staff.

The Walpole Area VNA provides programs in health promotion to all age groups in addition to traditional home health services. The three major components of the Health Promotion Program are:

Health Maintenance for the Elderly: Promotion of good health and maximum functioning for all residents over 60 years of age. Elderly residents, who are homebound and have multiple chronic illnesses or conditions, but do not qualify for skilled care in the Home Health Program are seen on a periodic basis by a nurse at home. The goal of the program is to assess changes in physical condition, prevent complications and prevent unnecessary hospitalizations. Ambulatory residents are seen for physical assessment and health counseling at the senior citizen clinics, held at the Walpole Council On Aging the fourth Monday of every month; at Diamond Pond, the second Tuesday of every month and at Neponset View, the third Friday of every month.

Maternal / Child Health: Promotion of the health and stability of the family during the periods of reproductive maturation, pregnancy, childbirth, the postpartum period and the child rearing years. Services are provided by a maternal / child health nurse specialist and a lactation consultant, through home visits.

Communicable Disease: Prevention and control of communicable disease through case finding, education and provision of follow-up care, consistent with public health practice.

Public Health: Promotion of health awareness for the prevention of serious illnesses. Periodic hypertension, diabetes and bodyfat screenings are held at the clinics and in the community. The annual flu clinics were held in November and December.

The Town of Walpole Public health Statistics for **2005** are as follows:

SERVICE	PATIENT CONTACTS
---------	------------------

Home Visits/Health Maintenance	10
Maternal/Child Health Visits	1
Communicable Disease Follow-Up	157
Senior Citizen Clinics	381
Flu Vaccine	1132
Pneumonia Vaccine	0

<u>SUPERFUND COMMITTEE</u>

Ken Fettig (Co-Chair), Robin Chapell (Co-Chair), Clem Boragine, Steele Lightbody, Richard Adams, Paul Millette, Gail Nixon, Mike McCue, Mark Good

The Walpole Superfund Committee was formed as a subcommittee of the Walpole Economic Development Commission to provide guidance in developing and implementing the Town's Superfund Redevelopment Pilot Grant funded through the U.S. Environmental Protection Agency (EPA). One of the main goals of the Committee is to ensure that public participation is used to the Town's advantage. The old Blackburn and Union Privileges site on South Street is the Town's superfund site.

The objective of the Superfund Redevelopment Pilot Grant is for the Town to plan the reuse of the Superfund site, bringing it back into usefulness, after the clean up is completed by the responsible parties. A draft Reuse and Redevelopment Planning Alternatives for the Blackburn & Union Privileges Superfund site was presented to the Board of Selectmen after they added comment from residents and other Town Departments. The Selectmen voted to send the Planning Alternatives to Environmental Protection Agency (EPA) to be considered while clean up standards will be finalized.

For more information the public can contact the Board of Health Office at 508-660-7321.

<u>SELF HELP INC</u>

During the program year ending September 30, 2005, Self Help Inc., received a total funding of approximately \$19.3M and provided services to 27,442 limited income households in the area.

In the TOWN OF WALPOLE, SHI provided services totaling \$167,318 to 198 households during program year 2005

Self Help's total funding of \$19,296,397 does not tell the real value of services delivered to the area as a whole. This funding enabled us mobilize an additional \$1,948,879 of other community resources such as, volunteers, donations of space, and private donations in the form of goods and services. Therefore, the total impact of Self Help Inc., during the past program year was \$21,245,276.

In addition, Self Help currently employs 250 individuals. Many of these individuals are of limited income, and most reside in our service area.

We feel that October 1, 2004 through September 30, 2005 was a successful program year for us because we were able to assist as many individuals and/or families as we did, regardless of the challenges of being a human service provider.

We thank the Town of Walpole, and all the volunteers for helping us to make fiscal year 2005 a successful one.

MAY COUNSELING CENTER/WALPOLE

95 West Street Walpole, MA 02081 (508) 660-1510

Emotional and psychological concerns affect nearly half of the population at some point during their lifetime. Research has revealed that with the appropriate treatment individuals and families can overcome difficulties and lead satisfying and productive lives. At **May Counseling Center/Walpole (MCC)** we are dedicated to providing the highest quality, state-of-the-art services for people of all ages.

For the past forty years, May Counseling Center, formerly known as the Cutler Center in Norwood, has been offering caring, effective help for a wide array of emotional and psychological concerns to children, adolescents and adults. Comprehensive outpatient services are provided by our highly trained multi-disciplinary team of psychologists, clinical social workers, nurses, interns and psychiatrist.

MCC/Walpole has refined specialized clinical care for key emotional and behavioral concerns including: Anxiety Disorders, Depression, Eating Disorders, Women's Issues and School and Learning Difficulties.

Our goal at MCC is to provide the most efficacious treatment utilizing clinically proven and outcome based interventions and measures. We strive to match an individual's symptoms with the best possible treatment available in order to minimize time spent in therapy and to maximize time spent enjoying a fulfilling life.

Services offered at MCC include:

Comprehensive Psychological Evaluations	Dialectical Behavior Therapy
Individual, Couples and Family Therapy	Parent Training
School-based Consultation	Separation and Divorce Counseling
24-hour Crisis Services	Children and Adolescent Services
Medication Evaluations and Management	Therapeutic Gym Program
Psychological and Neuropsychological Testing	Therapeutic Gym Program
Specialized Groups (Psycho-educational, Therapeutic and Skills-Training)	
Specialized Clinics	
*Anxiety Disorders and Stress Management	
*Depressive Disorders	
*Eating Disorders	
*Women's Issues	
*School and Learning Difficulties	

Specialty services are provided by a team that has training and experience in the evaluation and treatment of the specific disorder. A comprehensive evaluation is completed followed by a collaborative meeting with the individual and/or family to present findings and treatment recommendations. Interventions may be comprised of therapy alone or therapy in conjunction with a trial of a medication. Treatment plans are reviewed by the team on a quarterly basis to insure quality and effectiveness.

Dedicated to Excellence

MCC is part of the May Institute, an expanding network of nonprofit behavioral healthcare programs. The May Institute is an active center of research and training, affiliated with leading universities and hospitals. MCC staff share the May's dedication to excellence, with a focus on clinically proven methods that make a measurable and meaningful difference in people's lives.

Hours

MCC is open Monday through Friday from 9:00 a.m. to 7:00 p.m. Early morning hours are available upon request.

Insurance

We accept most insurance – commercial, private and Medicare, Medicaid and MBHP.

Referrals and Information

Intake Coordinator – Nancy Cuff (617) 325-6701 ext. 201

Residential Management:

SNCARC provides Residential Management Services for residential homes and apartments housing individuals with mental retardation.

Day Habilitation Program:

SNCARC provides educational and therapeutic services for adults with severe and multiple developmental disabilities. The program works to help individuals improve their communication skills, physical well being, domestic and self-care skills, community living skills and social skills. This program includes a component for individuals who are elderly and disabled by mental retardation. Its primary objective is to enable these individuals to continue to maintain their functional and social skills and to meaningfully participate in the life of their community.

Services supported by SNCARC through its affiliate Lifeworks:**Vocational Training and Job Placement Programs:**

Lifeworks Employment Services provides vocational rehabilitation for mentally retarded persons age 18 and over. These services include vocational evaluation, work adjustment training, sheltered employment, transitional or supported employment and competitive job placement and follow-up support.

Residential Programs:

Lifeworks Residential Programs provides home-like environments and supervision, care and training in independent living skills, functional academics and social skills. These programs include community residences and supervised apartments (both with 24-hour staffing) and cooperative apartments (with staff assistance less than 24 hours per day).

Walpole residents who wish to visit or learn more about our programs or who wish to request services for someone disabled by mental retardation or other developmental disability should contact us at (781) 762-4001.

<u>THE CENTER FOR COMMUNITY COUNSELING AND EDUCATION</u>

A Program of Bay State Community Services

I. Program Mission and Philosophy

As a program of Bay State Community Services (BSCS), the mission of the Center for Community Counseling and Education (CCC&E) is to provide clinically excellent substance abuse and mental health services to all in need. Available services at CCC&E provide access to a comprehensive continuum of quality care designed to respond to the evolving needs of each client. The driving value of service delivery is the understanding that each client deserves to have the appropriate level of care offered as simply and as directly as possible within a framework that recognizes the primary importance of individual, family, and community.

Accordingly, BSCS and CCC&E are committed to ensuring the viability of responsive community-based programming through the strength of a common administration dedicated to providing client-centered services in a flexible, cost effective, medically necessary, and quality conscious manner.

The agency's philosophy can be translated into the following principles:

- ◆ Emphasis on providing immediate, accessible treatment to people in need, regardless of race, gender, ethnicity, religious affiliation, handicap, or socio-economic level, and to develop culturally sensitive and clinically responsible services for such consumers.
- ◆ Emphasis on providing effective, ethical, and accessible substance abuse and mental health services in an environment responsive to each consumer's special needs. Treatment is individualized so that each consumer's treatment goals are addressed.
- ◆ Emphasis on comprehensive and best practice clinical services that focus on the needs of children, adolescents, adults, and families.
- ◆ Emphasis on the assessment and treatment of the dual diagnosed population.

- ◆ Emphasis on the goal of family preservation through collateral family services.
- ◆ Emphasis on strong community roots that tie the agency's goals and services to the character, needs, and quality of life of the clients and the communities that the agency services.
- ◆ Emphasis on continued assessment and improvement through the use of Continuous Quality Improvement (CQI).

II. Program History

The center has been providing exceptional social services to Walpole and the surrounding area for the past 35 years. The Walpole hotline was incorporated on October 9, 1970. The hotline was introduced to the center by a group of nine committed and understanding community members concerned about the well being of their community. The goal was to "reach, counsel and assist youth and others in need of assistance in connection with the social problems". After nine successful years, the enormous impact of the program was recognized. In order to reflect the substantial services to the community, the hotline became Project FACE. Project FACE continued the strong heritage of reaching out to the community and developed clinical programs to meet the changing needs of the community. On June 13, 1990 Project FACE was renamed The Center for Community Counseling and Education in order to fully reflect the array of services available to all community members.

CCC&E, from its earliest years as a provider of emergency hotline services has grown to become a multi service agency providing care to hundreds of local residents. The center has maintained its core mission to reach out to community members in need. However, its programs have evolved to meet the complex needs of today's families.

BSCS was formed in 1991 through a merger of five community-based agencies that had an extensive history (over 100 years) of quality service delivery to the communities of Greater Southeastern Massachusetts. The agencies included Survival, Inc. and the South Shore Council on Alcoholism of Quincy, the Mayflower Mental Health Association of Plymouth, the center for Community Counseling and Education of Walpole, and Billings Human Services of Norwood. The center chose BSCS as a partner because of the similar heritage, community focus, and shared values.

Program Description and Components

The center has been awarded a substance abuse license and a mental health license as part of the parent site in Quincy. These licenses enable the center to compete for state contracts, bill third party insurances and utilize agency resources. Currently, the center offers an array of clinical and educational services to serve Walpole and the surrounding communities. These services include:

Outpatient Mental Health Services

Counseling and evaluation services for children, adolescents, adults and families with concerns around mental health issues including, but not limited to, depression, anxiety, school related issues, life transitions and stress management. These programs are provided on site as well as at local school systems.

Substance Abuse Services

In our communities, one out of every four individuals struggles with substance abuse. The center offers diagnostic and forensic evaluation to assess the level of substance abuse. Upon completion of the evaluation, a comprehensive treatment plan is developed with the client. Individual, group, family and or couples therapy may be recommended. The program ascribes to the Bio-Psycho-Social-Cultural-Spiritual model of treatment. This model recognizes that addiction is a disease and quality treatment addresses all aspects of the individual and family. The program recognizes the impact of substance abuse on all family members and offers specialized services to children, spouses and parents.

Project SAFE

This collaborative program is designed to assist individuals and families who have experienced domestic violence. The local police and law enforcement agencies offer treatment information to any individuals involved in all domestic disturbance calls. This information includes ways to keep the family safe and information regarding clinical services available at the center. Clinical staff is available 24 hours, 7 days a week, to provide support, counseling and resources to the families.

The Girls Center

This innovative girls leadership program offers positive reinforcement and encouragement to local girls during a demanding time in their lives. Over 600 girls, ages 8-18 have benefited in the development of leadership skills including; increased self-esteem, positive peer relations, and creative expression. This program is based on the Women's Studies at Wellesley College and the work of Carol Gilligan. This research has found pre-adolescent and adolescent girls begin to lose academic and social self-confidence. This program is designed to combat this phenomenon and maintain and enhance the girl's growth and development. The program has achieved White House commendation, national, corporate and community recognition, and program partnership with six major universities.

Community Education Programs

The center offers interactive and educational seminars focusing on parenting programs, issues of adolescence, success in learning, and stress management. These seminars are presented by national award winning educators in collaboration with a team of adolescent trainers.

Youth Diversion Services

The center works closely with the local police, courts and school systems to identify youth at risk and offer early intervention. This service is designed to divert first time youth offenders from the court system. All eligible youth are required to complete a comprehensive diagnostic assessment. Once the assessment is completed, an individualized treatment plan is developed. This treatment plan incorporates education, support and alternatives to acting out behaviors.

In 2005, CCC&E has participated in the DPH Emergency Preparedness training, offered crisis intervention services related to a train incident, assisted the local Senior Center, worked collaboratively with police, worked closely with the local school system and guidance counselors and has accepted numerous walk-ins.

Program Staffing

The center prides itself on employing and maintaining highly qualified, dedicated staff. The staff is comprised of a Psychiatrist, Psychologists, Social Workers, and Licensed Mental Health and Substance Abuse Clinicians. Several staff members have been recognized for over 10 years of service to the center.

Currently CCC&E employs 8 clinical staff members and one full time Program Director. Staff credentials include: MD's, Licensed Psychologists, Licensed Independent Social Workers, Licensed Mental Health Clinicians and Licensed Addiction Clinicians.

The clinical staff offers the following clinical specialties.

- Child and Family Therapy
- Attention Deficit Disorder
- Mental Health
- Relapse Prevention
- Early Childhood

Development Population Served

The center provided services to 212 unduplicated clients this fiscal year. The majority of these consumers were female (124) and (63) males. Thirty seven percent of the consumers were children under the age of 18. The ethnicity of the consumers is consistent with the general population of the area, with 86% of the consumers identifying themselves as white. The center provided services to 27 local communities. Forty percent of the consumers resided in Walpole. Several families have identified themselves as parishioners in Walpole.

Consumers were treated for a number of disorders including:

Diagnosis	Percentage of Consumers
Depression	40%
Anxiety	30%
Substance Abuse	40%

Psychotic Disorders	6%
Attention Deficit Disorder	67%
Post Traumatic Stress Disorder	55%
Oppositional Defiant Disorder	12%
Adjustment Disorders	10%

Please note that 80% of consumers are diagnosed with more than one disorder.

Funding

There are several funding sources that support the center. These include; most major health insurances, The United Church of Walpole, Town of Walpole, State Contracts and Private Donations. The center revenue is \$170,333 and expenses are projected to be \$187,134. The center generally operated in a deficit due to the free care that the program is able to offer with the financial support from the community and BSCS.

The primary source of funding is reimbursement by third party payment. The center is able to accept over 70 different insurance companies. Over the past three years, BSCS has added 15 new managed care contracts in order to increase access to third party.

Through the efforts of BSCS, the center is able to access the Department of Public Health Substance Abuse Grant. This grant was re-awarded this past year for \$170,000. The center utilizes this contract for any consumers who present with a substance abuse disorder and do not have health insurance. Over this past year, the center has utilized almost \$30,000 of this contract.

The center has been very fortunate to have United Way funding of \$20,000 for the Girls Center. In the past, the center's clinic services also received United Way funding. Unfortunately, the United Ways' allocation to the clinic's funding has been discontinued.

Year	Revenue	Expenses	Profit/Loss
2002	269,477	305,538	(36,061)
2003	263,483	280,910	(17,426)
2004	187,664	225,087	(37,423)
2005	170,333	187,134	(16,800)

BSCS recognizes that clinic services are imperative to the communities we serve. Historically, clinics are not financially profitable. BSCS fully understands this and is committed to maintaining clinic services. However, the clinics must demonstrate financial responsibility and viability.

Summary

The center is a vital part of the well being of Walpole and its surrounding communities. In this past year alone, over 197 residents and families have benefited from the services at the center. Thousands have benefited over the past 35 years. Without the caring, compassionate and professional staff of the center, many of these families would not have received the care they needed. We are proud of and committed to our community and will continue to work on programs that will benefit the children and families who live here.

AFFORDABLE HOUSING COMMITTEE

c/o Town Hall

Jon W. Rockwood - Chair, and Members: Bruce H. Norwell, Clifford Barnes

The Affordable Housing Committee met as needed during 2005. During the year, the Committee considered a modest proposal for a 24 unit condominium complex in Walpole, and met with other landowners who might be considering developing housing with an affordable component. Members of the Affordable Housing Committee provided input and attended a number of meetings of the Master Plan Implementation Committee.

One of the primary objectives of the Affordable Housing Committee is to ensure the Town is working towards meeting the state requirements for affordable housing. To do this, we work with developers who may be considering housing projects with an affordable housing component. We are also monitoring changes to the Comprehensive

Permit Law, M.G.L. c. 40B. Some of the highlights of the law as it currently exists include the following: Chapter 40B allows developers who propose a housing project with a minimum of 25% affordable units meeting certain state requirements to override local zoning restrictions and undergo a streamlined permitting process (the Comprehensive Permit). Under Chapter 40B, municipalities that have not reached a goal of 10% of the census year-round housing units in permanently affordable (deed restricted) housing may have denials or conditional approvals of Chapter 40B housing proposals appealed to the state Housing Appeals Committee.

Citizens wishing to serve on the Affordable Housing Committee are invited to call Chairman Jon Rockwood at (508) 668-4073.

BUILDING INSPECTOR / ZONING ENFORCEMENT

(508) 660-7324

Jack Mee, Building Commissioner/Zoning Officer – Michael Fitzpatrick, Jay Mahoney, and Gus Brown Deputy Building Inspectors – Linda Menyo, Staff Assistant.

The Building Department is responsible for ensuring the public safety, health and welfare as they are affected by building construction. Our department checks construction from the ground up. We ensure the structural strength, adequate egress facilities, sanitary conditions, equipment, light ventilation and fire safety.

This department receives and reviews all building plans for conformance to all federal, state, local and architectural access codes. Additionally, this department enforces all Zoning Variances, Special Permits and Site Plan Approvals. Annual inspections of all public assembly buildings, as required under Massachusetts General Laws, have been made along with the regular inspections of new construction, additions, alterations, stoves, signs, and swimming pools for violations. Several individuals and firms were referred to the Zoning and Planning Boards for relief from local zoning laws. All alleged zoning violations have been investigated, some leading to litigation in both District and Superior Court.

Walpole's growth continues in an upward swing. Among the projects that are currently under construction include the expansion of Walpole Co-Operative Bank, and Tufts Veterinary Clinic.

Subdivisions include Toll Brothers (196), Brush Hill (26), Oakwood Estates (7), Niden Woods (13), New Fisher Lane (8), Wisteria Way II, and High Oaks Estates (40).

Springtime should bring the start of new bleachers at the High School, Hale Trailer Expansion, and KFC/Long John Silvers restaurant.

Projects completed in 2005 include Riverwalk Common, The Preserve Apartments, Boyden & Elm Street School expansions, and Applebees Restaurant. The following is a breakdown of the past years building permit activity:

TYPE OF CONSTRUCTION	PERMITS ISSUED	ESTIMATED \$ VALUE
Single Family Dwellings	78	\$23,513,079.00
Townhouse / Condo's / Apartments	0	0
New Commercial Buildings	12	2,060,125.00
Residential Foundations	7	54,600.00
Commercial Foundations	1	5,000.00
Permit Renewals	0	0
Demolition	17	0
Addition / Alterations, Residential	467	10,377,969.00
Additions / Alterations, Commercial	66	2,901,703.00
Permits Voided	0	0
Stove Permits	14	37,292.00
Sign Permits	41	99,269.00
Pool Permits	44	869,075.00
TOTAL	747	\$39,918,112.00

It has been an honor to serve the town as the Building Commissioner. I would like to thank my staff for their continued professionalism in the performance of their duties.

Respectfully,
Jack Mee

GAS / PLUMBING INSPECTOR

(508) 668-6680, (508) 660-7324

Robert Heavey, Gas/Plumbing Inspector – Ed Forsberg, Deputy Inspector

During 2005, 491 applications for plumbing permits were received compared to 471 in 2004. 471 applications were received for gas permits compared to 362 in 2004. All complaints were investigated with regards to gas and plumbing installations.

WIRING INSPECTOR

(508) 660-7322

Alvah Crosby, Wiring inspector – Ross Lepper, Deputy Inspector – Ron Bain, Deputy Inspector

During 2005, 725 applications were filed for wiring compared to 691 in 2004. All complaints were investigated with regard to electrical installations.

DEPARTMENT OF WEIGHS AND MEASURES

(508) 660-7324

The Commonwealth of Massachusetts Office of Consumer Affairs and Business Regulations, Division of Standards handles this operation for the Town of Walpole.

The Department of Weights and Measures is responsible for providing the services of testing, sealing and handling all complaints regarding commercial weighing and measuring devices within the Town of Walpole.

The department investigates consumer complaints regarding unit pricing laws; spot-checking prepackaged items for compliance with all weights and measures laws.

During 2005, the following inspections were performed:	Units Tested	231
	Units Sealed	281
	Units Adjusted	31

WALPOLE PUBLIC LIBRARY

65 Common St. 660-7340 www.walpole.ma.us

Director- Jerry Romelczyk, Assistant Director – Norma Jean Cauldwell, Administrative Assistant – Ellen Ransow, Children's Librarian – Carol McFadden, Reference Librarian Warren Smith, Assistant Children's Librarian – Leslie Loomis, Library Clerks – Susan Akeley, Virginia DeChristfaro, Deborah Kirby, Jean Koontz, Deborah Maimone, Elizabeth Masalsky, Eileen Phinney, Cindy Rayner, Jane Russau, Roberta Shone. Senior Page – Laura Paglucia.

The year 2005 was a season of recovery at the Library. After the events of FY 2004 with cutbacks in service, hours, and staffing, we finally began to move forward. We accomplished some needed repairs including replacement of failing air conditioning units and some needed painting. Our elevator was upgraded to meet new state requirements. Programming continued strong with a wide variety of events being held, many of them focusing on children and families. New popular materials were continually added. In late spring, we submitted our building grant application to the state. In July the state requested additional input. This led to

a total review of the project. Throughout the fall the Trustees and staff worked closely with the state, local interest groups and our architect, Finegold Alexander, to find the best design solution. The result was a much stronger design. It will be submitted for consideration at the beginning of 2006.

As a member of OCLN we continued to take advantage of the improvements in our information management system. Users are now able to perform a wide variety of library activities from the convenience of their home or office. As part of our service plan, wireless connectivity to the Internet is now offered throughout the building.

As we look ahead to 2006, storm clouds are on the horizon with funding issues again part of a town-wide discussion. As a dynamic and important institution that underpins the lifelong learning process for the entire community, we look forward to the challenges ahead.

Other Highlights:

Another successful summer reading program with over 700 children participating (a new record!!) – Installation of two new circulation desks through a combination of Friends funds and capital budget funds – Submission of a building plan to the state which potentially could result in an over \$3,000,000 contribution – Dozens and dozens of programs sponsored by or held in the Walpole Public Library – Continued growth of our non-print collections and the computer center

Thanks to the many who supported Library services in 2005. Your caring makes this profession so rewarding. Special thanks to Pat Kelly, Maureen Smith, Yvette Morrill, John Sheehan, Jim Manninen, Colin Harding, Betty Anne Wissman, Warren and Joann Sprague, Jan Goba, Paul Cesary, George Rowan, Anna Hargreaves, Dot Bergen, Tom and Diane Scotti, Tom and Diane Littleton and the many volunteers who helped out throughout the year.

TRUSTEES OF THE WALPOLE PUBLIC LIBRARY

(c/o Walpole Library – 508-660-7340)

Trustees: Paul Cesary (Chairman), Patricia Kelly, John Saad, Jan Goba, Maureen Smith

The Board of Trustees of the Walpole Public Library is charged with overseeing and protecting the interests of the Library on behalf of the citizens of Walpole. Its members are committed to the mission of the Library, to serve the informational needs of the community. Fiduciary responsibilities require staying abreast of an ever-changing society so that services and materials can be there to meet the needs of library patrons.

SCHOOL COMMITTEE

A School Committee opening was created by the decision by Dr. Richard Smith not to seek another term. Dr. Smith's contributions were myriad and his presence has been missed by his colleagues on the Committee as well as by the administrators who worked with him. We are grateful for his willingness to participate fully in the oversight of the Walpole Public Schools for the prior six years.

In June of 2005, the School Committee was joined by its newly elected member, Ellen Hanley Nadeau. Ms. Hanley Nadeau brings to the School Committee experience from the Walpole High School's Governance Council and has been a long-term parent supporter of the schools in her role on several Parent Advisory Committees.

Throughout 2005, the School Committee has had to struggle with inadequate revenue for the Public Schools. Like the town departments, the schools have been challenged to cope with the 20% reduction in state aid that began in FY 2004. As a result, class sizes have increased and services have been cut across the system. Expense accounts have been under-funded and professional development has been greatly curtailed. The lack of revenue compelled the School Committee to implement fees for busing and extracurricular activities including sports. The amount of fees borne by families is approaching \$1,000,000. The School Committee is concerned that these fees, though necessary, impose an unfair burden on the approximately one fifth of the town's population who have children of school age.

Tuition charges for preschool, full day kindergarten and extended day services have been used extensively to take some of the burden from the local budget. Because of these fiscal hardships that come from insufficient funding, the schools have also had to rely on the contributions of many community members who have provided additional resources to the education of the children of Walpole. Clearly, a more equitable solution would be a higher level of state support for the cost of education in Walpole.

As always, the School Committee acknowledges with gratitude the contributions of many community members lending time, energy and resources to the education of its young people in an ever-changing world. The success of a school system depends upon the staff and all others who make our schools safe and exciting places for instruction and learning.

System Wide Retirees

Name	School	Position	Start Date	Retirement Date
Gerald L. Anzalone	Bird Middle School	Teacher	9/1/1970	6/30/2005

In 2005, a number of professional and support staff who have been helping throughout the schools for many years, chose to retire. We owe these dedicated employees our appreciation and a debt of gratitude for their contributions to the education of the children of Walpole. Saying goodbye is always difficult; they will be missed. Many are moving onto a second tier of exciting life choices. Retirement for many of these folks is a misnomer. We wish them the best of the times ahead with the clear expectation that they will enjoy their retirement years.

School Administration
Superintendent of Schools

A Vision for Walpole Public Schools

The teachers and administrators of Walpole Public Schools are committed to:

- Curricula, programs and specialized services to help all students realize their potential;
- School climate and culture that provides for the emotional and physical safety of all students;
- Supports, resources and structures in place that attract, retain and strengthen staff by offering growth opportunities and recognitions.

Goal 1: Create or revise curricula and support instructional practices that meet the range of needs of a diverse student population.

Goal 2: Enable students to maximize their potential and surmount obstacles to their achievement by implementing programs and services that provide specialized attention.

Goal 3: Enhance students' sense of physical and emotional safety by providing structures and outreach that help all students to feel safe within and part of the culture of their respective schools.

Goal 4: Enhance teaching excellence by establishing personnel practices that will attract, support and reward talented and effective educators.

Goal 5: Optimize resources in light of fiscal constraints.

The Vision and Goals for the system have been used to guide decision-making and in the development of the budget for FY 05. The school district's progress in attaining this vision and accomplishing the above goals and objectives, as always, is contingent upon the availability of adequate fiscal supports. The end of year assessments summarizing the *Progress on FY 05 Systemwide Goals* is available on the school's website at www.walpole.ma.us, by clicking on the following icons: Central Office, Administration, Progress on FY 05 Systemwide Goals.

Whenever we reflect on the accomplishments of a school year of public education in Walpole, it is important to acknowledge that it is the combined work force of the schools' employees that attend to the needs of the students and move us forward in achieving a vision of excellence for the schools. There are myriad ways that town and school employees, elected officials, and community volunteers have contributed to children's' learning and enhancing the school system's performance this year and we acknowledge these contributions with gratitude.

Walpole High School

This past year has been a very successful one for Walpole High School. This fall, *Boston Magazine* once again ranked WHS in the top 20% of all Massachusetts 335 public high schools. With our MCAS scores in the highest 15% of the entire state, SAT, Advanced Placement, and college admissions rates near or above record levels, *Boston Magazine's* prestigious recognition is a well deserved and greatly appreciated acknowledgement of our efforts to make Walpole High School an unequivocally excellent academic institution.

Because of substantial reductions in state funding during the past several years, WHS has struggled to maintain its academic integrity and strong core curriculum. The fiscal outlook for next year however, currently appears significantly more grim. A projected 1.6 million dollar school department revenue shortfall will result in crippling cuts to essential staffing, programs, and services here at the high school. Class sizes will skyrocket to 30+ students, Advanced Placement courses will be eliminated, and elective classes will be cut. Further exacerbating this catastrophic situation is the fact that our decennial NEASC re-accreditation review is scheduled to begin next year. The negative consequences of this scenario can hardly be overstated.

By every set of measures though, the past school year has been a highly successful and productive one. The achievements of our faculty and student alike have been wide-ranging and impressive. Almost ninety four percent of the Class of 2005, the highest percentage in WHS history and a rate substantially above state and national averages, continued their education in college. In addition, our students performed most impressively in a wide variety of scholastic and co-curricular activities, the arts, athletic competitions, and extracurricular events. These accomplishments are an accurate reflection of the quality and scope of our academic programs and services and of our unequivocal commitment to excellence. This Report will present a detailed overview of those achievements, as well as provide appropriate recognition for the dedicated efforts of Walpole High School's professional staff and student body. We are extremely proud of what has been accomplished within our high school during the last year and we desperately hope that the financial resources essential for continued progress can be made available to us.

Respectfully submitted,

Robotics Club

- Scholastic Art Awards:
 - 2 Gold Keys
 - 4 Silver Keys
 - 4 Honorable Mention
- WHS received a Scholastic “Art Award Winning School” Recognition
- Eight students exhibited in the Chamber of Commerce Exhibit
- Five students exhibited in the Young Printmakers exhibit in the Sherman Gallery at Boston University
- Nine students exhibited in the Youth Art Barnes and Noble *Stages of Artistic Development* exhibit.
- Twenty students prepared illustrations with Cheshire cats that were used for a Binney and Smith promotion at the National Art Education Association’s national conference held in Boston
- One teacher presented Walpole High School student work twice at the NAEA national conference featuring Advanced Placement work in one session and abstract paintings of trees as families in the other.
- Tyco-Kendall hosted 3 exhibits, “Faces and Figures”, Points of View, and “Places and Spaces” and awarded scholarships to the six students whose work was voted 1st and 2nd for each show and the senior who received the most votes overall. In June they awarded 2 additional art scholarships.
- The Tyco-Kendall exhibit was on display in the WHS Media Center and the main lobby in April
- Two students were chosen for “Art All State”, a two day event for 140 select high school juniors who have demonstrated a commitment to art
- One student received an Honorable Mention in Congressman Stephen Lynch’s Artistic Discovery Exhibit and the drawing was exhibited in the state exhibit held in the South Shore Plaza
- Juniors and seniors exhibited in the Neponset River Watershed Association’s River Art Family Day Exhibit
- One teacher exhibited in the River Art Exhibit
- The Art Club contributed to “Project Spoon” with the sale of artist spoons
- Students participated in field trips to the Museum of Modern Art and The Metropolitan Museum of Art in New York City.
- Five students received art recognition with scholarship awards from Liquid Blue
- One teacher attended a week long AP Drawing studio session
- One teacher chosen to be an AP Studio Art Portfolio Reader
- Eighteen students traveled to Italy and the south of France to see the art, architecture, and landscapes of the Renaissance and the modern masters
- One student served an intern curator at the Moose Hill Sanctuary
- Senior art students received a guest artist presentation and workshop about pastel painting
- Sixteen students collaborated on a mural “Our Town: Outside the Frame” that was exhibited at the South Shore Art Center’s weekend festival that celebrated their 50 years of community connections.

ATHLETIC DEPARTMENT Submitted by: James Erker, Athletic Director

During 2005, the Walpole High School Athletic Program continued its tradition of excellence with:

- Sixty seven percent of our student body participating in interscholastic sports.
- A college admission rate of 95% for our senior athletes.
- The girls ice hockey program, during its second season, became a varsity sport.
- A night football game was held at Turco Field for the second time, with excellent cooperation among all of the constituencies affected by night games.
- One hundred Walpole High School students and faculty participated in the opening game ceremonies at Gillette Stadium for the New England Patriots home opener vs. Oakland.
- The Walpole Town Meeting voted to replace the stands at Turco Field.
- The Friends of the Walpole Community Athletic Complex initiated a major fundraising campaign to support the construction of a multipurpose field complex and track at Turco Field.
- Individual and team achievements including:

- MIAA South Sectional Championships in baseball, girls basketball and field hockey.
- Bay State Conference championships in girls basketball, field hockey, baseball, softball and cheerleading.
- Twenty two out of twenty five varsity programs qualified for post-season tournament.

ENGLISH DEPARTMENT

Submitted by: Maureen Kunz, Department Chairperson

Assessments

According to Boston.com's listing of "Top-scoring 10th grades by school," the scores of WHS's tenth graders on the English section of the spring '05 MCAS earned them a rank of #37 out of 338 public and charter high schools. This rank, based on the 43% of WHS 10th graders who scored in the highest Advanced category, places WHS tenth grade English students in the top 11% statewide.

Eighty-two percent of our English students scored in the Advanced/Proficient levels on MCAS '05.

Seventeen of our 10th graders scored perfect grades on MCAS's Writing Prompt (long composition).

Seventeen of our 10th graders scored perfect scaled scores on the entire English Language Arts section of the '05 MCAS.

Marking the fifth consecutive year in which WHS's verbal SAT scores have risen, the average score on the Verbal SAT for the class of 2005 was 541. The national average was 508, and the state average was 520.

In the SAT '05 subject Test in Writing, Walpole students scored an average of 633 points compared to 605 nationally and 624 in the state.

Of the seniors who took WHS's class in Advanced Placement in Literature and Composition, 82% passed the AP test, thus demonstrating their mastery of college-level knowledge and skills and potentially gaining college credit.

Curriculum and Instruction

Journalism classes publish five copies of *The Rebellion*, WHS's student newspaper that is mailed to 1800 homes in Walpole.

Journalism students toured *The Boston Globe* where they were addressed by staff about newspaper publication.

Journalism students attended cultural productions of opera, dance, plays, and concerts for which they wrote reviews that appeared in *The Rebellion*.

TV Production II classes produce "Optical News Force" which features student-produced video shorts as well as in-depth interviews with faculty, staff, administrators, and students on subjects of concern to the WHS community. "Optical News Force" appears on Walpole Community Channel 12.

Students from TV Production classes visited the "Game Day" set at the studios of WBZ-TV in Boston.

TV Production students visited Gillette Stadium where they were televised asking questions to Patriots players on the weekly show "Patriots All Access."

TV Production classes utilize an Electronic Bulletin Board that runs 24/7 on the WHS Community Access Channel to dispense relevant school information.

All freshmen participated in a Library Orientation program with their Freshman English classes. As part of orientation, WHS's Media Center continued its successful outreach program to ensure that WHS students have cards for the Walpole Public Library and the Old Colony Library Network.

Middle school and high school teachers from the English, Social Studies, and Media Departments participated in an interdisciplinary Professional Development meeting that focused on best practices in research and writing.

English, Social Studies, and Art teachers participated in a docent-led survey of the holdings of Harvard's teaching museum, the Fogg. Teachers began work on interdisciplinary units that utilize both differentiated instruction techniques and technological displays of learning.

Utilizing an English class's Blackboard website for online learning, a social studies teacher joined students in the online discussion of Orwell's novels *Animal Farm* and *1984* and of the historical precedents for Orwell's fictional dictators Napoleon and Big Brother.

An English teacher attended workshops in best current practices at the fall meeting of the New England Association of English Teachers.

A WHS English teacher taught a professional development class at TEC, the fourteen member educational cooperative of which Walpole is a member. Three WHS teachers participated in the course along with teachers from eight other TEC towns.

The English Chair attends bi-monthly meetings of TEC community English Chairs in order to share best practices with area English Departments.

Thanks to a generous grant from the Lorusso Fund, four English teachers worked during the summer on curriculum revisions of the 9-12 English curriculum.

The K-12 ELA Task Force, co-chaired by the Director of Curriculum and Instructional Grants and the 6-12 English Chair, has begun its five-year work in curriculum study and revision.

While the English Department has been able to maintain an acceptable average class size, it has been able to do so only at the expense of elective offerings.

Recognition & Special Events

WHS's student newspaper, *The Rebellion*, placed FIRST in the All New England competition in the New England Scholastic Press Association's annual conference at Boston University.

The New England Scholastic Press Association awarded a Journalism student a Special Award for a book review published in *The Rebellion*.

The Rebellion's advisor was invited to present a workshop at the annual conference of the NE Scholastic Press Association. The topic was "Advertising: The Engine that Drives the Newspaper."

WHS's annual literary magazine, *The Cricket*, was published in spring '05 under the guidance of WHS's Creative Writing teacher.

Thanks to the generous hospitality of Barnes and Noble Booksellers at the Walpole Mall, *The Cricket* has continued its tradition of holding both fall and spring poetry readings. Students read original work in the store's coffee house, and students' poems are published in the event's program.

Students from Creative Writing, Film I and II, and "independent" student film makers participated in WHS's Third Annual Film Festival in spring '05. The festival ran for two days and featured nine student-made movies,

one of which was in Spanish with English subtitles. Students utilized both iMovie and the professional Final Cut editing software.

WHS's Fourth Annual Film Festival is scheduled for spring '06. Awards will be given for best acting, directing, editing, writing, and faculty performance.

Thanks to a generous grant from the Walpole Computer Foundation, the Film Festival has purchased new computers with state-of-the-art editing capabilities.

Thanks to a generous grant from the John Ahern Memorial Fund, the Film Festival has purchased Final Cut Pro Studio software for editing movies on the new computers.

TV Production students submitted seventeen films to be judged in WHS's First Annual Digital Video Awards. The original films were judged by a panel of three Boston area television news directors from WBZ and WCVB. Criteria included composition, editing, effects, soundtrack, and creativity. Awards were given for Best Picture Film, Best Animation, Best Creative Short, Best Morning Video, and Best News Opening.

WHS students write, anchor, produce, and direct live morning announcements at WHS.

An English teacher was awarded a National Endowment for the Humanities grant to study George Washington in a summer '05 institute at Boston University.

An English teacher and the English Chair *emeritus* coached the Academic Decathlon Team in literature. The team has qualified for the state finals.

Thanks to the generosity of the sponsoring Walpole Post of the Veterans of Foreign Wars, WHS's three top winners of the fall 2005 Voice of Democracy spoken essay contest were awarded prizes of U.S. Savings Bonds totaling \$800 in worth.

FOREIGN LANGUAGE DEPARTMENTSubmitted by : George Watson, Department Chairperson

Curriculum and Instruction

1. German IV was introduced to the WHS Program of Studies and is being taught in conjunction with German II and III.
2. A new textbook program, Ecce Romani, was successfully implemented in Latin II CP1 and Latin II Honors.
3. Enrollment in foreign languages continues to be very strong. Enrollment now stands at 1127 students, surpassing the school population of 1105. The explanation for this high number is twofold: a) students are staying with their foreign language study for a longer sequence and b) a large percentage of students at WHS now study two foreign languages.

Assessment

1. A total of 350 students competed in the National French, German, Latin, and Spanish Exam Contests last year. In the National Spanish Exam Contest there were six state winners, grades 9-12, who were honored at Regis College for their performance. In the National French Exam Contest, nine students placed at the state and national level. On the National Latin Exam there were four gold and nine silver medal winners. In the JCL Creative Writing Contest, one student received third place nationally. Lastly, on the National German Exam, nine students received Certificates of Merit for their performance.
2. All eighteen students who took the Spanish Language Advanced Placement Test passed with a score of 3 or better (100% passing rate). Fourteen students received a 4 or 5 on the examination.

Professional Development

1. Three high school language teachers attended the Massachusetts Foreign Language Association state conference in Sturbridge, MA.

2. All foreign language teachers in the district attended a workshop on differentiating instruction in foreign languages. The workshop was given by Deborah Fernald Roberts, Department Head of Foreign Languages for Westwood Public Schools.
3. Richard Sturges, Spanish Teacher, attended a five day workshop sponsored by The Education Cooperative. The workshop, given by Dr. Marcel LaVergne was titled: Proficiency Testing in Foreign Languages.

Awards and Recognitions

1. The Foreign Language Department held its second Foreign Language Awards Night in May in the high school auditorium. Two hundred students were recognized for excellence in foreign languages. In addition, 72 students were inducted into the National Latin Honor Society.
2. For the fifth consecutive year, Mr. Watson, Department Head, was selected by College Board to be an AP reader and was sent to Trinity University in San Antonio to correct Spanish Language AP exams in June.
3. Mr. Watson led a two day workshop for AP teachers from all over the U.S. at College Board's annual AP Institute in the fall.

FOREIGN LANGUAGES IN THE ELEMENTARY SCHOOLS

An elementary foreign language program was initiated in each of the four elementary schools in Walpole. Under the aegis of I.E.S. (International Educational Systems), ten classes were formed to teach a foreign language to elementary age children either before or after school. In its first year in the district, approximately 100 students enrolled in either Spanish, French, or Chinese for a 24 week tuition-based program. Plans are currently being made to offer Italian next year along with the other three foreign languages.

GUIDANCE DEPARTMENT Submitted by: Diane B. Barr, Guidance Director

- Guidance Counselors continue to gain more knowledge in the use of the computer programming system through training.
- Guidance Counselors had the opportunity to attend workshops at Springfield, New Hampshire, and Worcester area Colleges, as well as Roger Williams, Rhode Island School of Design, Johnson and Wales, and Providence College. By attending these seminars/tours, counselors expand and update their knowledge regarding the changing college admission requirements.
- Continued to enhance the ISIS program, which identifies and discusses regular education students who are at risk.
- With computers available to all teachers in their classroom, more and more information including (recommendations) are being disseminated through e-mail.
- The Guidance Director continues to work closely with the Special Education Department Chair to enhance the Bridge Program (Special Education Program for at risk adolescents.) This includes, but is not limited to curriculum, transitioning back to Walpole High School, as well as post secondary education.
- Guidance Counselors investigated NAVIANCE, which is a computer, based statistical report. This would allow the department to produce more comprehensive and statistical reports.
- The Department is in the process of updating and improving the Guidance Department Web page.
- Guidance is utilizing the Edline system to assist in disseminating information out the parents and students.
- The Guidance Department processed over 1310 college applications for WHS seniors, the highest number in the school's history.

Four Year Private Colleges	55.7%
Four Year Mass State Colleges	21.4%
Four Year Out of State Colleges	7.2%
Two Year Private Colleges	0.0%
Two Year Mass State Colleges	7.2%
Two Year Out of State Colleges	0.0%
One Year Programs	1.7%
Preparatory Schools	1.2%
Selective Service	0.0%

LIBRARY MEDIA SERVICES DEPARTMENT
Submitted by: Deborah Jordan, Library Media Specialist

- The **Walpole PAC** continued its support of the library media center through the **sale of brass plaques** in the auditorium. This fundraiser **raised \$5,000 dollars** for the purchase of new library books. In April, the PAC sponsored an Open House to provide an opportunity for people to view their plaques and held a book sale that raised additional funds and provided quality used books for the media center. The media center appreciates the PAC support and continues to work toward the NEASC recommendation for a 24,000-volume book collection.
- Support from parents, alumni, staff, and community members continued to grow via the Walpole High School Library **Wish List on Amazon.com**. Various donors purchased twenty-seven books and DVDs **valuing over \$300.00** from the Wish List. The Amazon.com Wish List allows the library media specialists to select books and videos to support the curriculum and anyone can access this list via the Media Center homepage or the Amazon.com Wish List page. All donors were contacted and bookplates acknowledging the contribution were placed in each item.
- Thanks to the generous donation by the **Walpole Computer Foundation**, two new PC computers, a printer and barcode scanner for the library automation program were purchased and installed. Four eMAC computers with Microsoft Office were awarded to the media center in October and will be available for students and staff in 2006.
- The school library media specialists applied for and received a grant from **the Norfolk County Teacher's Association** for a year-long "Authors and Famous Folks Birthday Contest" for staff and students. Each month, posters with authors and other famous birthday month celebrities are featured along with a corresponding book display. Students and staff answer questions or put their own name in the box during their birthday month and the two winners receive a \$20 Barnes & Noble gift certificate or a bag of birthday treats in a birthday mug. Photos and posters from the contest were highlighted at a school library presentation at the **State House** in April and the Massachusetts School Library Media Association conference in November.
- The school library media center implemented a second grant from the **Norfolk County Teachers' Association** to purchase **National Library Week** pencils and promotional items to reward library cardholders and promote reading. Students in the library Book Club joined in the "**Get Carded**" activities and rewarded teachers who had their public library card while teachers and the principal "carded" students during lunch to promote National Library Week.
- Thanks to the generous support of the **John Ahern Memorial Fund**, the media center arranged for an informative **guest speaker, Leo Beaudet**, to speak to English classes throughout the day about his experiences as a movie screenwriter and top ten finalist in the Project Greenlight competition. Local reporters and photographers were invited to cover this special event in the Walpole Times, the Daily Transcript, the Rebellion, and the Hometown News.
- Thanks to the generous support of the **John Ahern Memorial Fund**, the media specialists were able to arrange for two students from Sharon High School, both formerly from Africa, to conduct a half-day presentation to the students in Chris Jean's and Steve Waisgerber's International Relations classes on the topic of **modern day slavery and genocide in Sudan**. The compelling presentation followed the showing of Hotel Rwanda and included information for students to conduct further research and fundraising to help raise awareness about the ongoing tragedy in Sudan.
- The media specialists arranged for a **former refugee from the Ivory Coast and Liberia**, now a student at Sharon High School, to speak to various French classes at WHS about French cultural life in these two French-African nations. Thomas Jeh was enchanting and compelling as he spoke about both the positive and negative experiences of his life.
- The media specialists periodically **contacted the local newspapers** to ensure coverage of the following events: the Barnes & Noble fundraisers, monthly student contests, guest speaker presentations, the Amazon.com Wish List, the Book Club activities, Student Humane Society club fundraisers. These and other media center happenings were highlighted **in many news articles** in the Walpole Times, The Rebellion, Walpole Hometown News, and the Daily Transcript throughout the year.
- Collaboration with the **Walpole Public Library** was strengthened in 2005 in the following areas:
- The media specialists worked with the Public Library to provide **all freshmen** students with Walpole Public Library cards.

- The media specialists made use of **interlibrary loan** to borrow 43 books, CDs, and videos from the online OCLN (Old Colony Library Network) to help support the curriculum.
- The Walpole Public Library provided boxes of discarded **magazines** to the media center to distribute to teachers for classroom use.
- The media specialists placed **fliers and vouchers** at the Walpole Public Library to reach out to the community for support during the June and November fundraisers with Barnes and Noble.
- The school library media specialists attended various **conferences** and workshops including the Massachusetts School Library Media Association annual conference, the New England Educational Media Association Leadership Conference, South Eastern Massachusetts Library Media Association classes and TEC workshops.
- Due to the generous donation by a book vendor, the media specialists received free vouchers to attend the vendor exhibits at the **American Library Association Midwinter Conference** in Boston.
- A **summer R&D grant** was provided to the school library media specialists to organize the first annual orientation for new staff members in September, update the freshman orientation PowerPoint presentation, and create a teacher guide to the media center to present to all staff the first week of school.
- The media center staff completed the first **inventory of the entire collection**. Computer records were updated and many changes were made in the database to accurately reflect the materials on hand. Inventory is an essential, time-consuming process that allows for accurate statistics and access to the existing collection.
- Unfortunately, the library media center suffered **severe cuts in staff** prior to the 2004-2005 school year. One full-time media aide position was cut and one full-time technology support staff was also cut and neither position was reinstated. One media specialist continues to remain on a part-time status only. These cuts continue to impact the services available at this busy media center. The media center and technology departments are **understaffed according to the NEASC accreditation standards**.

MATHEMATICS DEPARTMENT Submitted by: Steven Ouellette, Department Chairperson

PSAT/SAT/ADVANCED PLACEMENT RESULTS

- The mean score on the October 2005 Math PSAT was 50.4 compared with 48.0 in October 2004. Two hundred three juniors and sixty-one sophomores took the test.
- Notable scores on the October 2005 Math PSAT exam include Katherine O'Neil (77), Samantha Stoller (77), Erin Teich (77), Michael Dedrick (72), Mark Gallivan (72), and Steven Eicher (72).
- The mean score on the Math SAT for the class of 2005 was 546 (compared with 534 the previous year). The national average for 2005 graduates was 520 and the state average was 527.
- Senior Erin Groden scored a 770 on the math portion of the SAT and senior James Brady scored a 750 on the math portion of the SAT. Seniors Jessica Steinberg, Rachel Vanderheyden, and Tracey Clenott scored a 740 on the math portion of the SAT. Other notable results on the math portion of the SAT included Michael J. Murphy (730), Matt Connolly (720), Malek Mazzawi (720), Osama Duwaji (710), and Daniel Flaherty (710).
- The mean score for the SAT Math Level IC for the class of 2005 was 606. This exceeds the national average of 586 and the state average of 602.
- Notable scores on the SAT Math Level IC exam include Michael J. Murphy (740), Olivier Van Houtte (740), Matt Connelly (720), and Mike Zampi (700).
- The mean score for the SAT Math Level IIC for the class of 2005 was 643, a decrease of 4 points from the previous year.
- Notable scores on the SAT Math Level IIC exam include Michael J. Murphy (770) and Erin Groden (760).
- Fourteen students took the AP Calculus exam of which nine students obtained a perfect score of 5, three students obtained a score of 4, and one student obtained a score of 3. This translates to a mean score of 4.57, compared with a national mean of 2.94.
- Eleven students took the AP Statistics exam of which five students obtained a score of 5, four students obtained a score of 3, and two students obtained a score of 2. This translates to a mean score of 3.27, compared with a national mean of 2.88.

MCAS RESULTS

- The 2005 MCAS mathematics results showed an increase from the previous year. The average scaled score increased from 249 in 2004 to 251 in 2005. The three-year comparison graph below shows the distribution of scores by reporting category.

- Walpole High School's state ranking in mathematics only (from the Boston Globe based on percentage of students scoring in the advanced and proficient categories combined) increased from 114th in 2004 to 102nd (out of 338) in 2005. It is interesting to note that this modest increase in state ranking does not correlate to the significant gains at the Advanced/proficient levels, which were the highest in school history. This may be partly due to class size concerns and the elimination of the MCAS preparation course. It is anticipated that ongoing curriculum revisions at all levels (6 – 12) and leveling changes at both middle schools and the high school will positively impact Walpole's state ranking.
- The math department continues to analyze MCAS data using TestWiz software for the purpose of identifying curriculum areas that need to be revised. Teachers are also provided with an updated test bank and index of questions that includes the most recent grade 10 assessments. This test bank allows teachers to readily incorporate actual MCAS questions in their regular teaching.
- All sophomores received weekly MCAS question sets in their regular math classes during the ten weeks leading up to the May test date. During the 2004/2005 school year, students had the option of completing these problem sets on-line and having their answers emailed directly to their teachers.
- Notable math scores on the spring 2005 MCAS include Andrew Clark (280), Mark Gallivan (276), Daniel Jenks (276), and Daniel Moynihan (276).

AWARDS/COMPETITIONS

- Senior Jesse Betzner received the outstanding math student award for the graduating class of 2005.
- The freshman silver award went to William Ling and the gold award went to Steven Eicher.
- The sophomore silver award went to Geoffrey Herrmann and the gold award went to Erin Teich.
- The Junior silver award went to Michael J. Murphy and the gold award went to Erin Groden.
- Walpole High School's Academic Decathlon Team placed 9th out of 25 teams during the fall 2005 competition. Students competed in Math as well as six other categories. This year's team had a full complement of 3 "A", 3 "B", and 3 "C" level students. Walpole will advance to the state tournament in March 2006 to be held in Westwood.
- The Walpole High School Math Team finished 10th out of 30 teams in the SMML during the 2004/2005 season. Junior Michael J. Murphy was among the league's top scoring juniors for the regular season. Currently the math team is in 9th place out of 32 teams for the 2005/2006 season. Junior Erin Teich is listed among the league's high scoring juniors.

OTHER

- Curriculum guides for Algebra 2 Honors, Algebra 2 CP-2, Geometry CP-2, and Pre-Calculus CP-1 were created last summer (via Larusso funding) and are complete. The format adopted by the math department allows for better correlation between the texts being used and the Massachusetts state frameworks.
- A new textbook series was adopted at the middle schools (starting with grades 6 and 7 during the 2005/2006 school year) and one ability level was eliminated. This will have an impact on grade 9 during the 2006/2007 school year.
- The math department continues to maintain its new website, hs.walpole.ma.us/whsmath/index.htm.
- A ceiling-mounted Infocus projector was installed in a second math classroom. This device has enabled teachers to project any computer image including those created in Powerpoint, Excel, Sketchpad, Internet, etc... An additional ceiling-mounted has been acquired and will be installed in a second classroom in the very near future. It is the plan of the math department to eventually outfit all math classrooms with this technology.
- The math department received a 32-student TI-Navigator system as part of a Walpole Computer Foundation Grant during the 2003/2004 school year. This system creates a wireless network between student-owned TI-83 (and TI-84) graphing calculators and a teacher workstation. The Math Department Chairperson was invited by Texas Instruments to participate in an intensive 4-day workshop on how to make effective use of this technology in the mathematics classroom. This program allowed the Math Department Chairperson to provide some training to other staff members and usage of this technology is starting to increase.
- One math teacher attended the National Council of Teachers of Mathematics (NCTM) annual conference in Anaheim, CA during April 2005. Funding for this trip was provided by the John Ahearn Memorial Fund and the Larusso Fund.
- During the fall of 2005, two teachers attended the regional NCTM conference in Hartford Connecticut.

MUSIC DEPARTMENT Submitted by: Michael Falker, Music Coordinator K-12

The students and faculty had another busy and productive year in 2005. In addition to numerous school concerts, music students participated in many local events and music festivals.

- January 7 & 8 – Selected students perform at the MMEA Senior District Festival at Bridgewater State College.
- January 29 – Selected students audition for the MMEA All-State music festival at Northborough High School.
- February 12 – Selected students audition for SEMSBA Festivals at Sharon Middle School.
- March 4 & 5 – Selected students perform at the MMEA Junior District Festival at Attleboro High School.
- March 17, 18 & 19 – Selected students perform at the Senior SEMSBA Festival at Durfee High School.
- March 18 – Band performs in the Walpole “Person of the Year” parade.
- March 19 & 20 – Selected students perform on stage and in the pit with the WHS Drama Club in the fully staged production of Grease.
- April 14 – Spring concert at Walpole High School.
- April 15 – 18 – Band and orchestra travel to New York City and participate in the Performing Arts Consultants music festival and a variety of educational and social events.
- May 6 & 7 – Selected students perform at the Junior SEMSBA Festival in Plymouth.
- May 20 – Pops Night performance at Walpole High School.
- May 30 – Band performs at the Walpole Memorial Day services.
- May 31 – Orchestra performs at String Night.
- June 5 – Band performs at the WHS 2005 graduation ceremony.
- September 1 – Music department welcomes back Mrs. Maccini-Pavloff from her one-year leave of absence.
- September – November – Band performs at home football games.
- October 2 – Orchestra strings perform at Daniel Feeney dedication at Elm Street School.
- October 17 – Orchestra strings perform at the opening of Town Meeting.

- November 11 – Selected students perform at the Veterans Day ceremonies.
- November 19 – Selected students audition for MMEA Senior District Festival at King Philip Middle School.
- November 26 – Band performs in the Walpole Santa Parade.
- December 3 – Selected students audition for MMEA Junior District at Marshfield Middle School.
- December 14 – WHS Winter Concert.
- December 16 & 17 – Walpole Carol Singers perform at various locations in Walpole.

SCIENCE DEPARTMENT Submitted by: Maryellen O'Malley, Department Chairperson

- The Science Department expresses its thanks to the Bayer Corporation for sponsoring Walpole High School for the Science Screen Report Video program. During the Spring of 2005, we received nine videotapes for student and Teacher use that cover current issues in science.
- Honors and CP1 Physics students entered the American Association of Physics Teachers High School Physics Photo contest and Emily Hrenchuk, a member of the class of 2007 was one of the top 100 finishers.
- AP Chemistry and AP Biology are now both offered in the science curriculum. Currently, there are over 20 students enrolled in the AP Science program.
- SAT II scores in Biology were very high with scores over 600. SAT II scores in Chemistry improved with scores over 525 for the 2004/2005 school year.
- AP Chemistry students completed the AP Chemistry exam in May of 2005 with 22% scoring a 3 or higher.
- AP Physics B has been added to the Program of Studies for the school year 2006/2007.
- Mrs. Leah Milne joined our department as an additional Physical Science teacher. Mrs. Milne comes to us from King Philip High School. She is a welcome addition to our staff.
- Eight freshman science fair winners represented Walpole High School at the Massachusetts South Sectional Regional Science Fair at Bridgewater State College in March of 2005. Ryan Ollis, a member of the class of 2008, received an Honorable Mention at the competition.
- The 6th annual Walpole High School Science Fair was held during December of 2005. The fair was held on an early release day and the faculty at Walpole High School served as monitors and judges. Eight students were chosen to present projects at the Massachusetts South Sectional Regional Science Fair at Bridgewater State College in March of 2006.
- Mr. Edward Leitz, Biology teacher, has rejoined our staff after a medical leave of absence during the spring of 2005. Mr. Leitz is a member of the Southeastern New England Marine Educators Association.
- Mr. William O'Malley, Chemistry teacher, completed a Using Computer Probes in the Chemistry Classroom course through the TEC Cooperative in Spring of 2005. Mr. O'Malley also attended a Chemistry Demonstration Workshop offered by the Bureau of Education and Research in November of 2005. Mr. O'Malley is a member of the American Institute of Chemists. Congratulations to Mr. William O'Malley and his wife, on the birth of their daughter, Grace Jane O'Malley on July 19, 2005.
- Ms. Lara Walleston, Biology teacher, is currently attending the TEC Licensure Program for an Initial License. Ms. Walleston also attended the TEC Summer Science Institute during the summer of 2005 and currently is a member of the Faculty Senate.
- Ms. Tiffany Rhodes, Physical Science/ Physics teacher, worked as an outdoor adventure guide for Trailmark Outdoor Adventures during the summer of 2005. Ms. Rhodes lead groups on rock climbing, sea kayaking and mountain biking expeditions in Utah, Wyoming, Maine and New Hampshire. Ms. Rhodes is the advisor to the Outdoor Adventure Club at Walpole High School and recently led a group of 30 students rock climbing in December 2005.
- Science Fair Mentoring Program was continued for the second year, in which all students participating in the science fair met with a science teacher to discuss and outline their project. Each science teacher met with approximately 25 students after school.
- The Walpole High School Science Department Web site is on the Internet. In addition to course descriptions the web site enables students to link to science resources on the web. Students accessing the site will also be able to download the Science Fair booklet and link to Science Summer reading articles.

- Mr. Daniel Mullaney, Chemistry teacher, attended an AP Chemistry seminar in ST. Johnsbury, Vermont that was conducted by the College Board during the Summer of 2005. Mr. Mullaney is also working on his Masters of Arts in Physical Science Education at Bridgewater State College and is the Senior class advisor. Mr. Mullaney was also a Member of the Walpole Teacher's Association Negotiating Team for the new teacher contract and a member of the Faculty Senate. Mr. Mullaney is a member of the American Chemical Society.
- Ms. Lindsey Reichheld, Biology teacher, attended the Biotechnology Symposium at the Boston Museum of Science in March of 2005. Lindsey maintains the science department web site and is currently enrolled in a Masters program in Biology at Northeastern University. During the past year she has worked in a Biology Lab at Northeastern University Studying Nematode affects on termites. Ms. Reichheld also attended a two-week course at Harvard University on Neuroscience during the Summer of 2005.
- Mrs. Beth Salenik-Raccuia, Biology teacher, serves as a member of the Student of the Month Committee. During the summer of 2005 Mrs. Salenik-Raccuia developed a differentiated curriculum guide for the Biology CP3 course.
- Ms. Susan Wick, Environmental Science teacher, is currently pursuing a masters degree in Educational Leadership at Framingham State College. During the past year she has taken courses in Legal Issues, Curriculum Planning and Integrating Technology in the curriculum. Ms. Wick is a member of the National Science Teachers Association.
- Ms. Lindsey Reichheld and Ms. Susan Wick completed the update of the Biology curriculum guide during the summer of 2005. There is now a written outline for teachers to use as well as activities and labs that correspond to each unit.
- Mrs. Meme O'Malley, department chairperson, was appointed to the Assessment Development Committee for the Grade 8 Science and Technology MCAS exam by the Department of Education. Mrs. O'Malley is a member of the National Science Teachers Association and attended the Science Summer Institute with the TEC Cooperative in July of 2005. Mrs. O'Malley is also pursuing a Masters degree in Curriculum and Instructional Technology at Framingham State College.
- Mr. John Thomas Miller, Physics teacher, was an advisor for the Walpole High School Film Festival in spring of 2005. Mr. Miller also acted in the film, "I Know What You Did Last Semester." During the fall of 2005, Mr. Miller has been coordinator of the Frisbee Social Club at Walpole High School. Mr. Miller is a member of the American Physics Teachers Association.
- Mr. Miller and Ms. Rhodes' Physics classes participated in Physics Day at Six Flags of New England in May of 2005. Over 90 students were involved in measuring acceleration, distance, velocity and speed at several of the amusements in the park.
- Teachers from Walpole High School Science Department judged the Bird Middle School Science Fair in November 2005.

SPECIAL NEEDS DEPARTMENT

Submitted by: Carol A. Peck Department Chairperson/Middle School, High School Coordinator

The Special Needs Department is focusing on the implementation of the federal and state revisions in Special Education regulations and procedures effective July 1, 2005. The department members focus on assisting the regular classroom teacher in providing classroom accommodations for the students with diverse learning styles and learning disabilities. In addition, the department is preparing for the March 2006 Coordinated Program Review. Some departmental initiatives have been limited or curtailed due to the October 14, 2005 budget freeze.

Communication- Special Needs programs and services, were expanded over the past years, to provide a free, appropriate education within the least restrictive setting. In order to coordinate programs, services, and improve communication at the middle and high school level, a combined coordinator/department head has been designed. This provides an opportunity to dialogue with staff at both levels and address the collaborative coordination of district/departmental goals, objectives, transitions and services.

Partnership/Walker and Bridge Programs are coordinating their services and refining the entry and exit criteria for their programs. The Bridge staff is communicating regularly with high school staff in order to provide smooth student' transitions to high school, mainstream academic classes.

A grant providing coverage for regular educators, as required by law, to attend special education team meetings, has continued.

Support staff reductions have been possible by clustering students needing significant assistance within the mainstreamed setting.

Technology, and software provides paperless, quarterly, academic progress reports for parents via on-line access. Ed-line is in the process of being refined for use at the high school. Furthermore, all staff can access to email which streamlines home and building communication. Copiers have been maintained throughout the building.

Curriculum- The curriculum, handbook, and schedule for the Bridge Program have been modified to mirror the high school.. The Bridge Program has aligned the curriculum, methodologies and criteria in order to provide students a smooth transition to the high school mainstreamed classes.

A professional development day dedicated to cross-curricular differentiated instruction, included specialists distributed among the science, math, and foreign language departments resulted in sample units of instruction.

A Kurzweil Lab has been established to provide an effective assistive technology tool needed by students' with severe decoding disabilities that impact their ability to access the curriculum.

Department members are developing and piloting a Freshman Academic Skills class that incorporates individual, specially designed instruction with a study skills curriculum. Mrs. Karen Baumgartner and Mrs. Kathleen Colvario are developing this model throughout the current school year which will include an evaluation mechanism and project-based rubrics for future classes.

Reading/Writing Lab and Language Skills have expanded their reading libraries. Math Skills is utilizing new manipulatives to reinforce a variety of mathematical concepts.

The Career and Education Program continues the prevocational/ vocational sites. Off campus sites include the Walpole Food Pantry and Walpole Public Library. The program has established a W.H.S. chapter of the national Best Buddies Program. In addition, employment internships and a mentoring program are being researched, with the goal of implementation by September, 2007.

Training- Department members have attended trainings and workshops on: Special Education Law revisions, MCAS Alternate Assessment Educators' Training, Mass School Psychologists' Conference, Teaching the Child with Learning Disabilities: Strategies for Success by Rick Lavoie, Adolescents with Autism, Asperger's and the Autism Spectrum. In addition, staffmembers, regular and special education, are meeting with specialists and consultants to address individual strategies for students with behavioral, developmental, and spectrum disorders.

Awards- Walpole High Special Needs Program was selected by the Ennis Cosby Foundation For the "What's Up" Program. This includes the piloting and evaluation of study skills materials and assignment notebooks. In addition, Walpole High School is participating in a Partnership Program internship with Simmons College and has been selected as a 2006-2007-internship site for the new Massachusetts School Of Psychology.

SOCIAL STUDIES DEPARTMENT Submitted by: Thomas Morris, Department Chairperson

The Social Studies Department has been working on three major goals this past year. The first was the continuing process of bringing our curriculum guides into alignment with the Massachusetts Department of Education frameworks. To that end, Ms. Lee Barnum and Mr. Timothy Giblin rewrote the U.S. History II curriculum over

the summer and our U.S. History program is now aligned with the frameworks. Our second goal, along with the school system as a whole, was the promotion of differentiated instruction in the classroom. One of the key components of this effort was how to effectively use technology to teach our students, who learn and see things in so many different ways. We used our professional days during the winter to learn about differentiated instruction and this fall we investigated with the Art and English Departments how we can use the museums at Harvard University to fulfill this goal. Our third goal was also done in conjunction with the English department and this time with the help of the Media Department we developed a comprehensive approach to the problem of plagiarism in the schools. We met on multiple occasions to construct a plan to teach not only the meaning of plagiarism but also why it is ethically wrong.

The Social Studies department continued to supervise the multiple elections for Class Officers, Student Council, Student Advisory Council to the School Committee, and other student government positions. We would again like to thank our former secretaries, Marie Bergamo, Marjorie Stuber and Lucina Nagle for coming in to help us with this effort.

Social Studies students participated in field trips and had many guest speakers this past year. These included field trips to Bentley College to participate in the “Spotlight on Employment in Government and Business” program, to the Federal Reserve building in Boston, and to the Norfolk Prison. The Social Studies club also went to Europe again this summer, visiting Rome, Florence, Paris and London. Many of the classes had special guest speakers and special programs including a seminar day on “Genocide on the African Continent”, a visit by the German Consul General discussing the European Union, a visit from the Better Business Bureau, and a lecture on investing in the stock market. Our International Relations Program would like to express special appreciation to our former students Erin Boyd (class of 95), who spoke on her experiences as a Peace Corps volunteer and her role in Oxfam International, and Lieutenant Adam Saccetti (class of 97), who spoke about the war on terror and his experiences in Afghanistan and Iraq.

Members of the Social Studies Department continue to serve as advisors to numerous extracurricular activities including: Karen Sullivan - “Project Closeup”, Steve Gibson - Student Advisory Council to the School Committee, Adrian Munoz-Bennett- “Mock Trial Team”, Jeff Szymanski – Academic Decathlon, Stephen Waisgerber and Chris Jean – Amnesty International. Chris Whittenhall, a new member of the department, also joined Jeff Szymanski in advising the sophomore class. Mr. Whittenhall also restarted the Diversity Club after a two-year hiatus.

The Social Studies Department continued to help in the selection of students to participate in the following events. “Boys and Girls State” was again sponsored by the American Legion. This year’s selectees were Erin Groden, Nicole Eckart, Daniel Flaherty and James Brady. Geoff Herrmann attended the “MassSTAR Youth Leadership” program sponsored by the Walpole Women’s Club and Nicole Eckart and Brian Gay attended the “United Nations Pilgrimage for Youth” sponsored by the Odd Fellows and Rebekahs. Our participants in “Student Government Day” sponsored by the Commonwealth of Massachusetts were Caitlin Tierney and Lisa Urbani. We would like to thank the sponsoring organizations for giving our students these wonderful opportunities.

UNIFIED ARTS DEPARTMENT
BUSINESS, TECHNOLOGY, WELLNESS, AND FAMILY & CONSUMER SCIENCE
Submitted by: John Neubauer, Department Chairperson

WELLNESS

Good news for our Wellness department this year. The budget allows us to restore one of the two health teaching positions making it possible to reinstate the Freshman/Sophomore health curriculum. We are hopeful that the budget will make it possible to reinstate the other health position next year.

FAMILY & CONSUMER SCIENCE

The Family and Consumer Science Department expanded its course offerings to include a Child Development II course. Students spend two periods per 7-day cycle working with a teacher in a Walpole elementary classroom. Students develop lessons in class to present at their elementary school under the supervision of the classroom

teacher.

Students in Conflict Resolution class are trained to help their peers resolve conflicts. Students can be referred to Peer Mediation by administration, guidance, teachers, or students and a mediation will be set up to explore solutions. Peer Mediators have presented a demonstration to Health classes to advertise the program. The group hopes to bring their presentation to the Middle Schools soon.

TECHNOLOGY

The Wood Technology III class held another Silent Auction this year that raised over one thousand dollars. The auction items included a variety of bookshelves, a blanket chest, a display coffee table, Adirondack chairs and cd towers made by Wood Technology students. The money raised was used to purchase wood stock for the Wood III program.

In their third season, the WHS Robotics Club enrolled in the FIRST Robotics Competition. The group competed in the Granite State Regional in Manchester, New Hampshire and the Nationals in Atlanta, Georgia. Also, for the second year in a row, the Robotics Club received the prestigious Judges Award for “elegance in design” in Manchester and they tied for 1st place in the Nationals in Atlanta. We are very proud of our students and the amazing progress they have made this year.

As the Robotics Club faculty advisor, Mr. Scott received the following grants and donations during the '03-'04 season:

- \$3000.00 grant from the Walpole Computer Foundation
- \$2500.00 grant from Analog Devices, Norwood MA
- \$1500.00 grant from the WHS Will Committee
- A total of \$1750.00 in donations from local businesses: Brady & Monac PC, Baystate Federal Savings, Dedham Savings, Workplace Systems, Senior Aerospace, IntelliReach, and other anonymous donors
- \$1000.00+ in various fundraisers and town events

Mr. Scott wishes to recognize the parents of the Robotic Club students for all of their hard work. We could not have done it without you. This year, the Robotics Club will be returning to both the Granite State Regional event as well as the National Championship in Atlanta, Georgia. Good luck to all.

As a benefit of participating in the FIRST Robotics Competition we received a 26-station license for AutoCAD 2005 and Inventor software. The drafting students are reaping the benefits of learning their drafting fundamentals using the latest version of this industry standard software.

We were also fortunate that the budget allowed us to be able to upgrade the Drafting /Robotics computer lab with new Dell workstations capable of running the new AutoCAD 2005 software. The computers these workstations replaced were used to upgrade the computer-programming lab whose computers are six years old.

Thanks to a \$4200.00 grant from the Walpole Computer Foundation, we were able to replace our drafting plotter with a 42-inch HP Plotter. Students are now able to print their drawings using professional quality standards.

BUSINESS

In a continuing effort to ensure that our Business students succeed in college, this year's budget allowed us to replace the Accounting I and II textbooks with the most up to date edition. We were also able to purchased a new textbook for Computer Application I and II programs keeping up with the latest advances in computer technology.

The Entrepreneurship Club was initiated this year and held its first charity drive raising over eight hundred dollars for a needing Walpole family. The students sold candy canes during lunches in the school's cafeteria.

Mr. Braccini received a \$3100 grant from the Walpole Computer Foundation to purchase video cameras and editing software for the Marketing program. Marketing student will refine their textbook skills producing commercials using this equipment and software.

Also, the Business teachers are scheduled to attend the annual MBEA Conference at Bentley College.

Bird Middle School

Where young minds take flight and soar to new heights

625 Washington Street, East Walpole, MA 02032

508-660-7226 Fax: 508-660-9229 Email: <http://bird.walpole.ma.us/>

Principal: Sandra Esmond

Assistant Principal: Bridget Gough

As always, the year of 2005 was filled with excitement and busy activities for the 430 students in grade six, seven and eight. Following the guidelines of the National Middle School Association, the schedule of the students is filled with academic subjects, related arts subjects and after-school activities.

The Governance Council for Bird met monthly to develop goals for the School Improvement Plan that supported the district goals for all of the schools. Goals for 2005-2006 included: to increase inclusive strategies through differentiated instruction to allow all students to access the curriculum, to develop a math initiative; to educate students and parents about internet safety; to provide foreign language opportunities for all students; to document building maintenance projects supported by the Healthy Schools Team. Building maintenance goals will continue to require capital budget support to upgrade the facility.

Due to some funds from Capital Budget, we were able to upgrade the front entrance of the school with new windows, door and improved heating. A grant from NStar also allowed us to replace old electrical lighting with new and energy efficient lights. These two improvements should help defray future energy costs. Maintenance of the school building continues to be difficult due to the reduction of the custodial staff which was caused by a budget cut several years ago. Restoring funding for additional custodial/maintenance staff is a high priority.

A major initiative at Bird has been the implementation of Edline, an electronic method of communicating with parents. During our second year of utilizing this service, we have been able to communicate student progress, school events, homework and dates of tests. The response from the parents have been overwhelmingly positive. By posting our monthly newsletter and other notices, we have been able to reduce the use of paper significantly. Continued use of the valuable service will depend on adequate funding of our budget. Improved access to the internet will be possible due to the installation of improved wiring.

Our analysis of MCAS scores indicated that work needs to continue in math instruction. Although there was improvement from prior years, several areas of weaknesses continue to exist. Working with the chairperson of the

math department, a math initiative was written which will address these areas. We were fortunate to purchase new text books for grades 6 and 7 due to a generous anonymous donation. Teachers have reported positive growth since the beginning of this school year. We have been able to maintain an MCAS math preparation teacher who has taught students valuable strategies to answer the challenging questions.

A task force composed of parents and staff worked from both middle schools to determine a site for the grade 6 Environmental Education week. The goals were to locate a site closer to Walpole with a strong curriculum. After several presentations and visits, the committee recommended W. Alton Jones in Rhode Island. Both schools will attend this program in April of 2006. The teachers will review this first year for any future recommendations.

There were many students who were recognized during the year for their many accomplishments in all areas of the school. Jonathan Trudell was champion of the National Geographic Geography Bee. Jonathan Barry and Corrine Eysie were selected as two scholar leaders recognized by the New England League of Middle Schools. At the June recognition ceremony for grade 8, many students were recognized for their hard work and contributions while at Bird Middle. Memorial awards were given to the following students: the Family and Consumer Science award was given to Chantelle Murray for her outstanding improvement in these classes and Timothy Coyne was presented the Technical Arts award for his accomplishments. The Swenson award was presented to Nora Feeney for her outstanding overall growth and development during her career at BMS. Brian Gaffey received the Jan Ostrum Memorial Trophy for his outstanding school participation, leadership and spirit. The Laura Warcup Memorial Award was awarded to Christopher Cameron for his interest, enthusiasm and superior achievement in social studies. The Suzanne Grimes Memorial Award for participation and enthusiasm in school athletic programs and events was presented to Ryan Collins. The Leonard F. Downs Award, which is for the student who has maintained the highest academic average throughout his/her years at BMS, was a tie this year and was earned by Michael Freiberger and Sally White. Thomas Barry was presented with the Music Award as the Outstanding Eight Grade Musician due to her many contributions to the band program. Tzu Lin Wu earned the Art Award for her effort and enthusiasm in her art classes. The American Citizenship Award was presented to Andrew McClintock, Nicole Panciocco and Christopher Salvi. The Spring Musical Award was given to Christian True and Kristen Helm for their outstanding contributions to the BMS musical.

The PAC continued to be an important supporter of Bird, giving both time and money to help promote the excellent instructional program for their children. Fundraising efforts allowed them to support a homework lab, several cultural assemblies, new spot light for the stage. Their volunteer time has always been generous and has supported a positive climate in the school.

June saw one staff member retire to start new challenges. His tireless dedication and many contributions cannot be listed easily, but we thanked him and miss his presence. We wished Mr. Gerald "Jerry" Anzalone many wonderful years of retirement. We will all remember his wood projects the students brought home, his technology curriculum contributions and the wonderful ski trips for Bird Middle School students.

Bird Student Art Work

Johnson Middle School

111 Robbins Road, Walpole, MA. 02081 508-660-7242 e-mail: www.walpole.ma.us/walpoleschools.htm

The year 2005 brought many changes to Johnson Middle School. After Principal Jean Krim took a position as a middle school principal in the Hull Public Schools, Mrs. Sheryl Biss was hired as the Johnson Middle School Principal on July 1, 2005. She was previously an assistant principal in the Mansfield Public Schools and brings to Walpole excellent skills and experience. Other staff changes included the retirement of eighth grade math teacher, Nancy Cotter; Mrs. Marie Bagarella was hired as our MCAS math teacher; and, Ms. Katie Folsom was hired as a grade 8-math teacher.

The past year saw many changes to both the interior and exterior of the school. Parent volunteers weeded and planted the gardens in the front of the building. They cleaned and painted our patios. Building Maintenance painted the foyer a beautiful sky blue. Linda Minnick painted the web address and a floral bouquet on the wall in the lobby. The secretaries painted the office and rearranged the office furniture to make for a warm welcoming when entering. Custodians have worked diligently cleaning the building.

Progress has also been evident in the area of academics. In the seventh grade, 13% of our students scored Advanced in ELA, 77% scored Proficient, 9% scored Needs Improvement and 1% fell in the Warning category. MCAS Math scores for grade sixth were 10% Advanced, 32% Proficient, 42% Needs Improvement and 16% Warning. Grade eight scores in Math were 18% Advanced, 30% Proficient, 33% Needs Improvement, and 19% Warning. Grade eight Science and Technology/Engineering scores 4% Advanced, 33% proficient, 46% Needs Improvement, and 18% Warning. J.M.S continues to look for ways to aid our students in successfully preparing for this test.

J.M.S. 2005 Field Trips were exciting and educational. The eighth grade French students spent three days in Quebec experiencing Winter Carnival, studying about the history of the area, learning how to make maple syrup and using their French Language skills. They were able to go dog sledding for an afternoon of fun. Seventh grade students went to the Trinity Repertory Theater's production of "A Christmas Carol." Our sixth grade went on their annual Environmental Ed. Week. It was at Camp Calumet, which is located in N.H. They left on May 23rd and returned on May 27th. Grade six students went to Boston's Symphony Hall to hear the Symphony. In addition, several students had the opportunity to go to Mt. Wachusett for a fun day of skiing. Thank you to the entire teaching staff who spent so many hours planning for these educational experiences.

In January of 2005, Matthew Carney won the school Geography Bee and in March, William Bryce represented Johnson at the Patriot Ledger Spelling Bee in Randolph. Congratulations to both students who represented Johnson so well.

For the fourth year, Johnson Middle School took part in the Commonwealth of Massachusetts Middle Level Educators' Scholar Leader Program. Two of our eighth graders, Bridget Sheppard and Michael Flaherty, were honored at a Banquet at the Worcester Centrum. Over 70 middle schools from across the state were represented and the parents and invited teachers of the students attended. Bridget and Michael received plaques from Commissioner of Education David Driscoll. This was a wonderful celebration for these dedicated and hard-working students.

Forward movement was also seen in the area of technology. The Walpole Computer Foundation awarded JMS several grants this year. Thirty-two computers were purchased. This addition of computers will enable us to hook up too Ed-Line and provide Grade Quick. J.M.S. also received two projectors and four office licenses. A special thanks to the staff who wrote the grants and the Computer Foundation for awarding the grants.

Our sixth grade teachers ran another successful "Sneak Peek" Program for incoming sixth graders. This program is in its fifth year, which allows the students to spend two mornings in August, meeting teachers, learning how to find their way around the building and making new friends.

Our After-School program was successful. Over half of the JMS student body participated in a multitude of activities. These activities provide an outlet for children after school and allow them to interact with their teachers on a different level, strengthening their connection to school.

PAC funded many clubs, assemblies, incentives and donated time and effort in improving the quality here at JMS. The dedication and involvement of our parents does not go unappreciated.

<u>Boyden Elementary School</u>
--

1852 Washington Street South Walpole, Ma. 02071

Phone: 508-660-7216 FAX: 508-660-7217 www.walpole.ma.us/boyden/boyden

Michael J. Stanton, Principal

Boyden Elementary School enjoyed another memorable year in 2005. The year witnessed many changes, from the final completion of the schools renovation project to the enrolling of over fifty students new to the Walpole Public Schools. Throughout the year, the dedicated faculty and staff of Boyden Elementary School strengthened the relationship between home and school, and continued to sustain a quality of success consistent with the goals and expectations of the Walpole School System.

In January, Boyden Elementary School celebrated International Week. This was a special event where each classroom in the school adopted a specific country for a week. Students studied the culture, language, music, art, and history as appropriate for the grade level. Additionally, fourth- and fifth-grade students who participated in the National Geographics Geography Bee displayed their knowledge of national and world geography.

The month of February hosted the annual Boyden Staff Basketball Game. This fun-filled night was a collaborative effort between the Boyden PAC and staff which raised approximately \$2,400 for the school. Also, the schools Art room was transformed into the Serengeti ecosystem for the month. Students recreated the unique vegetation, fauna, and wildlife of this African treasure right in our school.

For the sixth April in a row, Boyden fifth graders participated in the Boston Athletic Associations Relay Challenge, highlighted with students crossing the actual Boston Marathon finish line. Boyden fourth graders put on another memorable Shakespearean performance, this time captivating audiences with a presentation of A Mid Summer Nights Dream.

In May, the letters Q and U were married in a kindergarten ceremony. This special event was attended by all of our kindergarten students and the ceremony was performed by the schools principal, Mrs. Evans. The 7th Annual Boyden Fun Run was hosted in June, with another active field of participants running. Students in third grade continued with the tradition of planting red, white, and blue flowers in their Garden of Hope. The Garden of Hope was created in honor of the heroes and victims of September 11th.

In June, our school community recognized and celebrated the lasting contributions and retirement of Mrs. Susan Evans as principal. Mrs. Evans had been the schools principal since Boyden Elementary School reopened in September, 1990. Over the past fifteen years, Mrs. Evans provided tireless leadership, dedication, and support to the students, staff, and parents of Boyden Elementary School.

In September, Boyden Elementary School welcomed fifty-five new students. The influx of new students increased our schools enrollment to 405. Class size in all of our fourth- and fifth-grade classrooms reached twenty-nine students. Upon returning for a new school year, students, staff, and parents enjoyed the finished product of the schools renovation project. Additionally, Boyden Elementary School received a notable accolade when recognized as the 58th best school in Boston Magazines Top 100 Schools in eastern Massachusetts.

The Boyden PAC did a wonderful job in organizing another successful Oktoberfest. In addition to raising over \$12,000, the event brought together Boyden family and friends for a day of memorable events and fun-filled activities. The PAC generously funded the purchase of over \$2,000 in leveled-texts that will help teachers and reading specialists to provide developmentally-appropriate stories for students of all abilities.

In November, the Walpole Computer Foundation generously supported the purchase of an interactive Smart Board for the school. This tool will help to bring the latest educational technology to students and teachers, while providing an excellent resource for educators to meet the needs of learners across all grade levels. Also, students and staff organized a special Fat Tuesday to celebrate our schools relationship with Florida Avenue Elementary School of Slidell, Louisiana. This day-long event raised over \$1,500 for our sister school, a school we adopted in response to the devastation caused by Hurricane Katrina. All students and staff members participated in this event and received special Mardi Gras beads to recognize their contributions and efforts on behalf of our friends at Florida Avenue Elementary School.

In December, Boyden Elementary School continued its efforts to assist its sister-school by hosting a special concert at Walpole High School. Our Tribute to America concert was a magical night where K to 5 students sang songs of patriotism and compassion. The high schools auditorium was filled to capacity and the donations collected that night allowed our school to forward a check to Florida Avenue Elementary in the amount of \$2,819. The principal of Florida Avenue Elementary School informed us that our donation will be used to purchase much-needed playground equipment and recess supplies, since all such paraphernalia was lost as a result of Hurricane Katrina.

The Governance Council designed a School Improvement Plan which focused on four goals: prepare a mentoring guidebook for staff new to Boyden; utilize more completely the schools computer equipment and software; maximize students potential for increasing content reading skills; and assess and support the wellness and safety of students and staff. The Boyden staff continued its efforts to meet and exceed expectations by working with parents to provide students with a variety of activities. Without the dedicated and generous support of our PAC and parent volunteers, the ability to provide quality enrichment activities and in-class volunteer support would be greatly diminished.

The year 2005 was productive for Boyden Elementary School in meeting the ever-changing needs of the community it served. Special note should be taken of the contributions made by the dedicated staff and the wonderful parents volunteers and PAC. By focusing on meeting the needs of all students, Boyden Elementary School continued to sustain and grow its commitment to academic excellence.

ELM STREET SCHOOL

415 Elm St. Walpole, MA 02081 508-660-7374 FAX: 508-660-7379

grinavic@th.walpole.ma.us

Mary Grinavic, Principal

Elm Street School is a wonderful community of children, families and staff. We are one of four K-5 elementary schools in Walpole. Additionally, the Daniel Feeney Preschool Center is housed in a wing of our building.

Our primary mission is to create an environment that values learning, achievement, compassion, and a cooperative spirit. We work to develop a strong school spirit and a positive partnership with parents and the community. Additionally, we work to ensure a successful transition for each child, family and staff member. Excellence at Elm Street School is our goal.

HISTORY

The building originally was built by the Christian Life Center. This community housed a church, offices, childcare program, school, and athletic complex. For a variety of reasons, this organization moved and the property and buildings were purchased by the town and renovated as a school space. In 1998, the Integrated Preschool Program of the Walpole Public Schools moved into the former Athletic building. In 1999, all of Walpole's Kindergarten programs were moved into the former Sanctuary building (after some construction).

A two-year construction project was implemented and completed in September 2004. This included a new addition as well as complete renovation of existing space. The result is a large, superb facility housing 28 classrooms, as well as rooms for Art, Music, Reading, Special Education, and Guidance. There is a full kitchen, which provides lunch for students and staff, in the newly renovated Cafetorium. The magnificent gymnasium continues to be regarded as the "best gym in Walpole." The Media Center and Computer Lab are fully equipped. As a result, that September, Elm Street School was reconfigured as an elementary school serving children from preschool to grade five. Current K-5 enrollment is about 437.

Children must be 5 by September 1 to be eligible for Kindergarten. The school committee adopted a policy in the Spring of 2000, which mandates that children must be age 6 by September 1 to be eligible for Grade One.

The Preschool Program, which is housed in one wing of our building, was dedicated and named "The Daniel Feeney Preschool Center" this October, in honor of the former Assistant Superintendent of Schools. A "standing room only" dedication ceremony was held October 2. The program, which currently enrolls 78 preschoolers, also received accreditation this year from the National Association for the Education for Young Children.

Walpole's Public Preschool Program began in Walpole in 1975 and had been housed in a variety of locations before moving to the newly opened Elm Street School in September, 1998. This program is offered to children from the community, ages three to five. Seven sessions are currently offered. A maximum of 15 children are enrolled in each class, which includes a blend of children with

special needs (as defined through Ch. 766, the special education law) and children who have their own individual needs and strengths. Walpole's first preschool program was offered in 1975. The school system is required by law to provide appropriate services to preschoolers with special needs upon their third birthday. The prediction of numbers of children requiring service is impossible to forecast accurately. At any time, the number of future referrals, combined with the number of children moving into Walpole with existing legally binding Individual Educational Plans, is unknown until it occurs. Enrollment of children without special needs is tuition-based.

FAMILY INVOLVEMENT

Communication between the school, staff, and families is an ongoing endeavor. It is essential that staff and families work together to share information and resources, as well as ideas and concerns, in order to create the best possible program for each child. Families are encouraged to become involved at Elm Street School in a variety of ways, including: classroom volunteers, Parent Advisory Council, special projects, school/family conferences and family events. The Parent Advisory Council is an active, vital organization which meets monthly and serves to help parents learn about curriculum and other school functions, as well as conducting important fundraising efforts to help financially support school activities. Activities have included the Fall Ho-Down, development of the Friendship Directory, selling “Elm Street School” clothing, funding of Cultural Arts activities and support of Field Day. Volunteers also coordinate valued programs such as “What’s It Like?” and the Docent program. Other school-wide programs, which involved staff and families, have included: Reading Incentive programs, Math Marvels, International Weeks, Acts of Justice & Kindness, and Elm Street Excellence Awards.

In addition to elementary school activities, Elm Street School is host to a variety of High School Sports, as well as the site of many community-based sporting events.

COMMUNITY PARTNERSHIPS FOR CHILDREN

Community Partnerships for Children (CPC) is a program that was created by the Massachusetts Legislature in 1994 and is funded by grants from the state Department of Education. The Community Partnership Program is based at Elm Street School. Primary activities include a tuition subsidy program for working parents of 3 and 4 year olds, staff and parent education programs, and community events such as Parent Child Activity Workshops, Preschool Hearing Screenings, and Family Festival at Bird Park.

THE TEC COLLABORATIVE PRESCHOOL

This year Elm Street School welcomed the preschool program of The Education Collaborative, a 12 town consortium. This program rents space in our school, but its students and staff are part of our community. This program enrolls six students with significant special needs.

SUMMARY

Although there have been many changes at Elm Street School, the primary goal remains unchanged. We continue to work to make education a positive, enriching experience for children and families, and to hold high standards for all. We are developing into a strong community of learners and will continue to support one another as we face the future together.

Elm Student Art Work

Old Post Road School

99 Old Post Road East Walpole, MA 02032 FAX: 508-660-7219 Web Site: <http://opr.walpole.ma.us>

In 2005 the Old Post Road School (OPR) community continued to learn and grow in a very positive and vibrant school climate. Students were exposed to many programs that enhanced their own understanding of their world in Walpole as well as their lives as citizens of Massachusetts and the United States. Time was spent in all classrooms on citizenship and what it means to be an American in the global family of nations. Through these experiences, it is our sincere hope that we are preparing students to be positive and caring citizens.

Students put their understanding of citizenship to good use in several programs to assist their fellow man. After the devastation of Hurricane Katrina, Old Post Road School children went to work to raise funds for the American Red Cross. Students set up lemonade stands and neighborhood bake sales. An OPR fourth grader, Alexandra Morris, organized a grade level ‘jump rope-a-thon’ which had many students raise money through sponsors as they jumped rope. When all was told, with the help of an outside business that matched our donations, OPR students and families raised over \$20,000 to help victims of this terrible devastation. The fourth graders also continued their relationship with St. Jude’s Hospital research as they raised over \$4,000 through a ‘math-a-thon’ for cancer research. Families participated in the ‘Coats for Kids Program’ as they contributed used coats for the needy in our state. Prior to the holidays, OPR families contributed a great deal to our annual Giving Fund under the direction of our wonderful School Nurse, Gerri Polo. Finally, fourth-grade teacher Brian Larkin worked closely with the Attleboro Department of Social Services (DSS) to help children in need during the holidays. Over 300 gifts were presented to DSS representatives during a December assembly. All of these efforts helped our students understand the importance of sharing, especially with those that are less fortunate and needing a ‘helping hand’.

During the fall, all students began learning from new Social Studies materials and programs. Programs were adopted at each grade level to match our curriculum as well as the Massachusetts Frameworks. Students have learned about map skills, civics and government, the history of the United States, Massachusetts and Walpole, ancient civilizations, and the American Revolution. New texts have been coupled with a large amount of associated materials and A/V programs to enhance learning in this important area. Teachers have participated in staff development programs that have greatly assisted in the implementation of this new curriculum.

In their second year back from Elm Street School, our Kindergartners reported to school in September ready for a great year. We welcomed over eighty Kindergartners in two half-day and two full-day programs. Students quickly learned about their school as they explored our wonderful library, Art and Music Rooms, and gymnasium, in addition to their rooms, through following clues left by a mysterious ‘Gingerbread Man’.

First graders were busy discovering their Social Studies program, as they enjoyed learning about people everywhere and where we live in the world. They also began learning through a new Spelling program called Rebecca Sitton Spelling. This program, used at the first and second grade levels this year, allows students to learn spelling words in context and especially in their daily writing. In September, the first graders traveled to the Big Apple to learn about how apples are grown and harvested. A visit from the Walpole Fire Department, always a great hit, culminated lessons on safety in the home and school.

To commemorate Thanksgiving, the second grade classes reenacted the first Thanksgiving. Children played the roles of Pilgrims and Native Americans and visited each other’s classrooms. They shared games and performed stories from the Pilgrim’s times.

Third grades implemented the new Social Studies curriculum, which involves an in-depth study of the history of Massachusetts with emphasis on the community of Walpole. To learn firsthand about the town’s history, all third grade classes went on a bus tour of Walpole narrated by Tom Morris, Social Studies Department Chair. As a follow-up activity, Chauncy Smith and Joe Morgan, two well-known Walpole community members, came to address third grade students and shared personal experiences about the history of the town. Another important event was a trip to the Museum of Fine Arts, which serves as a culmination of our Docent Program. The children saw the original paintings that they had learned about throughout this wonderful parent-run program. Third graders worked very hard to continuously grow and succeed in all curriculum areas.

Fourth graders enjoyed a visit from Channel 5 Meteorologist, David Brown, as he spoke about weather and how the weather segment of the news is created. It was a great culmination to a large unit which was done on climate and how weather impacts our lives. In the spring many fourth graders were involved in a talent show in which singing, playing instruments, and dancing were all featured. Students continued their study of United States and its regions as they explored business and industries of regions, landforms, and how regions are interrelated.

Fifth grade students continued to work on research skills and presenting what they have learned. Research projects included: biographies of well-known poets, projects on the original thirteen colonies in which students needed to convince other colonists (classmates) to come to their colony, and information on extinct animals. Their final projects and presentations were quite unique as students presented in many different manners and media. Science classes took a field trip with Principal Stephen Fortin to the Neponset River which students found to be both interesting and informative. For a culminating activity, they created a project demonstrating what they had learned. Integrating technology into the curriculum was a continued focus. The students created databases on explorers in Social Studies, spreadsheets in Math, and learned to use several different search engines for research. Many activities took place in the spring, including a field trip in which they explored the Boston Harbor on a sightseeing boat, which enhanced our study of the revolutionary period. Finally, fifth graders participated in our annual "Math Day in Bird Park" in which students participated in fun activities designed to further their math skills.

The Art Program continues to encourage students to be creative, while developing skills and learning new techniques using a variety of art materials. Art lessons make interdisciplinary connections as students learn to use and build on their visual arts vocabulary. The Art Program stresses self-expression, imaginative and critical thinking, and the use of problem-solving skills. All Art lessons addresses the Massachusetts Visual Arts standards. During the last part of the year, students in fourth grade have been researching, planning, and painting a large-scale mural of a tropical rainforest in the fourth grade hallway. This mural represents many hours of hard work and a great deal of creative effort.

The Music Program continued to be enjoyed by all. Our School Chorus performed in our annual staff basketball game, before the Providence Bruins in February, as well as before a Pawtucket Red Sox game in June. The Chorus continued to visit the Town Hall, the Senior Center, and Barnes & Nobles in December to fill the halls with beautiful holiday carols. Classroom programming continued to be very strong as the enthusiasm for singing and playing Orff instruments remains very high. Instrumental lessons with many instruments continued to be very strong. Our Spring Concert and the strings demonstration at Walpole High School were very successful.

In the Physical Education/Health Program, our focus has been on motor and skill development in the lower grades. In the upper grades, students have been developing game skills and finished the year with our first annual handball tournament. All students have worked very hard to cooperate and accomplish tasks as individuals as well as group members. Thanks to the tremendous assistance of parents and staff, Mrs. Shuhwerk, our new PE teacher, ran a terrific field day in June.

Throughout the year, the Playground Committee, consisting of a group of parents and the principal, continued to fundraise to improve the playgrounds. In January, many OPR staff participated in our annual staff basketball game, which was viewed by over 500 students and parents. This endeavor raised over \$4000. In May, on a cloudy and cool Sunday afternoon, we held a fun run throughout the streets of Meadow Ridge and a 'cow flop' contest. This day's activities raised over \$10,000. As a result, students welcomed great new playground equipment in our rear playground. All have greatly benefited by the hard work of this group. Our students and staff greatly appreciate their work.

Our OPR parents continue to bring us two very terrific and unique programs in our "What's It Like" Disability Awareness Program and our Docent Program in which students learn a great deal about the world of impressionist painting. Both of these experiences prepare our students for the world in ways that most adults do not have exposure. They learn and appreciate so much through these programs that are truly unique to Walpole Public Schools. Other parent-run programs and events continue to draw much acclaim. Our annual Back-to-School Ice Cream Social brought over 1000 ice cream lovers together for an evening of fun. Our Gingerbread Bazaar in December was a great success as many families and even returning high school alumni enjoyed the festivities. Our Math and Science Nights were very well attended as children and their parents enjoyed activities and problems that they solved through their mutual efforts. These activities and programs could not be as successful as they are without the efforts of many who work extremely hard for our students. All in the community greatly appreciate these endeavors.

The 2005 year was one of great success and positive experiences of all. We continue to grow as new families move into the OPR school community. The more than 500 students that we welcomed in September grew by quite a few more throughout the fall as new children enrolled. We hope that OPR is a wonderful school to learn and grow in as all work very hard to build success into each and every child's learning experiences here. The foundation that the students build in OPR will hopefully lead to outstanding experiences as students become community members in Walpole as well as citizens of Massachusetts and the United States.

FISHER SCHOOL

65 Gould Street, Walpole, Massachusetts 02081

508-660-7234 Fax: 508-660-7233

E-Mail: fisher_school@yahoo.com

Fisher School enrolls over 450 students in grades kindergarten through five and is committed to improving academic achievement and sustaining an environment conducive to positive social and emotional growth. The full inclusion of all students in all aspects of the school community is a priority. For the second year, Fisher School hosts a class from The Education Cooperative for students with severe special needs. There are also six classrooms that include students from the other three Walpole elementary schools. Within each of these classrooms, co-taught by regular and special educators, students benefit from specialized instruction, classroom

accommodations, and curriculum modifications, which afford them the opportunity to make effective progress. Fisher School again provides two full day and two half-day kindergarten classes. One of the full day kindergarten classes is a co-taught model which offers a classroom teacher and special educator that serves students with special needs who may have been otherwise placed in out-of-district settings. Incorporating this model of instruction within our elementary school is an efficient means to provide otherwise costly services within the district. The benefits of all children learning from each other are immeasurable.

Teachers continue to assess student progress and revise instruction using differentiated strategies. Each child's learning style and progress in the curriculum is used as a starting point for instruction. Analysis of 2005 MCAS scores indicated a need for additional reading support for those students who did not perform at the Proficient level. Fisher School currently has one full time and one part-time reading specialist to support students and teachers. Math instruction addressed the need to improve problem-solving and measurement skills. All teachers are emphasizing strategies to improve our students' performance in open response questions. The teaching staff continues to analyze the data that the Developmental Reading Assessments and MCAS yield, subsequently revising instruction. Fisher School staff seeks improvement in all areas of assessment, concentrating on open response questions and essay writing in all curriculum areas.

Several programs were continued to promote academic achievement. A revised social studies curriculum, aligned with the Massachusetts Curriculum Framework, was implemented in September 2005. The Rebecca Sitton Spelling Program, which reinforces the importance of correctly spelled high-frequency words across all curricula, expanded to include grades 1-5. The National Geographic Geography Bee in grade 5 provided another means for students to expand their knowledge. Our annual Math Marathon program encouraged all students to improve upon prior performance by establishing a goal for "personal best" and persevering to achieve or surpass their goals in math fact recall and problem solving. Looping classes continue to validate the importance of a teacher and students working and learning together for two years.

For the fourth consecutive year, budget reductions have had a direct impact on health instruction, class size, and maintenance of the physical plant. Physical Education, Guidance, and Nursing staff has taught wellness lessons in addition to their primary responsibilities. Integration of technology in curriculum has been hindered by the reduction of Technology Specialist Support hours and the continued reduction of the Media Specialist to half time. Fisher School and Elm Street School share both personnel; therefore, library time for learning research and media skills, and support for staff have been negatively impacted at both schools.

Fisher School received substantial financial support from the **Parent Advisory Council**, **Walpole Computer Foundation**, and the **Walpole Education Fund** that addressed our school goals. All three committees provided resources to increase the availability of technology to students and staff as well as provide specific learning materials to enhance instruction. The Parent Advisory Council (PAC) at Fisher continues to be strongly supportive of the educational process. Their fundraising efforts have purchased batteries and software, books for the Media Center, and major renovations to the playground. This past year a major fundraising effort will provide two new playground areas that will be completed in the summer of 2006. The PAC also purchased new books for the leveled Book Room and classrooms, funded cultural arts programs, and supported many other student activities. Their volunteer time has provided valuable learning experiences for the students through Docent, Reading Incentive, Holiday Sing-A-Longs, What's It Like?, Family Math and Science Nights, and Nature Trail lessons. Many parents volunteer weekly in all areas of the school, which enables a productive learning environment for students and staff. The Walpole Computer Foundation purchased an interactive "Smart Board" and projection system as well as a portable bar code scanner that enables students and staff to borrow books from the Media Center and the Book Room. Without the generous support of these organizations, we would not be able to continue many of our instructional programs.

In addition to their work at school, many staff members participate in curriculum task forces and are enrolled in graduate programs leading to masters' degrees and beyond. Their commitment to life long learning enhances their work with colleagues and students. Although the funds for professional development were eliminated from the FY 06 budget, the staff at Fisher School has demonstrated their commitment to improving

their skills by sharing their expertise with colleagues during staff development and in-service days. Training sessions in technology, spelling, math, social studies, and LINKS strategies were provided by teachers for their colleagues as well as a district-wide program for Differentiated Instruction. All staff members are committed to improving student achievement by providing specialized programs of instruction and ensuring the safety and security of all students in order to achieve academic and social goals at Fisher School.

Wickham, Ashley	Tufts University
Yakas, Thomas	Bentley College
Yerganian, Julie	University of Chicago

Those receiving Rogers Scholarships are:

Tripp, Adam	Rhode Island School of Design
-------------	-------------------------------

MODERATOR

15 Pelican Drive, Walpole, MA 02081 (508) 668-4073)

The Town Moderator, elected annually, presides over the Representative Town Meeting, which meets in May and October, as well as other Special Town Meetings, which may be called. The Town Meeting, one of the purest forms of democracy in the Western hemisphere, remains unique to New England. Its roots can be traced back to medieval England. In colonial days, attendance at Town Meeting was required.

For more than 30 years, Walpole has had a Representative Town Meeting, which consists of 150 duly-elected members, representing the Town's eight precincts. It has developed its own rules applying to the conduct of the Representative Town Meeting Members and uses "Town Meeting Time" a handbook of parliamentary law.

The duties of the Moderator are to preside and regulate over the Town Meeting, decide all questions of order, publicly declare the vote and administer the oath of office for any town office or committee during the Town Meeting itself.

The Moderator also appoints individuals to serve on the Finance Committee, Capital Budget Committee, Personnel Board and the Building Maintenance Advisory Committee.

As part of my goal to provide the best service to the Town of Walpole as Moderator, I joined the Massachusetts Moderator Association (MMA) in 2005. As the name suggests, this is an organization devoted to enhancing the skills and professionalism of Moderators throughout the Commonwealth of Massachusetts. I attended the MMA annual meeting in November 2005, which included a workshop specially designed for new moderators. I am also a member of the City Solicitors and Town Counsel Association, the organization of attorneys who represent cities and towns as part of their law practice. Membership in this organization will also enhance my service to the citizens of Walpole as Town Moderator.

Anyone interested in serving on any of the committees named above should contact Moderator Jon Rockwood.

SENATOR JAMES TIMILTY

Last month marked my first year in office as your State Senator. I have been blessed to meet so many of you to discuss local and state policies at the Country Kitchen, Town Hall, the train station, in my Senate office, even at places like the post office and the Stop & Shop. I have listened intently, and I have worked every day to deliver your message and fight for your needs every day here in the State House.

The year began with a flurry of activity as I was appointed Chairman of the Joint Committee on Municipalities and Regional Government, and the Vice-Chairman of Tourism, Arts, and Cultural Development. I also serve on the Transportation, Elder Affairs, and Community Development Joint Committees. My hopes are that my work on these key committees will prove beneficial in terms of job creation and bringing resources to the district.

I am pleased to report that the Massachusetts Senate has put forth a host of laws and initiatives that are aimed at making the lives of Massachusetts residents better. Let me share just some of the highlights of 2005.

The 2005 state budget was centered on investments to local aid, education, health care and public safety as the Legislature took the lead in restoring some of the painful cuts in state aid from the previous years.

I am proud to have delivered increased aid to Walpole in 2005, but I know that we need to do more provide Walpole and other communities with adequate local aid. I fought for and received the \$500,000 in mitigation money for hosting Cedar Junction Correctional Institution vetoed by the Governor in 2005. This item is essential to the town of Walpole, as it allows the town to operate without making significant layoffs, and cuts, and I hope to strengthen aid in this area in the upcoming budget. Other important issues will continue to be addressed throughout the Legislature's work in 2006, including much anticipated reforms to the Chapter 70 education aid formula to address the inequities in the current law.

Addressing the specific concern of higher winter fuel costs, Legislature passed the "HEAT" law. Through incentives, tax credits, and a \$20 million investment in energy assistance for low income residents, the citizens of Massachusetts will be able to find some relief from rising natural gas and oil costs while also promoting energy efficiency.

In addition to the HEAT law, I worked with my colleagues in the Senate and the House to help ease the financial burden on seniors the grappling with rising property taxes while living on fixed incomes by passing legislation expanding senior "Circuit Breaker" tax credit and locally approved tax deferment eligibility. This law will help seniors, most of who live on fixed incomes, make ends meet.

In the forefront of all of our minds are the brave men and women who have answered the nation's call to duty at tremendous emotional and financial price for them and their families. As part of a continuing effort to recognize Massachusetts Veterans, I co-sponsored the Welcome Home Law. I worked to pass this legislation to place Massachusetts at the forefront of states that provide benefits to our veterans, our men and women still protecting our nation, and their families here at home.

I led the successful efforts bring film and television business back to Massachusetts as the lead sponsor of a motion picture law. This new law will bring millions of dollars in revenue and promote jobs and tourism in our state that had previously gone to competing states by reducing the cost of filming in Massachusetts.

I have also worked to bring new proposals to the legislature that will benefit a wide range of people across the state. I have begun working with the Massachusetts Melanoma Foundation, the Massachusetts Academy of Dermatology, Dana Farber, and survivors of melanoma cancer to develop comprehensive legislation addressing the increasing number of Melanoma cases in the Commonwealth and the deadly effects of sun exposure through education and prevention. I also crafted legislation entitled "Statewide Senior Safety Zones" that will lower the speed limit around Senior centered developments and make it safer for their travel. In addition we filed legislation titled "The Call Center Consumer Disclosure Act" to protect consumers from call centers based outside of the United States.

One area I have focused on is public safety. Currently I am working with law enforcement officials to develop comprehensive legislation that will create a Pawn Shop database in an effort to decrease theft and increase the percentage of "stolen goods recovery." I also worked to protect local police by voting for financial assistance to local police departments to replace defective bullet-proof vests.

For the town of Walpole, I have worked closely with local officials and our neighbors on issues such as the use of the Bird Machine property, the Bullard Street Bridge project, as well as the Route 1A/Winter Street intersection.

As the State Senator of Bristol and Norfolk, I have the great honor and privilege to represent you in the Massachusetts State Senate. I feel honored to be your voice on at the state level, and do know that I am working hard to advocate on your behalf.

<u>REP. JOHN H. ROGERS</u>

12 th Norfolk District Walpole Precincts 1, 2, 6, 7 and the Town of Norwood Phone 617-722-2600 Email Rep.JohnRogers @hou.state.ma.us State House Room 370, Boston MA 02133-1020
--

State Representative John H. Rogers resides with his wife Brenda and daughters Abigail and Katherine in Norwood where he is a lifelong resident. He graduated cum laude from Brandeis University in 1987 with a Bachelor of Arts Degree. In 1992, he received a Juris Doctor from Suffolk University Law School and also studied at the University of Galway Law School in Ireland. He was first elected to the Massachusetts House of Representatives in November of 1992.

Having served as Chairman of the House Ways and Means Committee since January 2001, Rep. Rogers was then named the House Majority Leader in January of 2005.

Rep. Rogers actively works to obtain state funding to provide improvements to the infrastructure of Walpole and is pleased that many of these projects have been brought to completion during the past year. 2005 saw the opening of the new MBTA lot on Route 27 providing an additional 200 parking spaces as well as lighting, landscaping and accessibility improvements. The newly renovated East Walpole Fire Station reopened in September utilizing the \$500,000 earmarked in the 2005 Supplemental State Budget for fire safety in East Walpole. As we enter the new year, the construction phase is about to begin on the revitalization of East Walpole made possible by the one million dollar PWED grant – a grant which Rep. Rogers worked tirelessly to secure for over 18 months.

The FY 2006 state budget provides Walpole with \$4,500,224 in Chapter 70 aid, representing \$50 per pupil increase from the previous year, \$883,775 in Additional Assistance and \$1,888,950 in Lottery Funds. For the third straight year, Rep. Rogers and the Walpole legislative delegation delivered state prison mitigation funding of \$500,000 to Walpole in recognition of the burden that MCI Cedar Junction places on the town.

Rep. Rogers played an instrumental role in securing the passage of legislation that preserved and reformed the Massachusetts School Building Assistance program. This landmark legislation has enabled Walpole to receive state reimbursement on both the Elm Street and Boyden School projects six years earlier than originally planned. To date, the town has received \$9,118,220 reimbursement for these elementary schools.

This past year, Rep. Rogers was honored to receive many leadership awards. The Massachusetts Silver Legislature named him Massachusetts Legislator of the Year “in recognition of his outstanding service to the elderly of the Commonwealth.” The Massachusetts Chiefs of Police Association recognized Rep. Rogers for his “faithful and determined support for the funding needs of municipal police training.”

Rep. Rogers greatly enjoyed accompanying the World Series Trophy to Walpole High School on Saint Patrick’s Day and sharing in the celebration of Walpole’s citizens young and old as they proudly posed for pictures with the trophy.

STATE REPRESENTATIVE ROBERT K. COUGHLIN

State House, Boston, MA 02133 Rep.RobertCoughlin@state.ma.us
617-722-2320 or 781-320-0222 (district office)

Robert K. Coughlin is a second-term State Representative and lifelong Dedham resident. This legislative session, Bob serves as Vice Chairman of the Joint Committee on Revenue (formerly the Committee on Taxation). He was also named a member of the Financial Services Committee and the Health Care Finance Committee.

The 2005-2006 session started out strong and Bob has been busy. The Revenue Committee tackled corporate tax loopholes, raising \$85 million in additional revenue for the state. The committee crafted legislation to lure filmmakers back to Massachusetts and continued a popular sales tax holiday program. Bob lobbied hard for the legislature to abandon plans to retroactively tax capital gains and refund taxpayers money instead. That proposal became law late last year.

The legislature also passed a fiscal year 2006 budget that moves toward bringing local aid levels back to where they were before the latest recession, and a capital supplemental budget that takes care of long-delayed infrastructure improvements.

Bob filed a bill, on behalf of Town Administrator Michael Boynton, to exempt local police and fire apparatus from state bidding laws and welcomed Walpole officials at a hearing on that bill in July. Bob worked with the other members of the Walpole delegation to push for municipal fuel and energy relief and request speedy reconstruction of the Bullard Street Bridge. He lobbied on behalf of town officials in support of changing the way charter schools are funded and encouraging good nutrition in children.

Looking ahead, Bob will continue to work for additional senior tax relief, comprehensive health care reform and local aid. He urges Walpole residents to contact his office with their concerns.

Before joining the legislature in 2003, Bob served on the Dedham Board of Selectmen and School Committee. Currently, he is a principal at a management consulting firm and has donated his time as a trustee at the Beth Israel Deaconess Hospital in Needham and the Massachusetts Maritime Academy. He is on the Leadership Board of the Cystic Fibrosis Foundation and is the honorary chair of the CF Walk in Dedham. Bob was named as one of the Boston Business Journal's 40 Under 40 Rising Stars in 2005.

Bob and his wife Christine live in the Oakdale area of Dedham and are the proud parents of MaryKate who is 8, Paul who is 6 and little Bobby who is 3.

REPRESENTATIVE LOUIS L. KAFKA

Representative Louis L. Kafka is in his eight term serving the 8th Norfolk district, which includes Sharon, precincts 2, 3, 4, and 6 in Stoughton, precincts 3 and 4 in Walpole and precinct 4 in Mansfield. A graduate of the University of Miami, he holds a J.D. from the New England School of Law. During his tenure, the Representative has served on the Joint Transportation and Insurance committees and currently sits on the House Committee on Ways and Means, the Joint Committee on Consumer Protection and Professional Licensure and the Joint Committee on Public Service.

Highlighting his legislative career to date, Representative Kafka was chosen to receive the 1993 Legislator of the Year Award by the Environmental League of Massachusetts for his sponsorship and advocacy of a bill banning phosphate-based detergents from supermarket shelves, thereby protecting lakes and great ponds. Additionally, the Representative has sponsored bills that protect the rights of mentally retarded citizens purchasing life insurance, provide for the recycling of mercury-containing lamps, and allow the sale of kosher wines on Sundays. During the 1999-2000 legislative session, Representative Kafka was the lead House sponsor of the Diabetes Cost Reduction Act, providing for insurance coverage of diabetic home monitoring supplies and education programs, and successfully sponsored legislation requiring independent review of condominium financial reports. Representative Kafka has also successfully secured funding increases for nursing homes which prepare and serve kosher meals to those residents who observe Jewish dietary laws. Recently, the Representative, who sits on the Joint Committee on Consumer Protection's Subcommittee on Identity Theft, has been working with other Committee members to compose legislation to help prevent this particular type of crime from occurring. In addition, he is currently working to draft compromise legislation between Massachusetts architects and interior designers regarding health and safety issues for professional licensing. Representative Kafka also recently met with Walpole town officials and representatives from the Massachusetts Highway Department to discuss the prompt reconstruction of the Bullard Street bridge and dam.

A native and long-time resident of the town of Sharon, Representative Kafka now resides in Stoughton with his wife, Anita. They have three children and three grandchildren. The representative has been involved in many community groups and activities over the years including the Sharon Rotary Club, Sharon and Stoughton Democratic Town Committees, the Sharon High School Athletic Boosters and the Sharon Fourth of July Committee. He has sincerely enjoyed working with the other members of Walpole's legislative delegation and looks forward to further collaboration on behalf of the town.

REPRESENTATIVE RICHARD J. ROSS

State House, Room 237 Boston, MA 02133

Phone: (617) 722-2305 Fax: (617) 722-2598 Richard.Ross@state.ma.us

Representative Richard J. Ross is beginning the second year of his first term in the House of Representatives. He represents the 9th Norfolk District, which includes Precinct 5 in Walpole, Precinct 3 and 4 in Medfield, Precinct 1 in Millis and Wrentham, Norfolk and Plainville.

The past year has been very productive for the Representative and his district. Legislative accomplishments include recalling retroactive capital gains tax bills and rebating money to thousands of Massachusetts taxpayers, helping more seniors become eligible for the circuit breaker tax credit by raising the bar at which the value of a home is assessed to \$600,000 and creating a new system for increasing that amount every year to account for rising property values, protecting motorists and families by approving tougher penalties for repeat drunk drivers and new penalties for individuals who knowingly lend a vehicle to a repeat OUI offender and encouraging economic development by supporting expedited local permitting, a legislative proposal that would allow communities to opt-in to specific sites for development rather than the entire city or town.

Another legislative accomplishment for Representative Ross' district and the region, as a whole, was the renewal of the simulcasting racetrack law, which was set to expire December 31, 2005. In addition to renewing the law for 90 days, Representative Ross fought hard to make sure that the law would not give unfair simulcasting rights to the Raynham-Taunton track and the Brockton Fair.

Representative Ross has also assisted the citizens of Walpole by working with property owners that reside near the Route 1A/Winter Street intersection and the Massachusetts Highway Department (MHD). In addition, Rep. Ross has met with South Walpole residents to discuss the use of the Bird Machine Property and he has worked with the other member's of the Walpole delegation on the Bullard Street Bridge project.

Representative Ross, along with the bipartisan Walpole delegation, also helped to secure \$500,000 prison mitigation money for Walpole in the FY'06 budget.

Representative Ross is a lifelong resident of Wrentham and his public service includes serving on the Wrentham Board of Selectmen from 1999-2003. He is President of RJ Ross Funeral Home in Wrentham, Massachusetts. He is married to Susan Andrews Ross and they have three children, Maeghan, Chase, and Chandler.
